**Opening Address**

**Senator Charlie Shields, President Pro Tem  
First Regular Session, 95<sup>th</sup> General Assembly  
January 7, 2009**

Lt. Governor Kinder, members of the Missouri Senate, our families, friends, and people of Missouri:

I thank the Senate for your confidence and the honor of leading this great institution. A special thanks to the senator from St. Clair and the senator from Cole, two colleagues that I have worked with my entire legislative career. I would also like to recognize my wife Brenda, who without her patience, support and most of all - really sound advice, I would not be before you today. Also with me are my sons, Brandt and Bryce, who it seems both grew up in this capitol, and my parents, Charles and Rosalie Shields. I also want to recognize Judge Dan Kellogg. Judge Kellogg and I ran against each other for the Missouri House in 1992. We emerged from that campaign as friends – not something you see very often in today’s political world. And I thank all my friends from St. Joseph who made the trip to our capitol to join us today.

Today, we begin this legislative session in what most would describe as “interesting times.” Our state is in a difficult financial situation. The good news is that because of our decisions in the past, we are financially better off than most states. Despite that, our new governor, the House of Representatives and the Senate will be making difficult decisions in the next four and half months to meet our mandate of a balanced budget.

I believe our task at hand is to learn from our current challenges to create a plan to sustain economic prosperity and a high quality of life for Missourians for years to come. While our current financial situation creates difficult choices, it also creates opportunities. I was recently at a conference where David Holl, president and CEO of a Fortune 500 company, made this statement, “Never let a good financial crisis go to waste – use it to make the difficult decisions that you refused to make when times were good.” Like Holl, we have the opportunity to use this crisis to make difficult decisions, but more importantly to focus on a long-term strategy to build the state Missourian’s want.

To accomplish this, we must first understand why we are in the situation we are in. Second, we must craft a vision of what Missouri can be. Third, we must create a road map of how we are going to get there. And last, we must constantly measure ourselves against our vision to know if we are on the right track. We must do all this, knowing that term limits will remove most of us before our vision is realized – that’s why it is equally as important that we commit to the process as much as we commit to the vision.

We all know the situation that Missouri is in: tough economic times, difficult problems with urban education, a disorganized system of higher education, children entering school not ready to learn, a budget that continues to grow despite our best efforts, and more and more Missourians without health insurance. So how did we get here? W. Edwards Deming, considered the father of the modern quality evolution, said this with regard to struggling businesses, “Your system is perfectly designed to give you the results you are getting.” To translate that to state government, all of our collective decisions of the past, Republican, Democrat, House, Senate, Executive Branch and the Courts have brought us to the place we are today. Our system has given us the results we are getting. In short, we are a \$23 billion organization without a long-term vision and operating without the benefit of a strategic plan.

So what is our vision of a better Missouri? Most would argue that it centers on economic prosperity and opportunity for our citizens. Almost all indicators of quality of life, educational opportunities, health status and the ability of one generation to succeed more than its previous generations evolve around economic opportunities for our citizens. Missouri ranks 33<sup>rd</sup> in the nation in median family income. In higher education, we rank 30<sup>th</sup> in the number of our 25-34 year olds with a degree past high school. In health status, Missouri ranks 38<sup>th</sup> in the nation.

In all these rankings, Missouri is close to the middle of the pack of our nation’s states. The question for us is, do we have to stay there? I say no. I ask everyone in this chamber, why can’t we be a top-ten state in family income? Why can’t our young people be among the most educated in our nation? Why can’t our citizens have healthier lives, be more productive and live longer than those of our neighboring states? The truth is that we can, and that should be the vision upon which we build our strategic plan.

So how do we become a top-ten state in these indicators? It comes down to three strategies.

The first strategy is to continue the work of the legislature and our previous governor to make Missouri a place where businesses can grow and thrive. We must continue to develop the tools to help our existing businesses grow and to attract new businesses that will bring jobs to our citizens. Programs such as the Quality Jobs Act that have added thousands of jobs to our economy, new programs such as those we crafted to attract Bombardier - although we didn't get that company - we sent a message that Missouri is open for business. We must work to make sure our regulatory environment is responsible to our natural resources, but doesn't become such a burden that it drives jobs out of our state. We must continue to maintain our litigation and workers' compensation policy that is fair and keeps jobs in our borders. We must build on these policies and create new tools to attract the jobs of the future.

The second strategy is to bring more people into health coverage. Missouri businesses cannot continue to bear the cost of providing insurance to their employees and also pay for the costs of the uninsured through their premium payments. Our state government will move from one budget crisis to another if we do not get a handle on the growth of healthcare costs. Simply put, we must begin to make serious strides towards moving our state's 700,000 uninsured into coverage. This cannot be done simply by expanding MO HealthNet. It can only be accomplished by working with employers, hospitals, physicians, insurance companies and our federal government to blend funding streams and create market incentives to bring these citizens into a rational healthcare system.

Our third strategy should be to build an educated workforce for our future. The correlation between the economic prosperity of a state and the level of education of its workforce is indisputable. Our state will never succeed if we cannot increase the educational attainment of our citizens.

According to the Lumina Foundation for Education, the United States for years led the world as the most successful and prosperous nation because our people had typically been the most educated. Our nation now ranks 10<sup>th</sup> among industrialized nations in the percentage of young adults with college degrees.

While the U.S. ranks 10<sup>th</sup> in the world, Missouri ranks 30<sup>th</sup> in the nation behind our neighboring states: Kansas, Nebraska, Iowa, and Illinois. Of the nations ranked, Mexico is on the bottom of the list, yet we have 47 counties in Missouri that have education levels below Mexico for young adults.

As a strategy, we must move more of our young people into an education experience past high school if we are going to compete with our neighboring states. But more importantly, we must do this if we are going to compete with the rest of the world.

This strategy is not just a higher education strategy; our work must take place along the entire spectrum of education. In the next two days, ten children will be born in St. Joseph, Missouri. Almost all of them are born in the hospital where I work. If nothing changes and past statistics hold true, only one of those ten children born in my community will hold a bachelors degree by the time they reach age 25. The other nine will not all get lost in higher education, they will get lost along the way. Two will fail because they didn't enter kindergarten ready to learn. Two more will get lost somewhere in elementary school, maybe because they don't have a parent who cares. Two will get lost in middle school, but will be promoted to high school because we will not know what else to do with them. We will lose two more in high school, because they simply won't see any reason to go to college. And of the last two that start college, one will drop out because they can't afford to continue. I said they are all born where I work, and often I walk down to the nursery just to look at them. The amazing thing is they all look like they have potential and at two days old, I can't pick the one out of ten that will succeed.

If we are to succeed in creating a more educated workforce, we must make changes in our education system from birth to higher education. Our early childhood education system needs to make sure every child enters school ready to learn by ensuring access to quality early childhood education and support for stay-at-home parents. Our elementary and secondary education system has to produce students who are capable of post-secondary education, and our higher education system has to realize the competition is not with each other, but with countries like India and China.

I have articulated a vision and the beginnings of a strategic plan to make Missouri an even better place to live, work and raise a family. However, the truth is that it can't be just my vision, it has to be a collective vision for our state, and it has to be implemented with a strategic plan, and it has to be constantly measured to know if we are on the right track. This work requires a dedicated group of individuals to help refine the vision, to help create the strategic plan, to help hold people accountable to make sure we reach our goal. I can think of no better group to do this important work than the 33 senators in front of me.

Each one of you represents 165,000 constituents who elected you to make a better Missouri. You come to this job with amazing backgrounds: lawyers, farmers, teachers, journalists, college professors, and business owners. You bring wisdom from every corner of this state. You are part of a body that is designed to sustain itself for centuries. And most of all, because I have had the opportunity to work with each of you, I know you have dedicated your life to making this state a better place.

You are the senior board of directors for our state who can move us from a short-sighted, reactionary organization to one with vision and purpose. Our challenge as the Missouri Senate is: assess the situation we are in, develop the vision of where we want to be as a state, create

and implement the plan for how we are going to reach our vision, and make sure we always measure ourselves against the goals and plans we have made. And we must do this in a process that can be sustained after we are gone from these chambers.

In conclusion, many will look at the times we are in and decide that our state is destined for failure and continued troubles. I look at these times and believe we have a unique opportunity to learn from the past and to set ourselves on a long-term plan to create a better state. To accomplish this, we must work closely with the House of Representatives and Governor-elect Nixon – our voters demand we work together and our success depends upon it.

Peter Drucker, the legendary management guru said, “The best way to predict the future is to create it.”

I look around this chamber and can’t think of 34 people who are more suited to create Missouri’s future.

Thank you.

Almighty God, as we travel today and this weekend help us to be mindful that what we do and say is a witness to our character and beliefs. Help us to spend time with our families knowing in the weeks ahead there will be less and less time for us to do that. “A New Day for Missouri”  
Inaugural Address of Jeremiah W. (Jay) Nixon  
55th Governor of Missouri  
January 12, 2009

•

Thank you, Justice Stith, for being here today.

Thank you, President Pro-tem Shields and Speaker Richard, for joining us as well.

Governor and Mrs. Blunt, thank you both for being here and for your years of service to the State of Missouri.

I welcome Senators Bond and McCaskill, the other members of our Congressional delegation and the members of the Missouri General Assembly who have joined us today.

I’m joined today by Missouri’s new First Lady and the love of my life, Georganne Nixon. And we’re proud to be joined by our sons, Jeremiah and Will, and the rest of our family.

And I thank all of you for coming out today.

Well, here we are. Together, in the heart of winter. Here from different corners of the state. From different walks of life.

But today we stand united – as much as any time in history. United as Americans. And as Missourians.

United by the common uncertainty of our future. Not knowing what tomorrow will bring.

Worried that this uncertain economy will mean that our children may not have every opportunity that we’ve had.

The challenges we face are historic. But so are the opportunities.

Ladies and gentlemen: Today marks a new day for Missouri.

Today, we make a fresh start. It’s a day on which we separate the shortcomings of yesterday from the hope of tomorrow.

Today, we stop thinking about what should have been. And we start creating the future we all deserve.

Today, we turn the page.

Together, we mark a new day for Missouri.

Here in the Show-Me State, we have honorable and hardworking people. Skilled and talented workers and craftspeople.

But too many Missourians can't make ends meet in the job they're in, can't find the job they want, or fear they may lose the job they have. Too many Missourians are working harder and harder, but are not getting ahead.

The current economic downturn has certainly made these problems worse, and immediate action is needed. But in tackling the problems of today, we must not lose sight of the longer-term challenge: to boldly move Missouri's economy into the 21st Century.

The world around us is changing, and it's happening quickly. The new economy is upon us.

The people of this great state have never waited for the future; we've always sought it out. We are a state born from pioneers and innovators.

In the 19th Century, Daniel Boone and Lewis and Clark helped pave the way for a new state to take its place in a still-imperfect nation. Their Missouri stories are now legend.

And at the start of the 20th Century, George Washington Carver, a young man born into slavery, forever changed the agriculture industry for the entire world.

We have a history of overcoming adversity with innovation. And just as our forebears inspired a nation by settling a new land west of the Mississippi in the first days of the 19th Century, so today Missourians must lead our nation by seizing the new opportunities of the 21st Century.

Here in Missouri, we will not only compete. We will lead.

This new economy requires a new day for Missouri.

We'll invest in new technology. We'll inspire cutting-edge innovation. And we'll embrace science, not fear it.

And not only will we lead with our ideas, but we'll also lead with our greatest asset – our people. We must prepare our world-class workers with 21st-Century skills and connect them with the jobs of tomorrow that we will create.

The jobs that will lead our nation to energy independence.

The jobs that will build fuel-efficient automobiles and energy-efficient homes.

The jobs that will develop the lifesaving cures of tomorrow.

The jobs that will change the way we do business, change the way we travel and change the way we channel information.

All right here in Missouri.

We'll turn this economy around by making Missouri a magnet for next-generation jobs.

To bring about a new day in Missouri, we'll need to implement new policies. And this new day will not be possible unless there is a new tone in Jefferson City.

Because for too many years, politics and partisanship have stood in the way of progress. And the people of Missouri are tired of it.

The family in Hannibal that's struggling to pay for health care has no appetite for partisan bickering in Jefferson City.

The new father in Rolla who had his job outsourced doesn't care if an economic stimulus plan was written by a Democrat or a Republican. He just wants to make ends meet for his young family.

And the small businesswoman struggling to keep the doors open on Main Street doesn't have a lobbyist walking the halls of the Capitol for her.

The only way we'll meet the needs of Missouri families is by working together. In a bipartisan way, across the aisle. Putting our shared principles ahead of our political differences.

Now, new leadership in Jefferson City and in Washington isn't enough. The answers to our problems won't all come from government.

We need new leaders to step up in communities across our state – and I'm not just talking about elected officials.

Tough times call for a renewed sense of purpose. A new day for public service and volunteerism.

We need all Missourians to step up and do more to make our communities stronger.

We need more parents to get active in our local schools.

We need more role models to mentor our children and coach our youth sports teams.

We must get involved in our places of worship. Get involved in our local civic groups. Volunteer our time at senior citizen homes.

Community service is not a chore or a burden. It's a responsibility, and an honor.

We will only turn our state around if we all do our part.

I grew up in De Soto, Mo. – a small town in Jefferson County. I go back frequently and visit with old friends. When I do, I'm reminded why our state is so strong.

It's because here in Missouri, we go to work early and stay late.

We love our families and our faith. We have a strong tradition of neighbor-helping-neighbor. And when times are tough, we meet the challenges, and we always come back stronger.

And I know a lot of folks around this state could use a fresh start. A new beginning. A reason to believe that the best days for their families are still to come.

The next generation will be able to seize opportunities that we cannot even imagine today. We can protect our special way of life here in Missouri, while at the same time moving boldly to embrace the future.

Together, we can see that future. Today is a new day for Missouri.

It's a new day for every child in our state with big dreams.

It's a new day for the small-business owner who knows that with a little help, her hard work will pay off, and brighter days are ahead.

It's a new day for the family that recently sat around the kitchen table to decide if they should take out a second mortgage so that they can send their second child to college.

And it's a new day for the men and women who work day-in and day-out to build the best products in America. The autoworker, the construction worker, the lab technician and the engineer.

As your Governor, I will work every day to help make this brighter future a reality for all Missouri families.

I am honored and humbled by the opportunity to lead our state during this critical time.

As our family moves into the Governor's Mansion, we do so knowing that it's your house – not ours. And we hope you'll visit us often.

And together, we will make a new day for Missouri.

Thank you, and God bless.

### **CONCURRENT RESOLUTIONS**

#### **SENATE CONCURRENT RESOLUTION NO. 4**

WHEREAS, over one-half of all IV-D caseloads in Missouri are low-income families who rely on child support for up to one-quarter of their total income. Unfortunately, the noncustodial parent responsible for providing these payments are often too poor to support themselves much less fulfill a child support order; and

WHEREAS, low-income noncustodial fathers are a particularly disadvantaged group. In addition to being low-skilled and low-educated, they often have criminal records and suffer from many poverty-related problems such as poor health. All of these characteristics are barriers to finding high-paying jobs; and

WHEREAS, federal, state, and local child support agencies have attempted to increase compliance among these fathers in two ways: lowering child support orders to better meet ability to pay and addressing the underlying reasons for nonpayment by connecting low-income parents to employment services; and

WHEREAS, lowering child support orders is successful in increasing compliance, it results in significantly lower payments to poor families; and

WHEREAS, one way to assure that low-income noncustodial parents receive the attention they need is to establish separate child support dockets known as "Fathering Courts"; and

WHEREAS, Fathering Courts are an innovative alternative to prosecution and incarceration for men with significant child support arrearages. The program increases the number of fathers that contribute financially and emotionally to their children and helps men successfully overcome the challenges that have led to their nonpayment of child support; and

WHEREAS, the longest-running Fathering Court is in Jackson County, Missouri, and since its creation in 1998 has increased child support collections by more than \$2 million. The Jackson County Fathering Court has become a model for others across the country; and

WHEREAS, the Jackson County Fathering Court is designed to give noncustodial parents the tools to become financially and emotionally responsible for their children. Parents are educated, counseled, and encouraged to place the needs of their children first; and

WHEREAS, by emphasizing the needs of the children, the Fathering Court seeks to promote the well-being of potentially thousands of children who are involved in the state's child support enforcement system; and

WHEREAS, the Fathering Court addresses alcohol, drug, employment, and mental health issues that affect some fathers who face child support charges; and

WHEREAS, the success of Fathering Courts depends heavily upon judicial support and initiative. After a father is arrested for failure to pay child support, he is screened to ensure that he does not have any other serious felonies and then the Fathering Court process begins. Fathers stay in the program until they have worked through their issues and resumed paying child support; and

WHEREAS, more than 429 men have participated in the Fathering Court since 1998. To date, Fathering Court graduates have contributed more than \$2.7 million in child support payments. In addition, pre- and post-evaluations indicate that men who graduated from Fathering Court have significantly more contact with their children, increased interaction with their child's mother about their child's development, and pay their child support:

NOW THEREFORE BE IT RESOLVED by the members of the Missouri Senate, Ninety-fifth General Assembly, First Regular Session, the House of Representatives concurring therein, that in order to ensure thoughtful and necessary changes are made to the state's child support enforcement system in order to increase the number of noncustodial parents participating in the financial and emotional needs of their children, the General Assembly must comprehensively study and reform the system; and

BE IT FURTHER RESOLVED that the President Pro Tempore of the Senate and the Speaker of the House of Representatives appoint a Joint Interim Committee on Child Support Enforcement Reform that is authorized to function during the legislative interim between the First Regular Session of the Ninety-fifth General Assembly and the Second Regular Session of the Ninety-fifth General Assembly to study and make recommendations regarding a reform of the state's child support enforcement system, including a study of the Fathering Court in Jackson County as a model for the entire state; and

BE IT FURTHER RESOLVED that the Joint Interim Committee shall prepare a final report, together with its recommendations for any legislative action deemed necessary for submission to the General Assembly prior to commencement of the Second Regular Session of the Ninety-fifth General Assembly; and

BE IT FURTHER RESOLVED that the Joint Interim Committee may solicit input and information necessary to fulfill its obligations, including but not limited to soliciting input and information from any state department or agency the Joint Interim Committee deems relevant, child advocates, the courts, and the general public; and

BE IT FURTHER RESOLVED that the staffs of Senate Research, the Joint Committee on Legislative Research, and House Research shall provide such legal, research, clerical, technical, and bill drafting services as the Joint Interim Committee may require in the performance of its duties; and

BE IT FURTHER RESOLVED that the actual and necessary expenses of the Joint Interim Committee, its members, and any staff assigned to the Joint Interim Committee incurred by the Joint Interim Committee shall be paid by the Joint Contingent Fund.

**Senator Stouffer offered the following concurrent resolution:**

**SENATE CONCURRENT RESOLUTION NO. 5**

WHEREAS, the State of Missouri contains 553 miles of the Missouri River, which borders 23 Missouri counties and over 50 Missouri communities, making it one of the State's greatest natural resources; and

WHEREAS, the Missouri General Assembly supports this natural resource as a vital link in the State of Missouri's total transportation system and wishes to maximize this valuable asset in order to move freight and to support our state's economy; and

WHEREAS, barge transport allows for significant economic benefits and cost savings, since one barge can transport the same amount of freight as 15 railcars or 60 trucks; and

WHEREAS, river transportation is the most environmentally friendly form of transporting goods and commodities, creating almost no noise pollution and emitting 35 to 60 percent fewer pollutants than either trucks or trains; and

WHEREAS, barges are also the most fuel efficient method of freight transport, barges can move one ton of cargo 576 miles per gallon of fuel, compared to 413 miles per gallon of fuel for railcars and only 155 miles per gallon of fuel for trucks; and

WHEREAS, the Missouri General Assembly recognizes that the State of Missouri is investing more of its resources to develop and improve public ports in the state, including those on the Missouri River; and

WHEREAS, the Flood Control Act of 1944, as amended, expresses the United States Congress' intent to support inland waterway navigation and to provide flood control on our nation's rivers; and

WHEREAS, the June 4, 2003, August 16, 2005, and February 8, 2008, decisions of the United States Court of Appeals of the Eighth Circuit held that navigation was a dominant function of the Flood Control Act of 1944; and

WHEREAS, navigation on the Missouri River is operated in accordance with the updated Master Manual, which contains the management plan for the River and was adopted by the United States Army Corps of Engineers in 2004; and

WHEREAS, the Missouri General Assembly recognizes that the United States Army Corps of Engineers utilized extensive public processes to complete the 2004 Master Manual and worked to balance the needs and desires of many competing stakeholder groups in establishing the Manual's navigation guidelines; and

WHEREAS, the 2004 Master Manual was finalized after 15 years of debate and litigation and after the expenditure of over \$35 million in federal funds; and

WHEREAS, the 2004 Missouri River Master Water Control Manual reduced the length of the navigation season, shifting a large amount of water away from navigation and other downstream uses of the Missouri River to benefit upstream uses, such as reservoir recreation; and

WHEREAS, the upstream states have requested that the United States Army Corps of Engineers conduct a study to reexamine the authorized purposes of the Missouri River reservoir system as outlined in the 1994 Flood Control Act; and

WHEREAS, the study requested by the upstream states would be the first of its kind, because it would scrutinize the authorized purposes

of the Missouri River reservoir system rather than studying the current Missouri River Master Water Control Manual, thereby undermining the Manual's management plan for the Missouri River; and

WHEREAS, in requesting this study, the upstream states are seeking an additional shift in water to upstream states, despite Congress' authorization of downstream uses of Missouri River water, including navigation; and

WHEREAS, increasing Missouri River water in upstream states will have a significant, negative impact upon Missouri and other downstream states by impacting navigation, power generation, flood control, and drinking water availability; and

WHEREAS, eighteen power plants, which have the capacity to generate over 11,000 megawatts of electricity, draw cooling water from the lower Missouri River basin, and the viability of those power plants would be jeopardized if the authorized purposes of the Missouri River reservoir system were changed; and

WHEREAS, the State of Missouri has constructed infrastructure to support water supply and power generation in the lower Missouri River basin with the understanding that reliable navigation flows would be maintained in the future, and this study could threaten the reliability of those navigation flows; and

WHEREAS, the Missouri General Assembly believes that all of the congressionally authorized uses of the Missouri River should be promoted, not just those uses benefitting the upstream states:

NOW, THEREFORE, BE IT RESOLVED by the members of the Missouri Senate, Ninety-fifth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby urge the United States Congress to deny any request that would authorize a study of the Missouri River's congressionally authorized purposes; and

BE IT FURTHER RESOLVED that the members of the Missouri Senate, Ninety-fifth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby urge Missouri's Congressional delegation to actively oppose the authorization and funding of the Missouri River study proposed by the upstream states; and

BE IT FURTHER RESOLVED that the Secretary of the Senate be instructed to prepare a properly inscribed copy of this resolution for the United States Army Corps of Engineers and to each member of Missouri's Congressional delegation.

Senator Lager assumed the Chair.

WHEREAS, our nation has the technological capability to explore and utilize these resources in a manner that is safe and that minimizes potential impacts to our coastal environments:

WHEREAS, the Missouri Senate recognizes the important contribution of Community Colleges to the higher education system of the state of Missouri; and

WHEREAS, the Missouri Community College Association serves the educational needs of the citizens of the state of Missouri by offering educational leadership through the state's community colleges; and

WHEREAS, the Missouri Senate has maintained a policy of granting the use of the Senate Chamber for beneficial purposes:

NOW, THEREFORE BE IT RESOLVED that we, the members of the Missouri Senate, Ninety-fifth General Assembly, hereby grant the Missouri Community College Association use of the Senate Chamber on Monday, February 23, 2009, from 9:00 a.m. to 11:00 a.m.

## CONCURRENT RESOLUTIONS

Senator Shoemyer offered the following concurrent resolution:

### SENATE CONCURRENT RESOLUTION NO. 8

WHEREAS, horse processing is the most tightly regulated of any animal harvest, and the horse is the only animal that has its transportation to processing regulated. If horse processing plants are forced to close and export options are eliminated, the Horse Welfare Coalition estimates that 90,000 to 100,000 unwanted horses annually would be exposed to potential abandonment and neglect; and

WHEREAS, the 90,000 to 100,000 additional unwanted horses each year would compete for adoption with the 32,000 wild horses that United States taxpayers are already paying \$40 million to shelter and feed; and

WHEREAS, the nation's inadequate, overburdened, and unregulated horse rescue and adoption facilities cannot handle the influx of the approximately 60,000 or more additional horses each year that would result from a harvesting ban, according to the Congressional Research Service; and

WHEREAS, many zoo animal diets rely on equine protein because it mimics what the animal would receive in the wild. Veterinarians and animal nutritionists say it is the healthiest diet for big cats and rare birds. If legislation shuts down horse processing facilities, the only source for this meat that is inspected by the U.S. Department of Agriculture (USDA) will be eliminated:

NOW THEREFORE BE IT RESOLVED that the members of the Missouri Senate, Ninety-fifth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby urge the United States Congress to strongly support the continuation of horse processing in the United States and to offer incentives that help create horse processing plants throughout the United States, such as state-inspected horse harvest for export; and

BE IT FURTHER RESOLVED that the members of the Missouri General Assembly strongly encourage Congress to support new horse processing facilities and the continuation of existing facilities on both the state and national level; and

BE IT FURTHER RESOLVED that the members of the Missouri General Assembly urge Congress to oppose any legislation introduced in the 111th Congress that would restrict the transportation and processing of horses in the United States and internationally; and

BE IT FURTHER RESOLVED that the members of the Missouri General Assembly support the location of USDA-approved horse processing facilities on state, tribal, or private lands under mutually-acceptable and market-driven land leases and, if necessary, a mutually-acceptable assignment of revenues that meet the needs of all parties involved with the facility; and

BE IT FURTHER RESOLVED that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for the President of the United States Senate, the Speaker of the United States House of Representatives and the members of the Missouri Congressional delegation.

Senator Shoemyer offered the following concurrent resolution:

#### SENATE CONCURRENT RESOLUTION NO. 9

WHEREAS, the practice of saving seed from one year's harvest in order to plant it for the next year's crop has been an integral part of farming for as long as farming has existed; and

WHEREAS, the act of patenting seed and not allowing the seed to be saved from one crop to the next goes against thousands of years of agricultural practice; and

WHEREAS, the use of federal patent law in this manner allows the patent holder to create a monopoly in this country on the sale of certain crop seeds; and

WHEREAS, the creation of a monopoly under federal patent law contradicts the spirit of federal anti-trust law as well as violates the spirit of the independent American farmer:

NOW, THEREFORE, BE IT RESOLVED that the members of the Missouri Senate, Ninety-fifth General Assembly, First Regular Session, the House of Representatives concurring therein, encourage Congress to amend the Patent Act so that the natural offspring of a patented seed are not considered to be covered under the original patent and amend the Patent Act so that inadvertent possession of a seed containing a patented cell or any offspring of such a seed is not considered infringement of the original patent; and

BE IT FURTHER RESOLVED that the Secretary of the Missouri Senate be instructed to prepare a properly inscribed copy of this resolution for each member of Missouri's Congressional delegation.

SENATE CONCURRENT RESOLUTION NO. 10

WHEREAS, the Missouri General Assembly, acting with the best of intentions, applied to the Congress of the United States by resolution in accordance with Article V, Constitution of the United States, for a constitutional convention for the purpose of amending the Constitution of the United States; and

WHEREAS, Senate Concurrent Resolution No. 3, was passed by the Eighty-second General Assembly of the State of Missouri in 1983 specifically proposing a constitutional convention for the sole purpose of adopting an amendment requiring a balanced federal budget; and

WHEREAS, over the course of time, the will of the people of the State of Missouri has changed with regards to Missouri's previous call for a constitutional convention to amend the Constitution of the United States; and

WHEREAS, certain persons or states have called for a constitutional convention on issues that may be directly in opposition to the will of the people of this state; and

WHEREAS, the people of this state do not want their previous applications for a constitutional convention to be aggregated with those calls for a convention from other states; and

WHEREAS, former Justice of the United States Supreme Court Warren E. Burger, former Associate Justice of the United States Supreme Court Arthur J. Goldberg and many other leading constitutional scholars are in general agreement that a convention, notwithstanding whatever limitation might be placed on it by the call for a convention, may propose sweeping constitutional changes or, by virtue of the authority of a constitutional convention, redraft the Constitution of the United States creating an imminent peril to the well established rights of citizens and to the duties of various levels of government; and

WHEREAS, the Constitution of the United States has been amended many times in the history of this nation and may be amended many more times without the need to resort to a constitutional convention, and has been interpreted for more than two hundred years and found to be a sound document that protects the lives and liberties of citizens; and

WHEREAS, there is no need for, and in fact there is great danger in, a new constitution or in opening the Constitution of the United States to radical changes, the adoption of which could create legal chaos in this nation and begin the process of another two centuries of litigation over its meaning and interpretation; and

WHEREAS, changes or amendments that may be needed in the present Constitution of the United States may be proposed and enacted without resorting to a constitutional convention by using the process provided in the Constitution and previously used throughout the history of this nation:

NOW, THEREFORE, BE IT RESOLVED by the members of the Missouri Senate, Ninety-fifth General Assembly, First Regular Session, the House of Representatives concurring therein, that the Missouri General Assembly hereby repeals, rescinds, cancels, renders null and void

and supersedes any and all existing applications to the Congress of the United States for a constitutional convention under Article V of the Constitution of the United States for any purpose, whether limited or general; and

BE IT FURTHER RESOLVED that the Missouri General Assembly urges the legislature of each and every state that has applied to Congress for either a general or limited constitutional convention to repeal and rescind their applications; and

BE IT FURTHER RESOLVED that the Secretary of the Senate be instructed to prepare a properly inscribed copy of this resolution for the President of the United States Senate, the Speaker of the United States House of Representatives, the Administrator of General Services in Washington, D.C., each member of Missouri's congressional delegation, and the Secretaries of State and presiding officers of both houses of the legislatures of each state in the Union.

# Journal of the Senate

FIRST REGULAR SESSION

---

NINTH DAY—THURSDAY, JANUARY 22, 2009

---

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

“Two are better than one, because they have a good return for their work: If one falls down, his friend can help him up. But pity the man who falls and has no one to help him up!” (Ecclesiastes 4:9-10)

Gracious God, as we return this day to those we love help us to be mindful of the blessing they are to us. They help us when we are down to see the joy that is right there next to us. They help us be aware of the beauty in the world and people about us. They encourage us to always do the right thing and comfort us when difficulties arise for us. We pray for Your blessing on our loved ones for truly they are a blessing to us. In Your Holy Name we pray. Amen.

## **CONCURRENT RESOLUTIONS**

Senators Bartle, Pearce, Scott, Griesheimer, Cunningham, Lembke, Clemens, Vogel, Mayer, Shoemyer, Nodler, Purgason, Barnitz, Dempsey, Lager, Goodman, Ridgeway, Champion, Stouffer, Rupp and Engler offered the following concurrent resolution:

### **SENATE CONCURRENT RESOLUTION NO. 11**

WHEREAS, the 111th United States Congress is considering the “Freedom of Choice Act”, which purports to classify abortion as a “fundamental right”, equal in stature to the right of free speech and the right to vote - rights that, unlike abortion, are specifically enumerated in the United States Constitution; and

WHEREAS, the federal “Freedom of Choice Act” would invalidate any “statute, ordinance, regulation, administrative order, decision, policy, practice, or other action” of any federal, state, or local government or governmental office, or any person acting under governmental authority, that would “deny or interfere with a woman's right to choose” abortion, or that would “discriminate against the exercise of the right... in the regulation or provision of benefits, facilities, services, or information”; and

WHEREAS, the federal “Freedom of Choice Act” would nullify any federal or state law “enacted, adopted, or implemented before, on, or after the date of its enactment” and would effectively prevent the State of Missouri from enacting similar protective measures in the future; and

WHEREAS, the federal “Freedom of Choice Act” would invalidate more than 550 federal and state abortion-related laws, laws supported by the majority of the American public; and

WHEREAS, the federal “Freedom of Choice Act” would specifically invalidate the following common-sense, protective laws properly enacted by the State of Missouri:

- a parental consent law for minors seeking an abortion;
- a prohibition on government funding or use of public facilities for abortions;
- health and safety regulation for abortion facilities;
- a twenty-four-hour waiting period and informed consent law that provides an opportunity to consider the gravity of a decision to abort a child;
- a partial-birth abortion ban (“Infant's Protection Act”);
- a requirement that only physicians can perform or induce abortions and that such physicians maintain medical malpractice insurance;
- conscience protections for doctors and hospitals not wanting to perform or induce abortions;
- a prohibition on performing or inducing abortions in order to use fetal organs or tissue for transplantation or experimentation;
- licensing of most abortion clinics as ambulatory surgical centers to ensure basic health and safety of patients; and
- alternatives to abortion programs to encourage and support women who do not want abortions; and

WHEREAS, the federal “Freedom of Choice Act” will not make abortion safe or rare, but will instead actively promote and subsidize abortion with state and federal tax dollars and do nothing to ensure its safety; and

WHEREAS, the federal “Freedom of Choice Act” will protect and promote the abortion industry, endanger women and their health; promote a political ideology of unregulated abortion-on-demand, and silence the voices of Americans who want to engage in a meaningful public discussion and debate over the availability, safety, and even desirability of abortion:

NOW, THEREFORE, BE IT RESOLVED that the members of the Missouri Senate, Ninety-fifth General Assembly, First Regular Session, the House of Representatives concurring therein, strongly oppose the federal “Freedom of Choice Act” and urge the United States Congress to summarily reject it; and

BE IT FURTHER RESOLVED that the Missouri General Assembly strongly opposes the federal “Freedom of Choice Act” because it seeks to circumvent the States' general legislative authority as guaranteed by the 10th Amendment to the United States Constitution; and

BE IT FURTHER RESOLVED that the Missouri General Assembly strongly opposes the federal “Freedom of Choice Act” because it seeks to undermine the right and responsibility of the states and the people to debate, vote on, and determine abortion policy; and

BE IT FURTHER RESOLVED that the Missouri General Assembly strongly opposes the federal “Freedom of Choice Act” because the protection of women's health through state regulations on abortion is a compelling state interest that should not be nullified by Congress; and

BE IT FURTHER RESOLVED that the Missouri General Assembly strongly opposes the federal “Freedom of Choice Act” because its enactment would nullify laws in the State of Missouri that the general assembly and the people of Missouri strongly support; and

BE IT FURTHER RESOLVED that the Secretary of the Senate be instructed to prepare properly inscribed copies of this resolution for each member of Missouri's congressional delegation, the President of the United States, the Majority Leader and the Minority Leader of the United States Senate, the Speaker and the Minority Leader of the United States House of Representatives, the Clerk of the United States House of Representatives, and the Secretary of the United States Senate with a request that the resolution be printed in the Congressional Record.

Senator Bray offered the following concurrent resolution:

#### SENATE CONCURRENT RESOLUTION NO. 12

Relating to the ratification of the Equal Rights Amendment to the United States Constitution.

WHEREAS, three years after women won the right to vote, the Equal Rights Amendment to the United States Constitution, authored by Alice Paul, head of the National Women's Party, was introduced in Congress by Senator Curtis and Representative Anthony, both Republicans; and

WHEREAS, the Equal Rights Amendment to the United States Constitution passed the United States Senate and then the United States House of Representatives, and on March 22, 1972, the proposed Amendment to the United States Constitution was sent to the states for ratification; and

WHEREAS, the Equal Rights Amendment to the United States Constitution states:

“Section 1. Equality of rights under the law shall not be denied or abridged by the United States or by any state on account of sex.

Section 2. The Congress shall have the power to enforce, by appropriate legislation, the provisions of this article.

Section 3. This amendment shall take effect two years after the date of ratification.”; and

WHEREAS, Congress placed a deadline of June 30, 1982, on the ratification process and thirty-five states ratified the proposed Amendment before the deadline; and

WHEREAS, Congress may not have the constitutional authority to place a deadline on the ratification process; and

WHEREAS, Article V of the United States Constitution allows the General Assembly of the State of Missouri to ratify this proposed Amendment to the Constitution of the United States; and

WHEREAS, the General Assembly of the State of Missouri finds that the proposed Amendment is meaningful and needed as part of the United States Constitution and that the present political, social and economic conditions are the same as or are even more demanding today than they were when the proposed Amendment was first submitted for adoption:

NOW, THEREFORE, BE IT RESOLVED by the members of the Missouri Senate, Ninety-fifth General Assembly, First Regular Session, the House of Representatives concurring therein, that the Equal Rights Amendment to the United States Constitution is hereby ratified; and

BE IT FURTHER RESOLVED that the Secretary of the Senate be instructed to prepare a properly inscribed copy of this resolution for the Archivist of the United States, Washington, D.C.; the Vice President of the United States; the Speaker of the United States House of Representatives; and each member of the Missouri Congressional Delegation with request that it be printed in the Congressional Record.

Relating to disapproving the recommendations of the Missouri Citizens' Commission on Compensation for Elected Officials.

---

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF MISSOURI, AS FOLLOWS:

Whereas, Article XIII, Section 3 of the Missouri Constitution charges the Missouri Citizens' Commission on Compensation for Elected Officials with setting the amounts of compensation paid to statewide elected officials, legislators, and judges; and

Whereas, the Constitution provides the Commission with a four-month window prior to its constitutional deadline for making salary recommendations to hold public hearings around the state to gather testimony related to salaries for affected state officials and to carefully consider whether pay increases are warranted; and

Whereas, the Missouri Citizens' Commission on Compensation of Elected Officials has recommended that statewide elected officials, legislators, and judges receive a cost-of-living adjustment only if a cost-of-living adjustment is approved by the Missouri General Assembly for all state employees; and

Whereas, in addition, the Commission recommended a pay increase of \$1,500 annually to each of the state's associate circuit court judges and that judges be allowed a per diem for attending an annual three-day judicial conference which equals the per diem received by member of the Missouri General Assembly. Such recommendations are not contingent upon the approval of a cost-of-living adjustment for all state employees; and

Whereas, the Commission's recommendations shall take effect unless disapproved by the General Assembly through a concurrent resolution process passed by two-thirds majorities in each legislative chamber before February 1, 2009:

Now, therefore, be it resolved by the members of the House of Representatives of the Ninety-fifth General Assembly, First Regular Session, the Senate concurring therein, that the recommendations of the Missouri Citizens' Commission on Compensation for Elected Officials be disapproved; and

Be it further resolved that the Chief Clerk of the Missouri House of Representatives be instructed to prepare a properly inscribed copy of this resolution for Governor Jay Nixon.

The Joint Committee appointed to wait upon His Excellency, Governor Jay Nixon, escorted the Governor to the dais where he delivered the State of the State Address to the Joint Assembly:

A NEW DAY FOR MISSOURI

Thank you Speaker Richard, President Pro-tem Shields, Leaders LeVota and Callahan, Justices of the Missouri Supreme Court, Lieutenant Governor Kinder, statewide officials and Members of the General Assembly. I also welcome the many thousands of Missourians who are tuning in on TV, on the radio, or online.

It also gives me great pleasure to introduce Missouri's First Lady, Georganne Nixon, and our two sons, Jeremiah and Will.

We come here tonight in the spirit of public service, and public service often requires sacrifice. I'd like to offer a special welcome to someone who truly represents sacrifice and dedication to service - Staff Sergeant William Boyd.

A proud Member of the Missouri National Guard from Centertown, Sergeant Boyd served our nation in Iraq. In February 2005, Sergeant Boyd was riding in a convoy when his vehicle hit a hole left by a roadside bomb. The vehicle overturned several times, and broke two bones in the Sergeant's left leg.

Sergeant Boyd underwent two surgeries in Iraq and a third in Germany, where they inserted a metal rod into his leg. Upon arrival back in Missouri where he would undergo extensive physical therapy, his doctors told him he would not be able to rejoin his unit in Iraq.

He asked the doctors if he could return to Iraq if he made a full recovery. They said no, but Sergeant Boyd resolved to change their minds. By June, he was running again, and the doctors gave their approval for him to return to duty. So Sergeant Boyd headed back to Iraq and served with his unit through the end of their deployment.

In the spirit of recognizing those who sacrifice to serve, and to give thanks to the many brave Missourians who are in harm's way this very evening, please join me in welcoming Sergeant Boyd. Sergeant, we are honored to be in your presence.

Fifteen days ago, we stood together on the steps of the Capitol to mark a "New Day for Missouri." We declared it a new day for every Missouri family that holds out hope for a better future.

A new day for the 219,000 Missourians out of work, the highest unemployment rate in 25 years. And for the 729,000 who have no health coverage. And the 42,000 families who have had their homes foreclosed last year.

And on those Capitol steps two weeks ago, we also declared it a new day for bipartisanship here in Jefferson City. These are historically difficult times, and they will require historic levels of cooperation.

Some doubted a new tone in Jefferson City was possible. So far, I am pleased to report that together, we're proving the nay-sayers wrong. Sure, it's been just two weeks. But they've been two productive weeks. We're rolling up our sleeves. We're getting to work, and we're doing it together.

This new tone is possible, I believe, because we start with a set of shared principles. Shared by me, the members of the General Assembly and most importantly - shared by the people of Missouri.

First. We believe in the value of a hard day's work. But too many Missourians are unemployed - or fear they may soon become unemployed. We must help small businesses grow. And we must invest in technology, science, and innovation to create the next-generation jobs we need to compete in the 21<sup>st</sup>- Century. We must create new jobs and we must do it now.

Second. We believe in fiscal responsibility and balanced budgets. We face a significant budget shortfall, but we will bring our budget into balance by making difficult decisions, and by making government more efficient. Not by putting the burden on the backs of the weakest among us. And, not by raising taxes on Missouri families or businesses.

Third. Education is the key to our future. From pre-school to college, we must prepare every child to compete. We must support our teachers. And we must make the dream of a college education a reality for more Missouri families.

Fourth. A healthier workforce is a more productive workforce. And a strong health care system will help lure new businesses to our state. We must expand access to affordable health care, particularly for the 150,000 Missouri children who are uninsured today.

And fifth, the people of Missouri must be given reason to trust their elected officials and have faith in their work. That means a more open, transparent and accountable government.

These five principles don't represent Democratic values or Republican values. They're Missouri values. They're our values. And they've guided me in laying out next year's budget.

Tonight, as I put forward my plan to address many of our critical challenges, I do so in the spirit of cooperation and bipartisanship. We were all elected by the people of Missouri, and we all share the common goal of serving the people of Missouri.

If one of you has a better way to fix our health care system, I'm ready to listen. If someone else has a cost-effective way for the state to create new jobs, let's hear it. Many of the best ideas come from outside the halls of government. And the challenges we face are too steep to worry about who gets credit for the solution.

Times are tough. We all know that.

The national economic meltdown is creating serious challenges for Missouri families. Jobs are being lost. Homes are being foreclosed. Retirements are being delayed. And everyone is concerned about what the future will bring.

Jobs are the lifeblood of our economy. When jobs are lost and businesses shut down, communities suffer and people start losing hope. To start turning this economy around, we must take immediate action on our first shared principle and join together to get Missourians back to work.

Several weeks ago, I laid out the initial pieces of our Show Me Jobs plan. A series of steps that we can take to create jobs and stimulate economic growth. It's a fiscally responsible plan, and I've been encouraged by the bi-partisan support that it has received thus far.

And because immediate action was needed, one of my first acts as Governor was to sign three executive orders to help spur job creation.

Many of our new jobs will come from small businesses. So we proposed a new low-interest loan program for Missouri small businesses - to make it easier for them to expand and grow, or in some cases, easier to just keep their doors open.

From DeSoto to Chillicothe. From Cape Girardeau to St. Joe. Barber shops. Coffee shops. Hardware stores. The places where we've shopped since we were kids. Small businesses give our communities character and they make our Main Streets vibrant. We must renew our efforts to help small businesses thrive and prosper.

We must ensure that opportunity and job growth takes place in all of our communities. That's why we must support our women and minority-owned businesses so that they can continue to grow and create jobs.

It's not just small businesses that are facing tough times in this economy. The American auto industry is in peril, and Missouri has felt the pain as much as anyone. In the past two years, thousands of Missouri autoworkers and auto industry employees have lost their jobs. I've met with many of these men and women. They're the most skilled autoworkers in the nation. They take a great deal of pride in their craft, and they're anxious to get back to work.

Giving up on Missouri's auto industry is not an option.

That's why I have ordered the creation of an Automotive Jobs Task Force to make sure that we're in the best possible position to revitalize the automobile industry in Missouri. In the years to come, America will produce a new generation of automobiles - electric cars, trucks powered by fuel cells. We must ensure that those new cars and trucks are built right here in Missouri.

Every idea must be considered as we seek to create the jobs our state so needs. We are discussing some new ideas tonight. Programs that don't work will be ended. But when we know something works, we will increase our investment.

The Quality Jobs Act has incentivized business owners to create thousands of high-paying jobs that offer health care. Good middle-class jobs. The Quality Jobs Act has worked. We must not only continue this program, we must expand it.

Programs like the Quality Jobs Act are one important tool in our toolbox for creating jobs. But our strongest asset is and always will be our people. I've said it many times: Missouri is home to the best workers, the best craftsmen in the world. But the set of skills that meant guaranteed employment in the past, now offers no such certainty in this new economy. To seize the economy of the future, we must ensure that our workers have the skills and training for the jobs of tomorrow.

We're joined tonight by Patrick Davis, a young man from Ferguson. Patrick had worked for 14 years at the Ford Plant in Hazelwood, but like many of his brothers and sisters, he was laid off when the plant closed in 2006. But Patrick dusted himself off and took action to learn a new skill. He enrolled at a worker retraining program at Florissant Valley Community College, and learned to convert the craft he knows - building cars -- into a craft that landed him a next-generation job building F18s, one of the best fighter jets the world has ever seen.

Please join me in welcoming Patrick tonight.

We must help more Missourians look down the road and stay ahead of the curve, just like Patrick has. Identifying next-generation jobs and making sure our workers are ready to compete. Jobs in technology, innovation and lifesaving research.

The "green jobs" that will create new energy solutions. Jobs building wind turbines, hydroelectric facilities, solar panels, next generation batteries, more efficient window and doors. The list goes on and on. And so do the opportunities.

Right now, we have far too many jobs in health care that we can't fill right here in Missouri because we can't find people with the right skills. We need nurses, pharmacy workers and rural health care workers. Filling those positions is critical to both our economy and our health care system. That's why I've called for the creation and funding of the Caring for Missourians program - an initiative that will coordinate efforts between our two and four-year institutions to train our next generation of health care workers.

We have hardworking Missourians ready to fill these skilled jobs - they just need a little help getting there.

So my budget invests in people.

We'll build a workforce ready to tackle the challenges of this new economy. I believe Missouri's economic future depends on the strength of Missouri's people. When a company wants to build a new plant or open a new office, they'll want to come to Missouri, not just because they get the best deal, but because they'll get the best workers.

That's why, despite the budget problems we face, I have called for an increase in funding for job development and training programs of 38 percent.

And as we invest in Missouri's people, no one should be left behind. Under my proposed budget, I have called for increased funding to help Missourians with developmental disabilities earn a living and contribute to society.

On that point, I'd like to introduce you to a gentleman named Glenn Cromley. Glenn is now 61 years old, and was diagnosed with a cognitive disability when he was a child. Like many parents with children who have disabilities, his parents worried about whether Glenn could lead a productive and happy life. When Missouri launched the Sheltered Workshop program in 1966, Glenn's parents signed him up. The workshop provides an opportunity for Glenn to work and contribute each day, preparing first aid kits for local distributors.

Please join me in welcoming Glenn, his mother Sue, and his workshop supervisor, Roger Garlich.

Every Missourian is unique and valuable, and every Missourian must have the opportunity to realize the value of a hard-day's work. Now, some have called for the Sheltered Workshop Program to be eliminated. Let me tell you - that's not going to happen. Not while I serve as your Governor.

Quite the contrary, in order to ensure that more Missourians like Glenn have the opportunity to live independent and successful lives, my budget proposes increasing funding for our Sheltered Workshop program.

Now we all know we cannot move our economy forward without moving Missouri agriculture forward. We must ensure that Missouri's family farmers and agri-businesses are ready to compete in this new economy. Branding Missouri products and increasing opportunities to export them. Making sure that every dairy farmer, row cropper and livestock seller has access to world markets, and has the technology to connect to those markets.

We know that within Missouri's own agricultural capacity lies a possible solution to our nation's energy crisis. Missouri must remain on the leading edge of efforts to develop the renewable energy sources of our future. That's why my budget provides full funding for ethanol and bio-fuels.

And in 2009, there is no reason why some of our rural areas still don't have access to high-speed Internet. The information super-highway must be accessible to all Missouri families.

Protecting and creating jobs must be our top priority. We must take quick action. Tonight, I repeat my request: Send me an emergency jobs plan before the March break. I'll sign a comprehensive, fiscally sound package. And together, we'll start getting Missouri back to work.

Now, the economic challenges we face are significant. Just as Missouri families are readjusting their budgets to deal with economic realities, the state must do the same. Everyone is forced to make difficult choices.

But as I said earlier, we balance our budgets here in Missouri. Fiscal responsibility is a principle that we share.

So here is something we can all agree on. We will balance our budget, this year, next year, and the year after that. We won't place the burden on the weakest among us. We won't abandon our priorities or shared principles. And we won't raise taxes.

We face an immediate shortfall in FY09 of more than a quarter of a billion dollars. I've already begun to implement the tough decisions necessary to make our government leaner and more efficient. We'll balance our books without cutting important public services.

But even larger economic problems loom ahead for the next fiscal year.

To tackle the budget challenges we face in FY10, we are embarking on an unprecedented initiative to make government leaner and more efficient.

To bring about this needed reduction, my budget eliminates or cuts 50 programs. Many bureaucratic positions will be consolidated or eliminated altogether. Hundreds of additional positions that are currently unoccupied will not be filled.

In total, my FY10 budget proposes the elimination of more than 1,300 positions. We will cut nearly \$200 million from overhead by eliminating these positions and cutting bureaucracy.

After just two weeks in office, we are proposing the smallest state bureaucracy that Missouri has seen in a decade. The reduction I am proposing today represents the largest single reduction in the state's bureaucracy in modern history.

And because Missourians will get a government that's smarter and more efficient, most families will not see changes in the services they count on.

Make no mistake, I value our state workers, and these cuts will not be easy.

We must always remember that public service is among the most honorable lines of work. The folks who protect our families and keep our parks clean. The brave men and women who help our communities overcome natural disasters. As their chief executive, I stand with our state employees today and always.

We will take action to make government smaller, but that alone will not be enough. We must also make government more efficient. Now more than ever, we must stretch every dollar Missouri taxpayers send us.

In the coming weeks I will appoint a Taxpayer Protection Commission to implement widespread performance reviews. Top-to-bottom reviews of every agency and program to identify what's working and what's not working. What could be run more efficiently and where we can consolidate.

For example, the Taxpayer Protection Commission's work will include a strict and thorough review of every tax credit program.

Let me be crystal clear on this point. Tax credits are for creating jobs and strengthening communities, not for padding the pockets of the wealthiest among us.

In addition, I have ordered the review of all long-term government contracts. We must get our arms around this budget shortfall before we continue committing our state to future spending.

And in the General Assembly, Republicans and Democrats must work together to send me a budget that reflects our need to be more fiscally responsible.

Now, we have every reason to believe that a federal recovery package will soon be passed by Congress, and money will be sent to the states to help create economic growth. We've been working closely with the Obama Administration and our Congressional delegation on this matter. And I have established an Economic Stimulus Coordination Council to ensure that Missouri is prepared to wisely invest the assistance that comes from Washington in a way that is efficient, fiscally responsible and consistent with our shared principles.

While the budget I submit tonight includes significant cuts, we will not put the burden on the backs of our young students.

We all share the belief that education is the key to ensuring economic strength long into the future. Missouri's pre-K-through-12 education system is the foundation of all efforts to prepare our young people to compete in the 21<sup>st</sup> Century. And only a strong education system will ensure that all Missouri children can achieve their full potential.

So even in these difficult economic times, we must fully fund the education foundation formula. That is not negotiable.

Under the budget I submit to you, Missouri classrooms will receive more than 3 billion dollars in state aid.

In addition, I propose a larger investment in early childhood education. We must continue to support funding for career education, the Parents as Teachers program and the Small Schools program. And I have called for increased funding for First Steps, a critical program that helps so many Missouri children get off on the right foot.

We must give our public school teachers the tools they need to educate our children. And make sure that every child has a productive learning environment. That's why I've called for an increase in funding for the "Safe Schools" program, which promotes alternative schools for disruptive students.

When a kid consistently acts up in class, we want them to go to an alternative place where they can learn - not to the street corner.

Every child in Missouri deserves the opportunity to succeed. And that means a quality education for all children - no matter what zip code that child lives in, or what that child's parents do for a living. Education must be the great equalizer.

But we know that in the 21<sup>st</sup> Century, a pre-K-through-12 education is only the beginning. For many, a college degree can be critical to competing in a modern economy.

That degree is out of reach for too many Missouri families. Unaffordable. And the cost of college forces a difficult decision for too many Missourians.

It's a decision much like the one that Marcus and Rachelle Brent from St. Louis recently faced. Marcus and Rachelle had dreamed of sending their daughter Keirstin to college - and worked hard all their lives to make it happen. But just a few weeks ago, they both unexpectedly lost their jobs, and it turned their world upside down. They were left with a difficult decision: Should they take money out of their 401Ks in order to help Keirstin go to college? Or should they ask their daughter to give up her dreams of a college degree?

Marcus and Rachelle decided that their daughter's education comes first. And today Keirstin is a freshman at Harris Stowe State University in St. Louis.

We welcome Keirstin here tonight, and we salute Marcus and Rachelle's dedication to her future.

Families across the state are postponing retirements, taking out second mortgages, doing whatever they can to make college a reality for their children. It shouldn't have to be this way.

Even with her parents' help, Keirstin will still graduate with thousands of dollars of debt. She'll have a hard time buying that new house or new car. Instead of pumping money back into our economy, she'll be paying off the degree that's hanging on her wall.

Tuition has skyrocketed in part because the state has slashed its support for colleges and universities. In the past, when the state has faced challenging economic times, higher education has often been the first target for cuts. Not this time.

Under my proposed budget, Missouri's state colleges and universities will receive the same level of support next year that they currently receive. And in exchange for the state's continued level of support, the presidents of the state's public colleges and universities have agreed not to increase tuition on Missouri students.

Students in other states will see their tuition continue to skyrocket this year. But not here.

Under my proposed budget, not one Missouri student at a public Missouri college, university or community college will see their tuition go up next year. And that is a major victory for Missouri families.

But for many middle-class Missourians, even the current cost of tuition at our public four-year colleges and universities is unaffordable.

To highlight this point, I'd like to tell you about a young lady I met a few months ago. Her name is Jennifer Long. Jennifer grew up in Pleasant Hill but she currently attends Pittsburg State University in Kansas. I asked her why she - or any Missourian - would choose to go to college in Kansas. She told me that she wanted to stay here in Missouri, but she qualified for in-state tuition in Kansas because she lived in a nearby county. And, the schools in Kansas are more affordable.

Jennifer had gone to community college in Missouri on an A+ scholarship - but then had to leave the state in order to afford her four-year degree. That shouldn't happen.

That's why my budget includes funds for my plan called the Missouri Promise. It builds upon our current A+ Schools Program, which allows students at eligible high schools to get their two-year degrees at community colleges tuition free.

The Missouri Promise allows those students who take advantage of A+ scholarships to continue at a Missouri public college or university - and complete their four-year degree debt free.

So now, as long as they keep a B average and give back to their community, students like Jennifer Long will have a pathway to earn a four-year degree and graduate debt free, right here in Missouri.

Please join me in welcoming Jennifer, who joins us tonight. Thank you for coming. We wish you all the best at Pittsburg State. But when you graduate, we need you to come back home and help our economy here in Missouri.

In addition to the Missouri Promise, we'll continue funding other important scholarship programs - like the Missouri Teacher Education Program, Bright Flight, the Missouri Minority Teaching Program, and the Urban Flight and Rural Needs Program.

And we will continue to honor our heroes in the Missouri National Guard as they return home from overseas by fully funding tuition assistance programs. Despite these tough economic times, the State of Missouri will keep its end of the bargain for those who fought for our freedom and safety.

Now, our state's health care system has been broken for some time. And lately, matters have only been getting worse. More than 729,000 Missourians are uninsured, including 150,000 children. Families who have insurance are struggling to afford it. Hospitals are struggling to keep up with the lines at Emergency Rooms.

Nobody should feel good about the state of our health care system. Nobody should feel good that we have 150,000 uninsured children in Missouri. Thousands of parents in our state have to worry about letting their children play outside with their friends after school - because one slip and fall could mean bankruptcy for the family.

In Missouri, there are 100,000 children among our uninsured who are right now eligible for health coverage under Medicaid or the State Children's Health Insurance Program, but are not signed up. That's unacceptable.

We need to identify these families, and put together a coordinated effort to recruit them. We'll eliminate premiums for some kids and create a level premium for the rest. We're going to tear down the roadblocks that are preventing eligible families from registering their children for S-CHIP. And we'll seek to form public-private partnerships to assist families that can't afford S-CHIP premiums.

Tomorrow, I'll propose a supplemental budget recommendation so that we can immediately begin the process of getting these children the health care they deserve.

Not only is it unacceptable that so many of our neighbors live without access to affordable health care, this broken system directly impacts our state's economy. New companies aren't coming to Missouri and employers are not adding workers because the cost of health care is just too high. We cannot get this economy moving until we get the cost of health insurance under control. And we cannot get the cost of health insurance under control until we reduce the number of Missourians who don't have it.

Reducing the number of uninsured Missourians is not just the right thing to do for our neighbors. It is the smart thing to do for our economy. So, we must begin the process of reducing the number of uninsured. It's a massive problem, and in these difficult times, we won't fix it overnight. But we must make progress, and start heading in the right direction once again.

There are many options on the table, and I am open to all good ideas that achieve our common goal - providing more Missouri families access to health coverage that they can afford at a cost that the state can afford.

That's why, in my budget, I've begun the process. Tonight I am offering a plan to expand health coverage to 62,000 more Missourians - that's 35,000 working adults and 27,000 children. We'll pay for much of the cost of this expansion by drawing down additional federal matching dollars.

But let's be clear. While this is the logical first step towards expanding health coverage, it won't be the last step. We must continue to work together to further expand coverage and further drive down costs for Missouri families.

I look forward to working with the legislature to find common ground on this critical issue for our state. And make no mistake, we must take action to address the health care crisis in Missouri this year.

Working together, we can accomplish a lot to bring about the change our state needs. But at a very fundamental level, we must also regain and retain the trust of the people of Missouri.

We can all agree that our government must be more open, more transparent, more responsive and more accountable.

The people of Missouri have had reason to be skeptical of their government in recent years. Legislators doubling as political consultants. Special access for the special interests. A campaign finance system that allows unlimited contributions to flow into candidates' coffers.

That all must stop.

Two weeks ago, I officially put an end to the antiquated system that allowed Governors to give away license fee offices to their political allies. It was a system reminiscent of the political machines and the smoke-filled rooms of the past. Those days should be long behind us.

For as long as I'm your Governor, license fee offices will go to the people or organizations that will run them most effectively and provide the best service to Missourians. I'm encouraged by the bi-partisan support the new system has received, and I hope the General Assembly will send me a bill to make this change permanent.

Elections should be competitions of ideas, not competitions to recruit the largest number of wealthy donors. The people of Missouri have gone to the polls and spoken on this issue: They want strict contribution limits. I agree with them. There is no reason that special interest groups from across the country should be pouring millions of dollars into local elections here in Missouri. That's why I believe we must pass a real campaign finance reform bill during this session.

It's difficult to overstate the seriousness of the challenges we face.

In the coming weeks, we will make the tough decisions needed to tackle our economic challenges. Those decisions won't be easy, and they won't come without sacrifice. Even in these historically tough times, we must continue moving forward. We must all work together to make our state a better place.

The economic climate may have changed in recent months, but the principles we share have not.

We are all in this together.

We all see a future where every Missourian who works hard has a place to work. And where parents can sleep at night knowing that their children will have the medical care they need. A state where every young person has a chance to realize their dreams, and where we know that our government is always on our side.

The solutions to our problems are within reach. And the only thing that can stop us is the same thing that always stops progress: a failure to listen, a failure to compromise, or a failure to walk a day in someone else's shoes.

By working together, we will tear down old barriers and tackle the challenges we face.

United by the principles we share today, Missouri will come back stronger tomorrow.

It is a new day for the Show-Me State, and we're excited by what the future will bring.

Thank you and God bless the great state of Missouri.

### CONCURRENT RESOLUTIONS

Senator Schmitt offered the following concurrent resolution:

#### SENATE CONCURRENT RESOLUTION NO. 14

WHEREAS, over the past year, payroll employment in Missouri has decreased by 26,500 jobs, or 0.9 percent; and

WHEREAS, the current recession has impacted every aspect of Missouri's business market from small businesses to major multi-national corporations in every area of our economy;

WHEREAS, the economic downturn has resulted in reduced shifts, layoffs, job losses, corporate downsizing, and the collapse of various types of businesses within the state; and

WHEREAS, over the past year, the state's unemployment rate has increased to 7.3 percent; and

WHEREAS, in spite of the economic downturn experienced by the state and nation, Missouri must improve its attractiveness to new businesses while retaining and expanding upon existing industries; and

*2009 State of the Judiciary Address  
Chief Justice Laura Denvir Stith*

**Introduction**

President Kinder, President Pro Tem Shields, Speaker Richard, my fellow Supreme Court judges, Treasurer Zweifel, Auditor Montee, Attorney General Koster, other elected officials and my fellow citizens: I am truly honored to appear before you again to discuss the state of Missouri's judiciary.

The people of Missouri envisioned that the leaders of all three branches of our government would swear the same oaths to uphold Missouri's constitution and then work together as constitutional partners in serving the citizens of Missouri. Our constitution establishes distinct but interrelated roles for the judicial, legislative and executive branches. In this, my last year as chief justice, I have directed many of my efforts toward identifying more clearly the constitutional mission of the judicial branch and determining how best that mission can be accomplished. This task has taken on even greater urgency in light of the worsening economic forecast.

In evaluating the role of the judicial branch in our constitutional partnership, the place I naturally began is the people's law: our constitution, which, in article I, imposes certain requirements on the judiciary. Section 14 mandates "That the courts of justice shall be open to every person ...." Section 10 ensures that every person whose life, liberty or property is threatened receives "due process of law." Section 2 specifies that all persons are entitled to equal rights and opportunity under the law. If we do not work together to secure these rights for our citizens, then, as the constitution itself states (article I, section 2), our government "fails in its chief design." These and other overarching constitutional principles have led me to identify four strategic missions of our legal system:

- (1) Ensuring equal and affordable access to justice for all our citizens;
- (2) Providing a fair, unbiased and impartial forum for resolving disputes;
- (3) Effectively and efficiently administering our courts; and
- (4) Enhancing the public's trust and confidence in the justice system and, indeed, the whole government.

All of us in the judiciary strive each day to accomplish these missions. But we cannot do it alone. We will succeed only if we continue to collaborate with you, our constitutional partners. Together, we must encourage continued innovation as we face new and different challenges; we must learn to enhance our services while being more efficient; and we always must keep in mind that any path we choose should continue us toward the kind of open, responsive courts the constitution shows our citizens envisioned.

**Implementing a strategic vision for Missouri's courts**

Collaboration has been the foundation of our government, since the drafting of our constitution. The Missouri Constitution was not the work of just legislators – it evolved – and continues to evolve – through the collaboration of officials from all branches of government and ordinary citizens alike, with a healthy respect for tradition combined with an openness to new ideas.

Missouri's courts have adopted this same approach by reaching out to others as we seek to fulfill our constitutional duties. We know it is not enough for courts simply to do things as they always have done. Especially in the midst of these difficult economic times, we must focus not just on weathering the storm but on using our resources even more efficiently, and we cannot be afraid to ask the difficult questions that drive us toward an improved judiciary. Indeed, the challenges we face *today* make planning for *tomorrow* more essential *now* than ever before.

Some of you will remember that my colleague Mike Wolff helped initiate this process a few years ago by making Missouri the first judiciary in the nation to invite the American Bar Association to conduct a critical review of how well Missourians believe their courts are serving them. The report reassured us that the courts are doing their job very well. We were rated favorably on our professionalism, the quality and tenure of our judges, and our basic unified structure. Our ongoing plan for the use of information technology also was well received. The report also identified a few areas in which further progress must be made – such as adequately funding public defenders and streamlining case procedures.

To better address these and other challenges, the courts must recognize that we cannot simply force all modern problems to fit old judicial molds – we must look at the needs of our citizens and businesses today and ensure that the courts evolve to meet them. As a key part of that effort, I have invited those with the most contact with our legal system – lawyers, judges, court staff and others – to join me in using an open-ended "brainstorming" tool to help us identify ways in which we can make Missouri's courts even better. Their responses have been very helpful and insightful.

But I do not want to stop there. I want your input as well, for I am confident you will have additional insights, drawn from your own experience or that of your constituents, about how our courts can better serve Missouri today and in years to come. In the next few days, the Court will e-mail your office this short brainstorming tool. I know you all are busy and to say "you've got mail" is an understatement, but I ask that you take a moment to look at this tool and please share any ideas you have for us. With your ideas and those already suggested, I will

prepare a more formal strategic initiative that will outline some of the programs that, in both the short and long term, will move us toward fulfilling our four missions. We will share this strategic document with you once it is completed in the coming weeks.

In the meantime, we will deliver to you this afternoon a pocket-sized brochure with basic facts about the judiciary as well as an electronic document outlining our key legislative issues for 2009. I will spend the remainder of my remarks this morning touching on key aspects of these issues. Together, we can build on the solid foundation we already have and forge an even better justice system for the future. Our citizens deserve nothing less.

### ***Ensuring equal and affordable access to justice***

The first mission of the judiciary is to ensure equal and affordable access to justice for all Missourians – no matter their color or creed or ability to pay. We can do no less if we are to fulfill the promise of Missouri’s constitution (article I, section 2) that all our citizens “are entitled to equal rights and opportunity under the law.” This is one of our most critical challenges.

Much good work already is being done to advance this mission. In Kansas City, for example, the municipal court and city prosecutors run a program through which lawyers provide free legal assistance to homeless veterans who are arrested on municipal violations. Usually the veterans are asked to perform community service in lieu of fines. Lawyers in other Missouri cities also participate each year in a law day when they provide free legal advice to those who need help; lawyers in the Springfield area do this on a monthly basis.

Programs like these have sparked people to suggest that we implement statewide “veterans courts” or dockets overseen by judges who understand the unique problems and needs presented by some former members of the military. Other suggestions involve ways we can streamline procedural requirements in complex civil cases such as major labor and business disputes. Along with business leaders throughout our state, we recognize that the prompt resolution of these cases is essential for Missouri’s economic engine to work, let alone to grow. Likewise, we must identify those litigants whose needs we can serve more efficiently in simple civil cases such as foreclosures and even traffic infractions, so that equal access is provided to all litigants, no matter the worth of their case.

I also am proud to tell you that we are seeking to make justice more affordable for all our citizens by expanding the use of teleconferencing and videoconferencing. We already use videoconferencing in some of our juvenile courts to enable parents whose children have been required to be placed far away to see their children and communicate with them on a regular basis. In addition, some courts – such as those in the St. Joseph area – use videoconferencing for criminal arraignments and juvenile dockets as well. The Court believes that expanding this technology could save the state money on staffing and transfer of judges to hear cases in areas where dockets are crowded. At the same time, it would make available to additional litigants quick, direct access to justice while eliminating much of their travel costs.

I have asked a group of knowledgeable judges and clerks to make recommendations – by the end of the current fiscal year – for the best ways to use this technology. Their leader will be a former trial judge with nearly two decades of experience representing all sorts of clients throughout northwest Missouri in all sorts of cases.

I am speaking of my newest colleague, Judge Zel Fischer, whose intelligence, experience and enthusiasm already have made Zel – as he much prefers to be called – an excellent addition to the Supreme Court. He is an extremely devoted family man, and his affable and easy-going manner is obvious to anyone who spends time with him. I am certain that you will come to like him; in fact, I don’t know anyone who has met him who *doesn’t* like him. Judge Fischer – Zel – will you please stand?

### ***Public Defender Crisis as an Aspect of Access to Justice***

One critical challenge, however, continues to be our ability to deliver equal and affordable access to justice in criminal matters. One measure of a society’s justice system is how well it handles the worst of citizens who come before it. Well, I hope there are other measures too, because of all states with statewide public defender systems, Missouri ranks dead last in per capita funding of public defenders. This affects not just the defendant whose trial is delayed. It sometimes means that justice is delayed or denied for the victims of crime, who watch in frustration as evidence or witnesses disappear and stress increases.

There is a serious public safety aspect of the public defender crisis as well. The federal constitution guarantees defendants both speedy trials and competent legal counsel. The inadequate number of public defenders, however, puts in question the state’s ability to meet either of these requirements. In short, if not corrected, defendants potentially could be set free without going to trial. The United States Supreme Court has said that it is presumptively prejudicial for a criminal defendant in state courts to have to wait more than eight months for trial where the delay was caused by the prosecutor. But, just two weeks ago the United States Supreme Court heard an appeal suggesting that it is also the state’s fault if gross underfunding causes public defenders to ask for continuances. Victims’ advocates have expressed very understandable concern this could result in vast numbers of criminals being set free because their public defenders were unable to take them to trial soon enough. Missouri does not want to find itself in the position of other states, such as Indiana, Montana and Washington, that were faced with the possibility of releasing prisoners or lawsuits from the ACLU if they did not fix their public defender crises. It also does not want to be like

Louisiana, where the legislature had to seek a bailout from Congress for the public defender program to avoid releasing hundreds of prisoners.

Much work already is being done in Missouri to try to stave off problems like these. In the city of St. Louis, last year – for the first time in recent memory – more criminal cases were disposed of than were filed. How did they do it? Judges, private attorneys, and attorneys from the public defender’s and circuit attorney’s offices collaborated; our state courts administrator’s office offered technical assistance in expediting case handling; and a method allowing for quicker disposition of criminal cases was established.

And in Springfield, the bar spearheaded a cooperative effort within the local legal community to recruit and train private attorneys to handle probation revocation cases where there are no other charges pending. Just six months after the program was born, more than 40 lawyers have volunteered, most of whom have received training and have begun taking cases. The public defender’s office says this is making a real difference in caseloads there. We are hoping to draw on Springfield’s expertise and replicate its cooperative program elsewhere in Missouri this year. Crista Hogan and Brian Hamburg, who have been intimately involved in that effort, braved the ice and snow to be here today. I ask you both to stand so we all can recognize you for your cooperation, innovation and success.

Even the most drastic of volunteer efforts, however, is not nearly enough. That is why working with you to find creative solutions to remedy the worsening situation in Missouri’s public defender system is one of our key priorities this legislative session. We believe a substantial additional state commitment of resources is necessary, but that simply is not possible without the support of those of you in this room. I am confident that together, we can find ways to ease these burdens, comply with federal law, and enhance equal – and affordable – access to justice for all.

#### ***Providing fair, unbiased and impartial forums for resolving legal issues***

Citizens in civil and criminal cases require more than just equal and affordable access to our legal system, though. They also expect – and deserve – our courts to be fair, unbiased and impartial forums, for the Missouri Constitution (article I, section 14) promises that a “certain remedy [be] afforded for every injury to person, property or character, and that right and justice shall be administered without sale, denial or delay.” Fulfilling this promise also is one of the missions of the Missouri Judiciary.

In our focus on providing an unbiased and impartial forum to resolve disputes, we have found that some types of cases simply do not fit well within a traditional court framework. These cases can be handled better by looking for innovative solutions, such as the drug courts and other specialized “problem-solving” approaches now offered in most of our counties. These specialized dockets make the processing of such cases more efficient and best utilize the expertise of those who work on them – they serve as alternatives to imprisonment for generally non-violent offenders whom the judge believes have a real chance of turning their lives around if they receive serious, court-supervised treatment, oversight and mentoring.

I talked with you last year about the success of our drug courts and of the Greene County DWI court in making positive changes in the lives of participants and their families at a fraction of the cost of prison. These programs make our communities safer, because those who graduate from these courts are far less likely to reoffend than are those who are sent to prison.

A new and effective use of the treatment court model involves reintegration dockets, which reduce recidivism by placing offenders released from prison into intensive programs where they are taught the skills they need to readjust to life in their communities. The program requires random drug tests; regular meetings with a probation officer; frequent support group and treatment sessions; and maintaining employment. A judge monitors the participants’ behavior and can send them to jail or back to prison if they fail to comply. One reintegration success story is that of Larry Goodman, who, for much of his adult life, did not think he had a drug or alcohol problem despite frequent arrests while intoxicated. In 2007, instead of being released directly into the community to make his own way, he entered Boone County’s new reintegration program under the supervision of Judge Christine Carpenter. Now, as Mr. Goodman puts it: “I am living a life like I have never lived before, a life without drugs and alcohol ... Everything is brand new.” Mr. Goodman and Judge Carpenter, would you please stand and be recognized?

These innovative approaches are not limited to the criminal field. The courts and local mental hospitals in St. Joseph and the city of St. Louis have developed programs that allow civil commitment hearings to be held by videoconference without the patient or the doctor ever leaving the hospital. This allows cases to move more quickly, saves time and money, is less stressful and more dignified for the patient, and enhances public safety by eliminating the risk of escape during transport. Ron Dittmore of Heartland Health was instrumental in setting up the program in St. Joseph – a decision driven by economic necessity but that has great long-term effects well beyond the financial benefit. Mr. Dittmore, would you please stand and be recognized for your fine work?

I hope you will have other suggestions for helping our courts fit the kinds of cases brought before them, rather than trying to force unique cases into a one-size-fits-all traditional court structure.

#### ***Efficiently administering justice***

Assuring that our citizens receive an unbiased forum to resolve their disputes dovetails with the third mission of Missouri’s judiciary: to

administer our courts efficiently and effectively. We view all our efforts to improve the efficiency within the judicial branch as part of the constitutional guarantee to our citizens of “due process of the law.”

Many who have participated in our brainstorming exercise have praised our efforts to move cases more expeditiously. Three years ago, based in part on the Commission on Children’s Justice’s recommendations, we implemented time standards for certain hearings in child abuse and neglect cases. I am proud to announce that, last fall, we honored 25 judicial circuits for conducting at least 95 percent of these hearings within the requisite time frames and another dozen circuits for doing so in *100 percent* of their hearings. You should be proud of the judges and staff in all these circuits for this wonderful progress.

Court technology is another area in which we have worked to make our system meet the needs of those we serve. Case.net, which provides public case information to anyone with an Internet connection, is only the tip of the iceberg. We recently completed our statewide case management system, allowing Missouri’s courts to work with almost every department in the state – as well as several government entities nationwide – to ensure prompt access to critical judicial information. For instance, transmitting criminal and traffic disposition information in near real time gets licenses of dangerous drivers revoked quickly and helps residential care facilities ensure their employees’ backgrounds make them appropriate to work with children or the elderly. In the coming year, we are working to send warrants and full orders of protection electronically to law enforcement, giving them this critical information as quickly as possible. As a next step, we are working with the Office of Administration to solicit bids from vendors for e-filing, which would allow litigants to submit and retrieve court documents from remote locations and after hours, reducing costs, saving time and allowing for greater access to filings.

For us to continue providing these critical services, however, we need continued legislative commitment to court technology. Most importantly, we need you to reauthorize the \$7 filing fee paid by those who file cases. Although it funds one-third of the court system’s technology needs, this fee is one of the lowest in the nation for this purpose, and it is scheduled to sunset this year. But without it, we literally would go back to pencil and paper in some places and could not sustain the kind of information sharing that public safety and efficiency require.

This also is important to the state’s bottom line, for if we could not maintain our statewide case management system, we would not be able to continue our efforts to collect monies owed to the state and her citizens. For example, in the four years since the judiciary and the legislature worked together to create the tax-offset and debt-collection programs, Missouri courts have captured for the state more than \$8.4 million. This is just a small part of the tens of millions of dollars the judiciary collects each year that is earmarked for general revenue or other funds the state administers. In fiscal 2008, this amounted to \$40.6 million. This money – which goes to schools and state and local governments – can play a small, but key, part in alleviating some of the burden these difficult financial times are placing on all our government institutions.

We look forward to working with you to maintain the positive economic impact on the state that court technology has. We also look forward to your ideas for other ways to increase the courts’ efficiency.

### ***Increasing public trust and understanding***

I began by emphasizing our roles as constitutional partners. This partnership is established by the Missouri Constitution (article II, section 1), which provides our basic compact with the people: “The powers of government shall be divided into three distinct departments – the legislative, executive and judicial ...” and that no persons in one branch “... shall exercise any power properly belonging to either of the others ....”

Over the past few years, those of us in the legal community have been collaborating to explain the checks and balances of these three co-equal yet interdependent branches of government as a part of our fourth mission: enhancing the public’s trust and confidence in their whole government. I firmly believe that as our citizens increase their understanding of the role and workings of the judiciary and the other branches of government, their already high level of confidence in the judicial system, and their level of confidence in all parts of their government, only will improve. This is an important tie that binds us all: a deep-rooted desire to serve the citizens of this great state and to see justice brought to those who need it.

As a part of expanding the public’s understanding of the judicial role, judges and lawyers are volunteering to teach in schools on Constitution Day and in government classes. Just last week, I took part in a citizenship video program that will be shown to thousands of middle- and high-school students in which I explained the concepts underlying our constitutional democracy. We also are collaborating with The Missouri Bar and others to enhance the public’s understanding of the justice system by expanding the judicial performance evaluations that Judge Mike Wolff suggested two years ago and that the Bar instituted last fall to give voters better information about judges up for retention.

### ***Conclusion***

In conclusion, I want to reiterate how important it is that we *all* continue our joint commitment to a well-run judiciary. Our justice system is one leg of the three-legged stool that represents the system of governance our constitution establishes. I never will forget the difficulties

inherent in your role, and I look forward to your input in the coming weeks and months as we in the courts continue to develop strategic initiatives for an even better and stronger justice system. And let us all – regardless of the branch of government in which we serve – be guided by a legal principle enshrined above the door of the red brick Supreme Court building – “The law: It has honored us. May we honor it.” The citizens of Missouri deserve – and expect – no less.

Thank you.

**SENATE RESOLUTION NO. 210**

WHEREAS, television broadcasting in the United States will switch from analog to digital after February 17th of this year; and

WHEREAS, without the purchase and installation of a signal converter box, many analog televisions will become obsolete after that date; and

WHEREAS, instead of using a converter box to extend the life of an analog television, many Missourians may choose to purchase a new digital television and discard their older t.v.'s; and

WHEREAS, televisions can contain various amounts of heavy metals such as lead, chromium, and mercury, which in certain concentrations can be harmful to human health and the environment; and

WHEREAS, if disposed of improperly, hazardous substances and heavy metals can leach out of solid waste landfills and poison the state's soil and water resources; and

WHEREAS, much of the material used to make a television set is reusable and recyclable; and

WHEREAS, the Missouri Department of Natural Resources coordinates the recycling of electronic waste, or "e-waste," to prevent e-waste from accumulating in landfills; and

WHEREAS, there are a number of e-waste recyclers that operate in the state that are prepared and equipped to safely recycle old t.v.'s; and

WHEREAS, many communities have already scheduled local e-waste collection events where their citizens may drop off their unwanted electronic consumer goods to prevent them from going into the communities' landfills:

NOW, THEREFORE, BE IT RESOLVED that we, the members of the Missouri Senate, Ninety-fifth General Assembly, First Regular Session, strongly urge the citizens of Missouri to recycle their analog televisions if they do not intend to keep them after the national switch to digital broadcasting; and

BE IT FURTHER RESOLVED the Missouri Senate encourages Missourians to find out about where to recycle their unwanted analog televisions by contacting their community solid waste program, the Missouri Department of Natural Resources at 1-800-361-4827, visit the department's Internet website at <http://www.dnr.mo.gov/ecyclemo/events.htm> to find a list of scheduled e-waste collection events, or [www.dnr.mo.gov/env/hwp/computerlist.htm](http://www.dnr.mo.gov/env/hwp/computerlist.htm) to find a list of recognized e-waste recyclers; and

BE IT FURTHER RESOLVED that the Secretary of the Senate be instructed to prepare a properly inscribed copy of this resolution for the Missouri Association of Counties, the Missouri Municipal League and the Missouri Department of Natural Resources.

### CONCURRENT RESOLUTIONS

Senators Bartle and Rupp offered the following concurrent resolution:

#### SENATE CONCURRENT RESOLUTION NO. 18

WHEREAS, the Emergency Economic Stabilization Act of 2008, commonly known as the “bailout plan”, became law on October 3, 2008; and

WHEREAS, the bailout plan authorized the United States Treasury to spend up to seven hundred billion dollars to purchase distressed assets and attempt to inject money into the banking industry; and

WHEREAS, the bailout plan requires little or no transparency or accountability regarding the use of taxpayers' money; and

WHEREAS, the bailout plan has committed the United States government to squander taxpayer money by buying illiquid assets at above-market values and therefore requiring the American public to overpay for these illiquid assets of Wall Street; and

WHEREAS, the economic problems of the United States were created largely by unwise policies by the federal government that incited banks to abandon common-sense lending standards, leading to excess credit and debt being accumulated and ultimately creating a tremendous number of bad mortgages that have had a toxic effect on the overall economic health of our nation; and

WHEREAS, the United States Congress is currently proposing to spend hundreds of billions of additional taxpayer dollars on new bailout proposals which primarily serve to expand government involvement in the private sector and to promote wasteful government spending on unnecessary programs which will result in tremendous debt for our government and citizenry without realistic prospects of meaningful benefit to the economy and will leave to future generations of Americans a staggering debt to repay:

NOW, THEREFORE, BE IT RESOLVED that the members of the Missouri Senate, Ninety-fifth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby express our strong disapproval of the actions of the United States federal government in passing and implementing the Emergency Economic Stabilization Act of 2008 to the detriment of our nation's future economic prosperity; and

BE IT FURTHER RESOLVED that the Missouri General Assembly strongly urges Congress to oppose and refuse to pass any further legislation providing blanket financial assistance to, or “bailing out” of, certain segments of our economy; and

BE IT FURTHER RESOLVED that if Congress persists in this unwise course of action that any and all “bailout” funds given to the State of Missouri come only in the form of a block grant without any requirements that these funds be spent on social programs or other dedicated projects so that the Missouri General Assembly might return these dollars to the taxpayers of the State of Missouri to spend as they see fit; and

BE IT FURTHER RESOLVED that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for the President of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives, and members of the Missouri congressional delegation.

Whereas, the members of the Missouri Senate occasionally pause in their diverse legislative endeavors in order to express their high regard for state employees who have contributed an exceptional amount of time and energy to ensuring the success of this legislative body; and

Whereas, Beauford Wayne “B.W.” Robinson is currently serving in his twenty-third legislative session as a Doorkeeper and Tour Guide for the Missouri Senate; and

Whereas, a bonafide legend around the capitol, B.W. Robinson brings to his work as a Doorkeeper and Tour Guide a wealth of knowledge, skills, and experiences garnered from earlier employment as an educator who served for a number of years as the Superintendent of the Rolla School District; and

Whereas, in 1964 B.W. Robinson drew his duties and responsibilities with Rolla schools to a close to become the Missouri Director of Vocational and Technical Education under whose leadership the state developed fifty-three vocational education programs throughout the state; and

Whereas, during his career in education, B.W. Robinson developed certification requirements for Missouri teachers, authored the Missouri plan for vocational education, guided the development of curriculum guides for teachers, and expanded the role of women in vocational education; and

Whereas, no stranger to honors and accolades, B.W. Robinson was awarded the Missouri Vocational Association's Distinguished Honor Citation in 1982, just a few short years prior to his retirement as Director of Vocational and Technical Education in 1985 and the start of his new career as a Senate Doorkeeper and Tour Guide; and

Whereas, B.W. Robinson also is the recipient of the Distinguished Alumni Award from the MU Alumni Association, was tapped as a member of Mizzou's Mystical 7 Honor Society, was named as an “Outstanding Citizen” by the Jefferson City Chamber of Commerce, and is the namesake of the B.W. Robinson State School in Rolla:

Now, Therefore, Be It Resolved that we, the members of the Missouri Senate, Ninety-fifth General Assembly, join to applaud the personal and professional accomplishments garnered thus far in the life and work of B.W. Robinson and to convey to him this legislative body's most heartfelt commendation of his efforts as a Senate Doorkeeper and Tour Guide during this, his twenty-third legislative session; and

Be It Further Resolved that the Secretary of the Senate be instructed to prepare a properly inscribed copy of this resolution for presentation to Beauford Wayne “B.W.” Robinson.

SENATE RESOLUTION NO. 238

WHEREAS, Congress and the new Administration are working to shape federal policy to respond to the nation's economic crisis; and

WHEREAS, Congress and the new Administration are working to stimulate the economy by some of the largest public works investment in 50 years; and

WHEREAS, difficult choices must be made in determining what types of investments to make in the nation's infrastructure in any federal stimulus and recovery act; and

WHEREAS, passenger train service offers some of the best return on investment as expanded and improved passenger train service is not only an environmentally-friendly transportation choice, but a permanent source of economic development by tying together cities and regions and finally a creator of permanent jobs both in the operation of the service and in the maintenance of the trainsets, tracks, and related infrastructure; and

WHEREAS, railroad jobs, whether with Amtrak, the host freight railroads or railroad suppliers are typically good-paying full-time jobs with benefits that usually pay more than the nation's median income; and

WHEREAS, the United States' passenger rail service is far inferior to those of our global competitors due largely to a lack of rigorous federal investment over the last 50 years; and

WHEREAS, recently the federal government has begun to invest in passenger rail and the upcoming debate over American Recovery and Reinvestment Plan is an opportunity to fully invest in passenger rail as part of the Plan:

NOW, THEREFORE, BE IT RESOLVED, that the members of the Missouri Senate, Ninety-fifth General Assembly, First Regular Session, hereby urge Congress and President Barack Obama to maximize the investment in expanded and improved passenger train service as part of the American Recovery and Reinvestment Plan; and

BE IT FURTHER RESOLVED, that the members of the Missouri Senate urge Congress and President Barack Obama to take full advantage of this opportunity for a full, vigorous federal investment in expanding and improving passenger train service with 100 percent federal sources to build the foundation for lasting prosperity with environmentally-friendly connections between cities and towns in the region and the nation; and

BE IT FURTHER RESOLVED that the Secretary of the Senate be instructed to prepare a properly inscribed copy of this resolution for each member of Missouri's congressional delegation and for President Barack Obama.

Senators Champion and Engler offered Senate Resolution No. 239, regarding Bill Rowe, Springfield, which was adopted.

Senator Crowell offered Senate Resolution No. 240, regarding the Twenty-fifth Wedding Anniversary of Mr. and Mrs. Michael Baker, Sikeston, which was adopted.

### **CONCURRENT RESOLUTIONS**

#### **SENATE CONCURRENT RESOLUTION NO. 19**

WHEREAS, in April 2003, the state of Missouri issued \$387,425,000 in Series A revenue bonds; and

WHEREAS, the proceeds of such bonds were used for a new State Health Lab, the University of Missouri-Kansas City Pharmacy building, and various maintenance and repair projects at universities across the state; and

WHEREAS, the state also used approximately \$89 million of the bond proceeds to reimburse the state general revenue fund for previously completed capital improvement projects that used money from the state general revenue fund, as such reimbursement was necessary to cover a budget shortfall for fiscal year 2003; and

WHEREAS, the debt service on the Series A 2003 revenue bonds is approximately \$28 million annually and will continue until 2029; and

WHEREAS, if the state pays the bonds off at maturity in 2029, the state will have paid approximately \$695.7 million in principal and interest; and

WHEREAS, the bonds are callable in fiscal year 2014 with a payoff cost of \$311.2 million, which would result in a savings of \$123.6 million for the state; and

WHEREAS, in order to have the funds necessary to pay off the Series A 2003 bonds at their call date in fiscal 2014, the state needs to create a sinking fund where funds could be appropriated each year leading up to the call date; and

WHEREAS, the Board of Public Buildings must approve any early payoff of the Series A 2003 revenue bonds:

NOW THEREFORE BE IT RESOLVED that the members of the Missouri Senate, Ninety-fifth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby urge the office of administration to create a sinking fund to collect moneys needed to payoff the Series A 2003 revenue bonds at the time the bonds are callable in fiscal year 2014; and

BE IT FURTHER RESOLVED that the General Assembly urges the Board of Public Buildings to approve the early payoff of the bonds in order to save the state approximately \$123.6 million that the state would have otherwise paid in principal and interest over the lifetime of the bonds; and

BE IT FURTHER RESOLVED that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for the Commissioner of the Office of Administration and each member of the Board of Public Buildings.

## CONCURRENT RESOLUTIONS

Senator Pearce offered the following concurrent resolution:

### SENATE CONCURRENT RESOLUTION NO. 20

WHEREAS, the Government Pension Offset (GPO) and Windfall Elimination Provision (WEP) of the federal Social Security Act penalize people who have dedicated their lives to public service by taking away benefits they have earned; and

WHEREAS, nine out of ten public employees affected by the GPO lose their entire spousal benefit, even though their spouse paid Social Security taxes for many years; and

WHEREAS, the WEP causes hard-working people to lose up to sixty percent of the benefits they earned themselves; and

WHEREAS, many workers rely on misleading Social Security Administration statements that fail to take into account the GPO and WEP when projecting benefits; and

WHEREAS, the impact of the GPO and WEP is not just felt in those states in which public employees, including educators, are not covered by Social Security, because people move from state to state and affected individuals are everywhere; and

WHEREAS, the GPO and WEP apply to all vested members of the Public School Retirement System of Missouri; and

WHEREAS, the number of people affected across the country is growing every day as more and more people reach retirement age; and

WHEREAS, some 300,000 individuals lose an average of \$3,600 a year due to the GPO; and

WHEREAS, this amount can make the difference between self-sufficiency and poverty; and

WHEREAS, these people have less money to spend in their local economy and sometimes have to turn to expensive government programs like food stamps to make ends meet; and

WHEREAS, during a national teacher shortage, the GPO and WEP discourage people from entering and staying in the teaching profession, since doing so will mean a loss of earned Social Security benefits; and

WHEREAS, the GPO and WEP are also causing current educators to leave the profession and students to choose courses of study other than education; and

WHEREAS, non-Social Security states are finding it increasingly difficult to attract quality educators as more people learn about the GPO and WEP; and

WHEREAS, the nation should respect, not penalize, public service; and

WHEREAS, the GPO and WEP are established in federal law and repeal of the GPO and WEP can only be enacted by the United States Congress:

NOW THEREFORE BE IT RESOLVED that the members of the Missouri Senate, Ninety-fifth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby urge the Congress of the United States to immediately repeal the Government Pension Offset and Windfall Elimination Provision of the Social Security Act; and

BE IT FURTHER RESOLVED that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for the President of the United States Senate, the Speaker of the United States House of Representatives and the members of the Missouri congressional delegation.

WHEREAS, “25 by 25” is a renewable energy initiative proposing that America's agricultural and forestry sectors produce 25 percent of the nation's energy requirements from renewable resources by the year 2025 while continuing to produce abundant and safe food and fiber; and

WHEREAS, having an affordable, reliable, and plentiful energy supply is critical for our state and national economy and the national and international food supply; and

WHEREAS, current and future risks to the nation's energy security are mounting while global energy demands are growing exponentially; and

WHEREAS, Missouri's productive farms and forests can become the future sources for renewable fuels to help supply these growing energy demands; and

WHEREAS, the development of a broad spectrum of renewable energy sources, including but not limited to wind power, biodiesel, biomass, methane digesters, ethanol, and solar, would be beneficial to Missouri's farmers and rural communities by opening additional markets for agricultural commodities, increasing farm income, developing new products from livestock byproducts, improving the productive use of marginal lands, improving wildlife habitat, and creating many new job opportunities; and

WHEREAS, American agriculture is well-positioned to play an expanded role in the development and implementation of new energy solutions and, with appropriate technological innovation, incentives, and investments, America's farms and forests can become the factories that produce a new generation of fuels to help meet the nation's critical energy needs; and

In determining the need of a claimant, the costs of providing medical treatment which may be furnished pursuant to sections 208.151 to 208.158 and 208.162 shall be disregarded. The amount of benefits, when added to all other income, resources, support, and maintenance shall provide such persons with reasonable subsistence compatible with decency and health in accordance with the standards developed by the division of family services; provided, when a husband and wife are living together, the combined income and resources of both shall be considered in determining the eligibility of either or both. “Living together” for the purpose of this chapter is defined as including a husband and wife separated for the purpose of obtaining medical care or nursing home care, except that the income of a husband or wife separated for such purpose shall be considered in determining the eligibility of his or her spouse, only to the extent that such income exceeds the amount necessary to meet the needs (as defined by rule or regulation of the division) of such husband or wife living separately. In determining the need of a claimant in federally aided programs there shall be disregarded such amounts per month of earned income in making such determination as shall be required for federal participation by the provisions of the federal Social Security Act (42 U.S.C.A. 301 et seq.), or any amendments thereto. When federal law or regulations require the exemption of other income or resources, the division of family services may provide by rule or

regulation the amount of income or resources to be disregarded.

2. Benefits shall not be payable to any claimant who:

(1) Has or whose spouse with whom he or she is living has, prior to July 1, 1989, given away or sold a resource within the time and in the manner specified in this subdivision. (b) The resource shall be considered in determining eligibility from the date of the transfer for the number of months the uncompensated value of the disposed of resource is divisible by the average monthly grant paid or average Medicaid payment in the state at the time of the investigation to an individual or on his or her behalf under the program for which benefits are claimed, provided that:

a. When the uncompensated value is twelve thousand dollars or less, the resource shall not be used in determining eligibility for more than twenty-four months; or

b. When the uncompensated value exceeds twelve thousand dollars, the resource shall not be used in determining eligibility for more than sixty months;

(2) The provisions of subdivision (1) of this subsection shall not apply to a transfer, other than a transfer to claimant's spouse, made prior to March 26, 1981, when the claimant furnishes convincing evidence that the uncompensated value of the disposed of resource or any part thereof is no longer possessed or owned by the person to whom the resource was transferred;

(3) Has received, or whose spouse with whom he or she is living has received, benefits to which he or she was not entitled through misrepresentation or nondisclosure of material facts or failure to report any change in status or correct information with respect to property or income as required by section 208.210. A claimant ineligible pursuant to this subsection shall be ineligible for such period of time from the date of discovery as the division of family services may deem proper; or in the case of overpayment of benefits, future benefits may be decreased, suspended or entirely withdrawn for such period of time as the division may deem proper;

# Journal of the Senate

FIRST REGULAR SESSION

---

**TWENTY-FIFTH DAY—THURSDAY, FEBRUARY 19, 2009**

---

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

“Sometimes the Lord rides out the storm with us and other times He calms the restless sea around us. Most of all, He calms the storm inside us in our deepest inner soul.” (Lloyd John Ogilvie)

Merciful God, You truly do what is best for us and can help to calm the passions that sometimes grow unchecked within us. Do so as we travel home to loved ones and leave what is frustrating us here so we may use this time to share in loving and caring ways with those You have given us to love. And may we be found in prayer in Your house this weekend beside those we love. In Your Holy Name we pray. Amen.

# Journal of the Senate

FIRST REGULAR SESSION

---

**TWENTY-SEVENTH DAY—TUESDAY, FEBRUARY 24, 2009**

---

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

“But shouts of joy and gladness for all who take pleasure in my virtue; give them constant cause to say, ‘Great is Yahweh, who like to see his servant at peace!’ Then my tongue will shout your goodness, and sing your praises all day long.” (Psalm 36:27, 28)

Almighty God, we pray that we may always be about that which You desire, that our lives may reflect Your virtue in the bills we pass and the way we live our lives. May we be so delighted in the use of each day You give us, some for work, some for fun and some for love, that our hearts may shout for the joy we experience in Your presence and the good we are capable of accomplishing. In Your Holy Name we pray. Amen.

**SENATE CONCURRENT RESOLUTION NO. 22**

WHEREAS, every person in Missouri and in the United States deserves access to affordable, quality health care; and

WHEREAS, there is a growing crisis in health care in the United States of America, manifested in rising health care costs, increased premiums, out-of-pocket spending, decreased international business competitiveness, and massive layoffs; and

WHEREAS, approximately 729,564 Missourians lacked health insurance in 2007; and

WHEREAS, those insured now often experience unacceptable medical debt and sometimes life-threatening delays in obtaining health care; and

WHEREAS, one-half of all personal bankruptcies are due to illnesses or medical bills; and

WHEREAS, the rising cost of insuring state employees and teachers can best be met not by limiting benefits, but by expanding them under a national, publicly-funded health insurance program; and

WHEREAS, the complex bureaucracy arising from our system of fragmented, for-profit, multi-payer system of health care financing consumes approximately 30% of United States health care spending; and

WHEREAS, independent research by Kenneth E. Thorpe, PhD. found in 2003 that if Missouri adopted a single-payer, universal health program with benefits more generous than 75% of all private insurance benefits in the state, Missouri health care spending would decline by a savings of \$1.3 billion in administrative costs alone under a streamlined administrative structure; and

WHEREAS, United States Representative John Conyers has introduced H.R. 676, the United States National Health Insurance Act, in the United States House of Representatives, and this act would provide a universal, comprehensive, single-payer system of high quality national health insurance:

NOW, THEREFORE, BE IT RESOLVED that the members of the Missouri Senate, Ninety-fifth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby respectfully urge the United States Congress to enact the United States National Health Insurance Act sponsored by Representative Conyers; and

BE IT FURTHER RESOLVED that the Secretary of the Missouri Senate be instructed to prepare a properly inscribed copy of this resolution for President Barack Obama and each member of the Missouri congressional delegation.

SENATE AMENDMENT NO. 1

Amend Senate Bill No. 255, Page 1, Section 172.030, Lines 1 to 8, by deleting all of said lines and inserting in lieu thereof the following:

“172.030. **1.** The board of curators of the University of the state of Missouri shall hereafter consist of nine members, who shall be appointed by the governor, by and with the advice and consent of the senate; provided, that not more than one person shall be appointed upon said board from the same congressional district, **except as provided in subsection 2 of this section**, and no person shall be appointed a curator who shall not be a citizen of the United States, and who shall not have been a resident of the state of Missouri two years next prior to his appointment. Not more than five curators shall belong to any one political party.

**2. In the event the state of Missouri loses a congressional district following redistricting based on the 2010 census, the ninth member of the board shall be a student curator who shall have the right to vote on any matter before the board, including the hiring or firing of the president of the University of Missouri system, the chancellors of each of the university campuses, the general counsel of the university, the secretary of the board of curators, and all other general officers of the university. However, the student curator shall be excluded from all other decisions regarding hiring or firing of faculty or staff. The student curator may be from any congressional district, and his or her district may be the same as one member of the board. The first student curator shall be appointed in January 2011 and shall serve a two-year term provided the person maintains the status of a full-time student. The student curator appointed under this subsection shall replace the nonvoting student representative appointed under section 172.035; however, such student curator shall be appointed in the manner prescribed in section 172.035, and he or she shall meet all other requirements of section 172.035.**

172.035. **1.** The governor shall, by and with the advice and consent of the senate, appoint a student representative to the board of curators of the University of Missouri, who shall attend all meetings and participate in all deliberations of the board. Such student representative shall not have the right to vote on any matter before the board, **unless the student representative position on the board is converted to a student curator position, as provided under section 172.030.**

2. Such student representative shall be a full-time student at the university as defined by the board, selected from a panel of three names submitted to the governor by the student government presidents of the campuses of the university, a citizen of the United States, and a resident of the state of Missouri. No person may be appointed who is not actually enrolled during the term of such person's appointment as a student at the University of Missouri.

3. The term of the student representative shall be two years, except that the person first appointed shall serve until January 1, 1986.

4. If a vacancy occurs for any reason in the position of student representative, the governor shall appoint a replacement who meets the qualifications set forth in subsection 2 of this section and who shall serve until the student representative's successor is appointed and qualified.

5. If the student representative ceases to be a student at the University of Missouri, or a resident of the state of Missouri, or fails to follow the board's attendance policy, the student representative's position shall at once become vacant, unless such absence is caused by sickness or some accident preventing such representative's arrival at the time and place appointed for the meeting.

6. The student representative shall receive the same reimbursement for expenses as other members of the board of curators receive pursuant to section 172.040.

7. Appointments made under this section shall be made in rotation from each of the four campuses of the University of Missouri, beginning with a student from the Columbia campus, next from the Rolla campus, next from the Kansas City campus, and then from the St. Louis campus. **If, after August 28, 2009, the university adds another campus or campuses, then such campus or campuses shall be inserted into the aforementioned rotation following the St. Louis campus in the order in which such campus or campuses are admitted into the university.**

8. Unless alternative arrangements for payment have been made and agreed to by the student and the university, the student representative shall have paid all student and tuition fees due prior to such appointment and shall pay all future student and tuition fees during the term of office when such fees are due.

172.040. **Except as provided in subsection 2 of section 172.030 for student curators,** the term of service of the curators shall be six years, the terms of three expiring every two years; the first expiration occurring on the first day of January, 1911, and succeeding expirations of three members every two years thereafter. Said curators, while attending the meetings of the board, shall receive their actual expenses, which shall be paid out of the ordinary revenues of the university.

172.060. **Except as provided in subsection 2 of section 172.030 for student curators,** all appointments to fill vacancies, except such as may be made to fill out unexpired terms, shall be for the term of six years, and until the successors of such appointees shall be appointed and qualified.”; and

## **CONCURRENT RESOLUTIONS**

Senator Lager offered the following concurrent resolution:

### **SENATE CONCURRENT RESOLUTION NO. 24**

WHEREAS, the right to a private secret ballot when voting on external representation is fundamentally inherent in our representative republic and shall not be infringed upon; and

WHEREAS, passing the Employee Free Choice Act (EFCA, H.R. 800/S. 1041) will replace a federally supervised private ballot election with a system that facilitates coercion and intimidation, known as “card check”, whereby employees publicly sign cards to vote for unionization; and

WHEREAS, 79 percent of the American people support a worker's right to a federally supervised secret ballot election when deciding whether or not to join a union; and

WHEREAS, the tri-partisan agreement to oppose the EFCA is overwhelming, as 77 percent of Republicans, 82 percent of Democrats, and 79 percent of Independents believe in protecting private ballots; and

WHEREAS, in July 2002, before a U.S. House subcommittee, a union employee testified that those who would not vote for a union in a public “card check” program were threatened with termination, deportation, and loss of 401(k) and health benefits; and

WHEREAS, even the chairman of the U.S. House Education and Labor Committee, Rep. Miller (D-California), and staunch supporter of the American “card check” bill, sent a letter to Mexican government officials which stated, “... we feel that the private ballot is absolutely necessary in order to ensure workers are not intimidated into voting for a union they may otherwise not choose.”; and

WHEREAS, the EFCA's mandatory binding arbitration provisions deny workers the right to participate in the collective bargaining process between employees and the union:

NOW, THEREFORE, BE IT RESOLVED that the members of the Missouri Senate, Ninety-fifth General Assembly, First Regular Session, the House of Representatives concurring therein, find that so-called “card check” legislation such as the “Employee Free Choice Act” is detrimental to the rights of workers and an offense against democratic principles, and urges all members of the congressional delegation to support worker freedom by opposing the EFCA and any of its components in 2009 and in future years; and

BE IT FURTHER RESOLVED that the Secretary of the Senate be instructed to prepare a properly inscribed copy of this resolution for each member of Missouri's congressional delegation.

7. Appointments made under this section shall be made in rotation from each of the four campuses of the University of Missouri, beginning with a student from the Columbia campus, next from the Rolla campus, next from the Kansas City campus, and then from the St. Louis campus. **If after August 28, 2009, the university adds another campus or campuses, then such campus or campuses shall be inserted into the aforementioned rotation following the St. Louis campus in the order in which such campus or campuses are admitted into the university.**

8. Unless alternative arrangements for payment have been made and agreed to by the student and the university, the student representative shall have paid all student and tuition fees due prior to such appointment and shall pay all future student and tuition fees during the term of office when such fees are due.

172.040. **Except as provided in subsection 2 of section 172.030 for student curators,** the term of service of the curators shall be six years, the terms of three expiring every two years; the first expiration occurring on the first day of January, 1911, and succeeding expirations of three members every two years thereafter. Said curators, while attending the meetings of the board, shall receive their actual expenses,

which shall be paid out of the ordinary revenues of the university.

172.060. **Except as provided in subsection 2 of section 172.030 for student curators**, all appointments to fill vacancies, except such as may be made to fill out unexpired terms, shall be for the term of six years, and until the successors of such appointees shall be appointed and qualified.

173.005. 1. There is hereby created a “Department of Higher Education”, and the division of higher education of the department of education is abolished and all its powers, duties, functions, personnel and property are transferred as provided by the Reorganization Act of 1974, Appendix B, RSMo.

2. The commission on higher education is abolished and all its powers, duties, personnel and property are transferred by type I transfer to the “Coordinating Board for Higher Education”, which is hereby created, and the coordinating board shall be the head of the department. The coordinating board shall consist of nine members appointed by the governor with the advice and consent of the senate, and not more than five of its members shall be of the same political party. None of the members shall be engaged professionally as an educator or educational administrator with a public or private institution of higher education at the time appointed or during his term. The other qualifications, terms and compensation of the coordinating board shall be the same as provided by law for the curators of the University of Missouri, **except that no member of the coordinating board shall be a student**. The coordinating board may, in order to carry out the duties prescribed for it in subsections 1, 2, 3, 7, and 8 of this section, employ such professional, clerical and research personnel as may be necessary to assist it in performing those duties, but this staff shall not, in any fiscal year, exceed twenty-five full-time equivalent employees regardless of the source of funding. In addition to all other powers, duties and functions transferred to it, the coordinating board for higher education shall have the following duties and responsibilities:

(1) The coordinating board for higher education shall have approval of proposed new degree programs to be offered by the state institutions of higher education;

(2) The coordinating board for higher education may promote and encourage the development of cooperative agreements between Missouri public four-year institutions of higher education which do not offer graduate degrees and Missouri public four-year institutions of higher education which do offer graduate degrees for the purpose of offering graduate degree programs on campuses of those public four-year institutions of higher education which do not otherwise offer graduate degrees. Such agreements shall identify the obligations and duties of the parties, including assignment of administrative responsibility. Any diploma awarded for graduate degrees under such a cooperative agreement shall include the names of both institutions inscribed thereon. Any cooperative agreement in place as of August 28, 2003, shall require no further approval from the coordinating board for higher education. Any costs incurred with respect to the administrative provisions of this subdivision may be paid from state funds allocated to the institution assigned the administrative authority for the program. The provisions of this subdivision shall not be construed to invalidate the provisions of subdivision (1) of this subsection;

(3) In consultation with the heads of the institutions of higher education affected and against a background of carefully collected data on enrollment, physical facilities, manpower needs, institutional missions, the coordinating board for higher education shall establish guidelines for appropriation requests by those institutions of higher education; however, other provisions of the Reorganization Act of 1974 notwithstanding, all funds shall be appropriated by the general assembly to the governing board of each public four-year institution of higher education which shall prepare expenditure budgets for the institution;

(4) No new state-supported senior colleges or residence centers shall be established except as provided

by law and with approval of the coordinating board for higher education;

(5) The coordinating board for higher education shall establish admission guidelines consistent with institutional missions;

(6) The coordinating board shall establish policies and procedures for institutional decisions relating to the residence status of students;

(7) The coordinating board shall establish guidelines to promote and facilitate the transfer of students between institutions of higher education within the state and shall ensure that as of the 2008-09 academic year, in order to receive increases in state appropriations, all approved public two- and four-year public institutions shall work with the commissioner of higher education to establish agreed-upon competencies for all entry-level collegiate courses in English, mathematics, foreign language, sciences, and social sciences associated with an institution's general education core and that the coordinating board shall establish policies and procedures to ensure such courses are accepted in transfer among public institutions and treated as equivalent to similar courses at the receiving institutions. The department of elementary and secondary education shall align such competencies with the assessments found in section 160.518, RSMo, and successor assessments;

(8) The coordinating board shall collect the necessary information and develop comparable data for all institutions of higher education in the state.

The coordinating board shall use this information to delineate the areas of competence of each of these institutions and for any other purposes deemed appropriate by the coordinating board;

(9) Compliance with requests from the coordinating board for institutional information and the other powers, duties and responsibilities, herein assigned to the coordinating board, shall be a prerequisite to the receipt of any funds which the coordinating board is responsible for administering;

(10) If any institution of higher education in this state, public or private, willfully fails or refuses to follow any lawful guideline, policy or procedure established or prescribed by the coordinating board, or knowingly deviates from any such guideline, or knowingly acts without coordinating board approval where such approval is required, or willfully fails to comply with any other lawful order of the coordinating board, the coordinating board may, after a public hearing, withhold or direct to be withheld from that institution any funds the disbursement of which is subject to the control of the coordinating board, or may remove the approval of the institution as an approved institution within the meaning of section 173.1102. If any such public institution willfully disregards board policy, the commissioner of higher education may order such institution to remit a fine in an amount not to exceed one percent of the institution's current fiscal year state operating appropriation to the board. The board shall hold such funds until such time that the institution, as determined by the commissioner of higher education, corrects the violation, at which time the board shall refund such amount to the institution. If the commissioner determines that the institution has not redressed the violation within one year, the fine amount shall be deposited into the general revenue fund, unless the institution appeals such decision to the full coordinating board, which shall have the authority to make a binding and final decision, by means of a majority vote, regarding the matter. However, nothing in this section shall prevent any institution of higher education in this state from presenting additional budget requests or from explaining or further clarifying its budget requests to the governor or the general assembly; and

(11) (a) As used in this subdivision, the term "out-of-state public institution of higher education" shall

mean an education institution located outside of Missouri that:

- a. Is controlled or administered directly by a public agency or political subdivision or is classified as a public institution by the state;
- b. Receives appropriations for operating expenses directly or indirectly from a state other than Missouri;
- c. Provides a postsecondary course of instruction at least six months in length leading to or directly creditable toward a degree or certificate;
- d. Meets the standards for accreditation by an accrediting body recognized by the United States Department of Education or any successor agency; and
- e. Permits faculty members to select textbooks without influence or pressure by any religious or sectarian source.

(b) No later than July 1, 2008, the coordinating board shall promulgate rules regarding:

- a. The board's approval process of proposed new degree programs and course offerings by any out-of-state public institution of higher education seeking to offer degree programs or course work within the state of Missouri; and
- b. The board's approval process of degree programs and courses offered by any out-of-state public institutions of higher education that, prior to July 1, 2008, were approved by the board to operate a school in compliance with the provisions of sections 173.600 to 173.618.

The rules shall ensure that, as of July 1, 2008, all out-of-state public institutions seeking to offer degrees and courses within the state of Missouri are evaluated in a manner similar to Missouri public higher education institutions. Such out-of-state public institutions shall be held to standards no lower than the standards established by the coordinating board for program approval and the policy guidelines of the coordinating board for data collection, cooperation, and resolution of disputes between Missouri institutions of higher education under this section. Any such out-of-state public institutions of higher education wishing to continue operating within this state must be approved by the board under the rules promulgated under this subdivision. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly under chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

(c) Nothing in this subdivision or in section 173.616 shall be construed or interpreted so that students attending an out-of-state public institution are considered to be attending a Missouri public institution of higher education for purposes of obtaining student financial assistance.

3. The coordinating board shall meet at least four times annually with an advisory committee who shall be notified in advance of such meetings. The coordinating board shall have exclusive voting privileges. The advisory committee shall consist of thirty-two members, who shall be the president or other chief administrative officer of the University of Missouri; the chancellor of each campus of the University of Missouri; the president of each state-supported four-year college or university, including Harris-Stowe State University, Missouri Southern State University, Missouri Western State University, and Lincoln University;

the president of Linn State Technical College; the president or chancellor of each public community college district; and representatives of each of five accredited private institutions selected biennially, under the supervision of the coordinating board, by the presidents of all of the state's privately supported institutions; but always to include at least one representative from one privately supported community college, one privately supported four-year college, and one privately supported university. The conferences shall enable the committee to advise the coordinating board of the views of the institutions on matters within the purview of the coordinating board.

4. The University of Missouri, Lincoln University, and all other state-governed colleges and universities, chapters 172, 174 and 175, RSMo, and others, are transferred by type III transfers to the department of higher education subject to the provisions of subsection 2 of this section.

5. The state historical society, chapter 183, RSMo, is transferred by type III transfer to the University of Missouri.

6. The state anatomical board, chapter 194, RSMo, is transferred by type II transfer to the department of higher education.

7. All the powers, duties and functions vested in the division of public schools and state board of education relating to community college state aid and the supervision, formation of districts and all matters otherwise related to the state's relations with community college districts and matters pertaining to community colleges in public school districts, chapters 163 and 178, RSMo, and others, are transferred to the coordinating board for higher education by type I transfer. Provided, however, that all responsibility for administering the federal-state programs of vocational-technical education, except for the 1202a post-secondary educational amendments of 1972 program, shall remain with the department of elementary and secondary education. The department of elementary and secondary education and the coordinating board for higher education shall cooperate in developing the various plans for vocational-technical education; however, the ultimate responsibility will remain with the state board of education.

8. The administration of sections 163.171 and 163.181, RSMo, relating to teacher-training schools in cities, is transferred by type I transfer to the coordinating board for higher education.

9. All the powers, duties, functions, personnel and property of the state library and state library commission, chapter 181, RSMo, and others, are transferred by type I transfer to the coordinating board for higher education, and the state library commission is abolished. The coordinating board shall appoint a state librarian who shall administer the affairs of the state library under the supervision of the board.

10. All the powers, duties, functions, and properties of the state poultry experiment station, chapter 262, RSMo, are transferred by type I transfer to the University of Missouri, and the state poultry association and state poultry board are abolished. In the event the University of Missouri shall cease to use the real estate of the poultry experiment station for the purposes of research or shall declare the same surplus, all real estate shall revert to the governor of the state of Missouri and shall not be disposed of without legislative approval.”; and

Further amend the title and enacting clause accordingly.

Senator Smith moved that the above amendment be adopted.

Senator Nodler raised the point of order that **SA 2** is out of order as it goes beyond the scope and title of the bill.

The point of order was referred to the President Pro Tem who ruled it well taken.

At the request of Senator Pearce, **SB 255** was placed on the Informal Calendar.

HOUSE COMMITTEE SUBSTITUTE FOR  
HOUSE CONCURRENT RESOLUTION NO. 16

Whereas, President of the United States Barack H. Obama has, by executive order, ordered the Pentagon to close the Guantanamo Bay prison within one year; and

Whereas, many of the detainees currently imprisoned at Guantanamo Bay are suspected terrorists and have committed or are accused of committing egregious crimes against the United States of America, including but not limited to orchestrating attacks on the World Trade Center, the Pentagon, and another target in the nation's Capitol on September 11, 2001; and

Whereas, the safety and security of Missouri citizens is an issue of utmost importance to the Missouri General Assembly; and

Whereas, the manner and route of relocation and the ultimate destination of these terror suspects when transferred from the Guantanamo Bay prison remains unclear; and

Whereas, the transportation of these terror suspects through Missouri as they are routed to another military or federal detention center could pose an unnecessary risk to the safety, security, and lives of our citizens; and

Whereas, the temporary internment of these terror suspects in Missouri as they are transported to another military or federal detention center could pose an unnecessary risk to the safety, security, and lives of our citizens; and

Whereas, Missouri seeks the support of the state governments of Missouri's eight contiguous states - Arkansas, Illinois, Iowa, Kansas, Kentucky, Nebraska, Oklahoma, and Tennessee - in notifying our public safety officials of any attempt to transport terror suspects across our borders:

Now, therefore, be it resolved that the members of the House of Representatives of the Ninety-fifth General Assembly, First Regular Session, the Senate concurring therein, hereby strongly urge the United States Congress to reject any act of asylum, containment, transport, imprisonment, or medical care in regard to suspected terrorists from any United States operated foreign prison present within the State of Missouri; and

Be it further resolved that the Missouri General Assembly also encourages all of Missouri's contiguous states to adopt similar resolutions; and

Be it further resolved that the Chief Clerk of the Missouri House of Representatives be instructed to prepare a properly inscribed copy of this resolution for Barack H. Obama, President of the United States; the Majority Leader and Minority Leader of the United States Senate; the Majority Leader and Minority Leader of the United States House of Representatives; each member of the Missouri Congressional delegation; and the Governor of each of Missouri's eight contiguous states, and the President of the Senate and Speaker of the House of Representatives of each of the legislatures of Missouri's eight contiguous states.

The Senate met pursuant to adjournment.

Senator Lager in the Chair.

Reverend Carl Gauck offered the following prayer:

Almighty God, as we discern this day's business let us do so with a gentle, peaceable nature so that our efforts produce the good fruits that were first inspired from You. Let our arguments be filled with sincerity and reasonableness so that they are persuasive and produce the needed results we seek. In Your Holy Name we pray. Amen.

2. An offender or an accomplice of an offender shall in no case be eligible to receive compensation with respect to a crime committed by the offender. No victim or dependent shall be denied compensation solely because he is a relative of the offender or was living with the offender as a family or household member at the time of the injury or death. However, the [division] **department** may award compensation to a victim or dependent who is a relative, family or household member of the offender only if the [division] **department** can reasonably determine the offender will receive no substantial economic benefit or unjust enrichment from the compensation.

3. No compensation of any kind may be made to a victim or intervenor injured while confined in any federal, state, county, or municipal jail, prison or other correctional facility, including house arrest **or electronic monitoring**.

4. 6. Victims of crime who are not residents of the state of Missouri may be compensated only when federal funds are available for that purpose. Compensation for nonresident victims shall terminate when federal funds for that purpose are no longer available.

7. A Missouri resident who suffers personal physical injury or, in the case of death, a dependent of the victim or any member of the family who legally assumes the obligation, or who pays the medical or burial expenses incurred as a direct result thereof, in another state, possession or territory of the United States may make application for compensation in Missouri if:

595.025. 1. A claim for compensation may be filed by a person eligible for compensation or, if the person is an incapacitated or disabled person, or a minor, by the person's spouse, parent, conservator, or guardian.

2. A claim shall be filed not later than two years after the occurrence of the crime or the discovery of the crime upon which it is based.

3. Each claim shall be filed in person or by mail. The [division of workers' compensation] **department of public safety** shall investigate such claim, prior to the opening of formal proceedings. The claimant shall be notified of the date and time of any hearing on such claim. In determining the amount of compensation for which a claimant is eligible, the [division] **department** shall consider the facts stated on the application filed pursuant to section 595.015, and:

(1) Need not consider whether or not the alleged assailant has been apprehended or brought to trial or the result of any criminal proceedings against that person; however, if any person is convicted of the crime which is the basis for an application for compensation, proof of the conviction shall be conclusive evidence that the crime was committed;

(2) Shall determine the amount of the loss to the claimant, or the victim's survivors or dependents;

(3) Shall determine the degree or extent to which the victim's acts or conduct provoked, incited, or contributed to the injuries or death of the victim.

4. The claimant may present evidence and testimony on his own behalf or may retain counsel. The [division of workers' compensation] **department of public safety** may, as part of any award entered under sections 595.010 to 595.075, determine and allow reasonable attorney's fees, which shall not exceed fifteen

percent of the amount awarded as compensation under sections 595.010 to 595.075, which fee shall be paid out of, but not in addition to, the amount of compensation, to the attorney representing the claimant. No attorney for the claimant shall ask for, contract for or receive any larger sum than the amount so allowed.

5. The person filing a claim shall, prior to any hearing thereon, submit reports, if available, from all hospitals, physicians or surgeons who treated or examined the victim for the injury for which compensation is sought. If, in the opinion of the [division of workers' compensation] **department of public safety**, an examination of the injured victim and a report thereon, or a report on the cause of death of the victim, would be of material aid, the [division of workers' compensation] **department of public safety** may appoint a duly qualified, impartial physician to make such examination and report.

6. Each and every payment shall be exempt from attachment, garnishment or any other remedy available to creditors for the collection of a debt.

7. Payments of compensation shall not be made directly to any person legally incompetent to receive them but shall be made to the parent, guardian or conservator for the benefit of such minor, disabled or incapacitated person.

595.027. 1. Upon request by the [division] **department** for verification of injuries of victims, medical providers shall submit the information requested by the [division] **department** within twenty working days of the request at no cost to the fund.

2. For purposes of this section, “medical providers” means physicians, **pharmacists**, dentists, clinical psychologists, optometrists, podiatrists, registered nurses, physician's assistants, chiropractors, physical therapists, hospitals, **pharmacies**, ambulatory surgical centers, and nursing homes.

3. Failure to submit the information as required by this section shall be an infraction.

595.030. 1. No compensation shall be paid unless the claimant has incurred an out-of-pocket loss of at least fifty dollars or has lost two continuous weeks of earnings or support from gainful employment. “Out-of-pocket loss” shall mean unreimbursed or unreimbursable expenses or indebtedness reasonably incurred:

(1) For medical care or other services, including psychiatric, psychological or counseling expenses, necessary as a result of the crime upon which the claim is based, except that the amount paid for psychiatric, psychological or counseling expenses per eligible claim shall not exceed two thousand five hundred dollars; or

(2) As a result of personal property being seized in an investigation by law enforcement. Compensation paid for an out-of-pocket loss under this subdivision shall be in an amount equal to the loss sustained, but shall not exceed two hundred fifty dollars.

2. No compensation shall be paid unless the [division of workers' compensation] **department of public safety** finds that a crime was committed, that such crime directly resulted in personal physical injury to, or the death of, the victim, and that police records show that such crime was promptly reported to the proper authorities. In no case may compensation be paid if the police records show that such report was made more than forty-eight hours after the occurrence of such crime, unless the [division of workers' compensation] **department of public safety** finds that the report to the police was delayed for good cause. If the victim is under eighteen years of age such report may be made by the victim's parent, guardian or custodian; by a physician, a nurse, or hospital emergency room personnel; by the division of family services personnel; or by any other member of the victim's family. In the case of a sexual offense, filing a report of the offense

to the proper authorities may include, but not be limited to, the filing of the report of the forensic examination by the appropriate medical provider, as defined in section [191.225, RSMo] **595.220**, with the prosecuting attorney of the county in which the alleged incident occurred.

3. No compensation shall be paid for medical care if the service provider is not a medical provider as that term is defined in section 595.027, and the individual providing the medical care is not licensed by the state of Missouri or the state in which the medical care is provided.

4. No compensation shall be paid for psychiatric treatment or other counseling services, including psychotherapy, unless the service provider is a:

(1) Physician licensed pursuant to chapter 334, RSMo, or licensed to practice medicine in the state in which the service is provided;

(2) Psychologist licensed pursuant to chapter 337, RSMo, or licensed to practice psychology in the state in which the service is provided;

(3) Clinical social worker licensed pursuant to chapter 337, RSMo; or

(4) Professional counselor licensed pursuant to chapter 337, RSMo.

5. Any compensation paid pursuant to sections 595.010 to 595.075 for death or personal injury shall be in an amount not exceeding out-of-pocket loss, together with loss of earnings or support from gainful employment, not to exceed two hundred dollars per week, resulting from such injury or death. In the event of death of the victim, an award may be made for reasonable and necessary expenses actually incurred for preparation and burial not to exceed five thousand dollars.

6. Any compensation for loss of earnings or support from gainful employment shall be in an amount equal to the actual loss sustained not to exceed two hundred dollars per week; provided, however, that no award pursuant to sections 595.010 to 595.075 shall exceed twenty-five thousand dollars. If two or more persons are entitled to compensation as a result of the death of a person which is the direct result of a crime or in the case of a sexual assault, the compensation shall be apportioned by the [division of workers' compensation] **department of public safety** among the claimants in proportion to their loss.

7. The method and timing of the payment of any compensation pursuant to sections 595.010 to 595.075 shall be determined by the [division] **department**.

595.035. 1. For the purpose of determining the amount of compensation payable pursuant to sections 595.010 to 595.075, the [division of workers' compensation] **department of public safety** shall, insofar as practicable, formulate standards for the uniform application of sections 595.010 to 595.075, taking into consideration the provisions of sections 595.010 to 595.075, the rates and amounts of compensation payable for injuries and death pursuant to other laws of this state and of the United States, excluding pain and suffering, and the availability of funds appropriated for the purpose of sections 595.010 to 595.075. All decisions of the [division of workers' compensation] **department of public safety** on claims [heard] pursuant to sections 595.010 to 595.075 shall be in writing, setting forth the name of the claimant, the amount of compensation and the reasons for the decision. The [division of workers' compensation] **department of public safety** shall immediately notify the claimant in writing of the decision and shall forward to the state treasurer a certified copy of the decision and a warrant for the amount of the claim. The state treasurer, upon certification by the commissioner of administration, shall, if there are sufficient funds in the crime victims' compensation fund, pay to or on behalf of the claimant the amount determined by the [division] **department**.

2. The crime victims' compensation fund is not a state health program and is not intended to be used as a primary payor to other health care assistance programs, but is a public, quasi-charitable fund whose fundamental purpose is to assist victims of violent crimes through a period of financial hardship, as a payor of last resort. Accordingly, any compensation paid pursuant to sections 595.010 to 595.075 shall be reduced by the amount of any payments, benefits or awards received or to be received as a result of the injury or death:

(1) From or on behalf of the offender;

(2) Under private or public insurance programs, including champus, Medicare, Medicaid and other state or federal programs, but not including any life insurance proceeds; or

(3) From any other public or private funds, including an award payable pursuant to the workers' compensation laws of this state.

3. In determining the amount of compensation payable, the [division of workers' compensation] **department of public safety** shall determine whether, because of the victim's consent, provocation, incitement or negligence, the victim contributed to the infliction of the victim's injury or death, and shall reduce the amount of the compensation or deny the claim altogether, in accordance with such determination; provided, however, that the [division of workers' compensation] **department of public safety** may disregard the responsibility of the victim for his or her own injury where such responsibility was attributable to efforts by the victim to aid a victim, or to prevent a crime or an attempted crime from occurring in his or her presence, or to apprehend a person who had committed a crime in his or her presence or had in fact committed a felony.

4. In determining the amount of compensation payable pursuant to sections 595.010 to [595.070] **595.075**, monthly Social Security disability or retirement benefits received by the victim shall not be considered by the [division] **department** as a factor for reduction of benefits.

5. The [division] **department** shall not be liable for payment of compensation for any out-of-pocket expenses incurred more than three years following the date of the occurrence of the crime upon which the claim is based.

595.037. 1. All information submitted to the **department or division of workers' compensation** and any hearing of the division **of workers' compensation** on a claim filed pursuant to sections 595.010 to [595.070] **595.075** shall be open to the public except for the following claims which shall be deemed closed and confidential:

(1) A claim in which the alleged assailant has not been brought to trial and disclosure of the information or a public hearing would adversely affect either the apprehension, or the trial, of the alleged assailant;

(2) A claim in which the offense allegedly perpetrated against the victim is rape, sodomy or sexual abuse and it is determined by the **department or division of workers' compensation** to be in the best interest of the victim or of the victim's dependents that the information be kept confidential or that the public be excluded from the hearing;

(3) A claim in which the victim or alleged assailant is a minor; or

(4) A claim in which any record or report obtained by the **department or division of workers' compensation**, the confidentiality of which is protected by any other law, shall remain confidential subject to such law.

2. The **department and division of workers' compensation**, by separate order, may close any record, report or hearing if it determines that the interest of justice would be frustrated rather than furthered if such record or report was disclosed or if the hearing was open to the public.

595.040. 1. Acceptance of any compensation under sections 595.010 to 595.075 shall subrogate this state, to the extent of such compensation paid, to any right or right of action accruing to the claimant or to the victim to recover payments on account of losses resulting from the crime with respect to which the compensation has been paid. The attorney general may enforce the subrogation, and he shall bring suit to recover from any person to whom compensation is paid, to the extent of the compensation actually paid under sections 595.010 to 595.075, any amount received by the claimant from any source exceeding the actual loss to the victim.

2. The [division] **department** shall have a lien on any compensation received by the claimant, in addition to compensation received under provisions of sections 595.010 to 595.075, for injuries or death resulting from the incident upon which the claim is based. The claimant shall retain, as trustee for the [division] **department**, so much of the recovered funds as necessary to reimburse the Missouri crime victims' compensation fund to the extent that compensation was awarded to the claimant from that fund.

3. If a claimant initiates any legal proceeding to recover restitution or damages related to the crime upon which the claim is based, or if the claimant enters into negotiations to receive any proceeds in settlement of a claim for restitution or damages related to the crime, the claimant shall give the [division] **department** written notice within fifteen days of the filing of the action or entering into negotiations. The [division] **department** may intervene in the proceeding of a complainant to recover the compensation awarded. If a claimant fails to give such written notice to the [division] **department** within the stated time period, or prior to any attempt by claimant to reach a negotiated settlement of claims for recovery of damages related to the crime upon which the claim is based, the [division's] **department's** right of subrogation to receive or recover funds from claimant, to the extent that compensation was awarded by the [division] **department**, shall not be reduced in any amount or percentage by the costs incurred by claimant attributable to such legal proceedings or settlement, including, but not limited to, attorney's fees, investigative cost or cost of court. If such notice is given, attorney fees may be awarded in an amount not to exceed fifteen percent of the amount subrogated to the [division] **department**.

4. Whenever compensation is awarded to a claimant who is entitled to restitution from a criminal defendant, the [division] **department** may initiate restitution hearings in such criminal proceedings or intervene in the same. The [division] **department** shall be entitled to receive restitution in such proceedings to the extent compensation was awarded; provided, however, the [division] **department** shall be exempt from the payment of any fees or other charges for the recording of restitution orders in the offices of the judges of probate. The claimant shall notify this [division] **department** when restitution is ordered. Failure to notify the [division] **department** will result in possible forfeiture of any amount already received from the [division] **department**.

5. Whenever the [division] **department** shall deem it necessary to protect, maintain or enforce the [division's] **department's** right to subrogation or to exercise any of its powers or to carry out any of its duties or responsibilities, the attorney general may initiate legal proceedings or intervene in legal proceedings as the [division's] **department's** legal representative.

595.045. 1. There is established in the state treasury the "Crime Victims' Compensation Fund". A surcharge of seven dollars and fifty cents shall be assessed as costs in each court proceeding filed in any

court in the state in all criminal cases including violations of any county ordinance or any violation of criminal or traffic laws of the state, including an infraction and violation of a municipal ordinance; except that no such fee shall be collected in any proceeding in any court when the proceeding or the defendant has been dismissed by the court or when costs are to be paid by the state, county, or municipality. A surcharge of seven dollars and fifty cents shall be assessed as costs in a juvenile court proceeding in which a child is found by the court to come within the applicable provisions of subdivision (3) of subsection 1 of section 211.031, RSMo.

2. Notwithstanding any other provision of law to the contrary, the moneys collected by clerks of the courts pursuant to the provisions of subsection 1 of this section shall be collected and disbursed in accordance with sections 488.010 to 488.020, RSMo, and shall be payable to the director of the department of revenue.

3. The director of revenue shall deposit annually the amount of two hundred fifty thousand dollars to the state forensic laboratory account administered by the department of public safety to provide financial assistance to defray expenses of crime laboratories if such analytical laboratories are registered with the federal Drug Enforcement Agency or the Missouri department of health and senior services. Subject to appropriations made therefor, such funds shall be distributed by the department of public safety to the crime laboratories serving the courts of this state making analysis of a controlled substance or analysis of blood, breath or urine in relation to a court proceeding.

4. The remaining funds collected under subsection 1 of this section shall be denoted to the payment of an annual appropriation for the administrative and operational costs of the office for victims of crime and, if a statewide automated crime victim notification system is established pursuant to section 650.310, RSMo, to the monthly payment of expenditures actually incurred in the operation of such system. Additional remaining funds shall be subject to the following provisions:

(1) On the first of every month, the director of revenue or the director's designee shall determine the balance of the funds in the crime victims' compensation fund available to satisfy the amount of compensation payable pursuant to sections 595.010 to 595.075, excluding sections 595.050 and 595.055;

(2) Beginning on September 1, 2004, and on the first of each month, the director of revenue or the director's designee shall deposit fifty percent of the balance of funds available to the credit of the crime victims' compensation fund and fifty percent to the services to victims' fund established in section 595.100.

5. The director of revenue or such director's designee shall at least monthly report the moneys paid pursuant to this section into the crime victims' compensation fund and the services to victims fund to the [division of workers' compensation and the] department of public safety[, respectively].

6. The moneys collected by clerks of municipal courts pursuant to subsection 1 of this section shall be collected and disbursed as provided by sections 488.010 to 488.020, RSMo. Five percent of such moneys shall be payable to the city treasury of the city from which such funds were collected. The remaining ninety-five percent of such moneys shall be payable to the director of revenue. The funds received by the director of revenue pursuant to this subsection shall be distributed as follows:

(1) On the first of every month, the director of revenue or the director's designee shall determine the balance of the funds in the crime victims' compensation fund available to satisfy the amount of compensation payable pursuant to sections 595.010 to 595.075, excluding sections 595.050 and 595.055;

(2) Beginning on September 1, 2004, and on the first of each month the director of revenue or the

director's designee shall deposit fifty percent of the balance of funds available to the credit of the crime victims' compensation fund and fifty percent to the services to victims' fund established in section 595.100.

7. These funds shall be subject to a biennial audit by the Missouri state auditor. Such audit shall include all records associated with crime victims' compensation funds collected, held or disbursed by any state agency.

8. In addition to the moneys collected pursuant to subsection 1 of this section, the court shall enter a judgment in favor of the state of Missouri, payable to the crime victims' compensation fund, of sixty-eight dollars upon a plea of guilty or a finding of guilt for a class A or B felony; forty-six dollars upon a plea of guilty or finding of guilt for a class C or D felony; and ten dollars upon a plea of guilty or a finding of guilt for any misdemeanor under Missouri law except for those in chapter 252, RSMo, relating to fish and game, chapter 302, RSMo, relating to drivers' and commercial drivers' license, chapter 303, RSMo, relating to motor vehicle financial responsibility, chapter 304, RSMo, relating to traffic regulations, chapter 306, RSMo, relating to watercraft regulation and licensing, and chapter 307, RSMo, relating to vehicle equipment regulations. Any clerk of the court receiving moneys pursuant to such judgments shall collect and disburse such crime victims' compensation judgments in the manner provided by sections 488.010 to 488.020, RSMo. Such funds shall be payable to the state treasury and deposited to the credit of the crime victims' compensation fund.

9. The clerk of the court processing such funds shall maintain records of all dispositions described in subsection 1 of this section and all dispositions where a judgment has been entered against a defendant in favor of the state of Missouri in accordance with this section; all payments made on judgments for alcohol-related traffic offenses; and any judgment or portion of a judgment entered but not collected. These records shall be subject to audit by the state auditor. The clerk of each court transmitting such funds shall report separately the amount of dollars collected on judgments entered for alcohol-related traffic offenses from other crime victims' compensation collections or services to victims collections.

10. The department of revenue shall maintain records of funds transmitted to the crime victims' compensation fund by each reporting court and collections pursuant to subsection 16 of this section and shall maintain separate records of collection for alcohol-related offenses.

11. The state courts administrator shall include in the annual report required by section 476.350, RSMo, the circuit court caseloads and the number of crime victims' compensation judgments entered.

12. All awards made to injured victims under sections 595.010 to 595.105 and all appropriations for administration of sections 595.010 to 595.105, except sections 595.050 and 595.055, shall be made from the crime victims' compensation fund. Any unexpended balance remaining in the crime victims' compensation fund at the end of each biennium shall not be subject to the provision of section 33.080, RSMo, requiring the transfer of such unexpended balance to the ordinary revenue fund of the state, but shall remain in the crime victims' compensation fund. In the event that there are insufficient funds in the crime victims' compensation fund to pay all claims in full, all claims shall be paid on a pro rata basis. If there are no funds in the crime victims' compensation fund, then no claim shall be paid until funds have again accumulated in the crime victims' compensation fund. When sufficient funds become available from the fund, awards which have not been paid shall be paid in chronological order with the oldest paid first. In the event an award was to be paid in installments and some remaining installments have not been paid due to a lack of funds, then when funds do become available that award shall be paid in full. All such awards on which installments remain due shall be paid in full in chronological order before any other postdated award

shall be paid. Any award pursuant to this subsection is specifically not a claim against the state, if it cannot be paid due to a lack of funds in the crime victims' compensation fund.

13. When judgment is entered against a defendant as provided in this section and such sum, or any part thereof, remains unpaid, there shall be withheld from any disbursement, payment, benefit, compensation, salary, or other transfer of money from the state of Missouri to such defendant an amount equal to the unpaid amount of such judgment. Such amount shall be paid forthwith to the crime victims' compensation fund and satisfaction of such judgment shall be entered on the court record. Under no circumstances shall the general revenue fund be used to reimburse court costs or pay for such judgment. The director of the department of corrections shall have the authority to pay into the crime victims' compensation fund from an offender's compensation or account the amount owed by the offender to the crime victims' compensation fund, provided that the offender has failed to pay the amount owed to the fund prior to entering a correctional facility of the department of corrections.

14. All interest earned as a result of investing funds in the crime victims' compensation fund shall be paid into the crime victims' compensation fund and not into the general revenue of this state.

15. Any person who knowingly makes a fraudulent claim or false statement in connection with any claim hereunder is guilty of a class A misdemeanor.

16. [Any gifts, contributions, grants or federal funds specifically given to the division for the benefit of victims of crime shall be credited to the crime victims' compensation fund. Payment or expenditure of moneys in such funds shall comply with any applicable federal crime victims' compensation laws, rules, regulations or other applicable federal guidelines] **The department may receive gifts and contributions for the benefit of crime victims. Such gifts and contributions shall be credited to the crime victims' compensation fund as used solely for compensating victims under the provisions of sections 595.010 to 595.075.**

595.060. The director shall promulgate rules and regulations necessary to implement the provisions of sections 595.010 to [595.070] **595.220** as provided in this section and chapter 536, RSMo. In the performance of its functions under [sections 595.010 to 595.070] **section 595.036**, the division of **workers' compensation** is authorized to promulgate rules pursuant to chapter 536, RSMo, prescribing the procedures to be followed in the [filing of applications and the] proceedings under [sections 595.010 to 595.070] **section 595.036**. [No rule or portion of a rule promulgated under the authority of this chapter shall become effective unless it has been promulgated pursuant to the provisions of section 536.024, RSMo.] **Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void.**

**595.220. 1. The department of public safety shall make payments to appropriate medical providers, out of appropriations made for that purpose, to cover the reasonable and medically necessary charges of the forensic examination of persons who may be a victim of a sexual offense if:**

- (1) The victim or the victim's guardian consents in writing to the examination; and**
- (2) The report of the examination is made on a form approved by the attorney general with the**

advice of the department of public safety.

2. A minor may consent to examination under this section. Such consent is not subject to disaffirmance because of minority, and consent of parent or guardian of the minor is not required for such examination. The appropriate medical provider making the examination shall give written notice to the parent or guardian of a minor that such an examination has taken place.

3. The attorney general, with the advice of the department of public safety, shall develop the forms and procedures for gathering evidence during the forensic examination under the provisions of this section. The department of health and senior services shall develop a checklist, protocols, and procedures for appropriate medical providers to refer to while providing medical treatment to victims of a sexual offense, including those specific to victims who are minors.

4. Evidentiary collection kits shall be developed and made available, subject to appropriation, to appropriate medical providers by the highway patrol or its designees and eligible crime laboratories. Such kits shall be distributed with the forms and procedures for gathering evidence during forensic examinations of victims of a sexual offense to appropriate medical providers upon request of the provider, in the amount requested, and at no charge to the medical provider. All appropriate medical providers shall, with the written consent of the victim, perform a forensic examination using the evidentiary collection kit, or other collection procedures developed for victims who are minors, and forms and procedures for gathering evidence following the checklist for any person presenting as a victim of a sexual offense.

5. In reviewing claims submitted under this section, the department shall first determine if the claim was submitted within ninety days of the examination. If the claim is submitted within ninety days, the department shall, at a minimum, use the following criteria in reviewing the claim:

(1) The alleged sexual offense occurred in Missouri;

(2) Examination charges submitted shall be itemized and fall within the definition of “forensic examination” as defined in subdivision (3) of subsection 7 of this section.

6. All appropriate medical provider charges for eligible forensic examinations shall be billed to and paid by the department of public safety. No appropriate medical provider conducting forensic examinations and providing medical treatment to victims of sexual offenses shall charge the victim for the forensic examination. For appropriate medical provider charges related to the medical treatment of victims of sexual offenses, if the victim is an eligible claimant under the crime victims' compensation fund, the appropriate medical provider shall seek compensation under sections 595.010 to 595.075.

7. For purposes of this section, the following terms mean:

(1) “Appropriate medical provider”, any licensed nurse, physician, or physician assistant, and any institution employing licensed nurses, physicians, or physician assistants, provided that such licensed professionals are the only persons at such institution to perform tasks under the provisions of this section;

(2) “Evidentiary collection kit”, a kit used during a forensic examination that includes materials necessary for appropriate medical providers to gather evidence in accordance with the forms and procedures developed by the attorney general for forensic examinations;

**(3) “Forensic examination”, an examination performed by an appropriate medical provider on a victim of an alleged sexual offense to gather evidence for the evidentiary collection kit or using other collection procedures developed for victims who are minors;**

**(4) “Medical treatment”, the treatment of all injuries and health concerns resulting directly from a patient's sexual assault or victimization.**

**8. The department shall have authority to promulgate rules and regulations necessary to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void.**

[191.225. 1. The department of health and senior services shall make payments to appropriate medical providers, out of appropriations made for that purpose, to cover the charges of the forensic examination of persons who may be a victim of a sexual offense if:

(1) The victim or the victim's guardian consents in writing to the examination;

(2) The report of the examination is made on a form approved by the attorney general with the advice of the department of health and senior services; and

(3) The report of the examination is filed with the prosecuting attorney of the county in which the alleged incident occurred.

The appropriate medical provider shall file the report of the examination within three business days of completion of the forensic exam.

2. A minor may consent to examination under this section. Such consent is not subject to disaffirmance because of minority, and consent of parent or guardian of the minor is not required for such examination. The appropriate medical provider making the examination shall give written notice to the parent or guardian of a minor that such an examination has taken place.

3. The attorney general, with the advice of the department of health and senior services, shall develop the forms and procedures for gathering evidence during the forensic examination under the provisions of this section. The department of health and senior services shall develop a checklist for appropriate medical providers to refer to while providing medical treatment to victims of a sexual offense.

4. Evidentiary collection kits shall be developed and made available, subject to appropriation, to appropriate medical providers by the highway patrol or its designees and eligible crime laboratories. Such kits shall be distributed with the forms and procedures for gathering evidence during forensic examinations of victims of a sexual offense to appropriate medical providers upon request of the provider, in the amount requested, and at no charge to the medical provider. All appropriate medical providers shall, with the written consent of the victim, perform a forensic examination using the evidentiary collection kit and forms and procedures for gathering evidence following the checklist for any person presenting as a victim of a sexual offense.

5. All appropriate medical provider charges for eligible forensic examinations shall be billed to and paid by the department of health and senior services. No appropriate medical provider conducting forensic examinations and providing medical treatment to victims of sexual offenses shall charge the victim for the forensic examination. For appropriate medical provider charges related to the medical treatment of victims of sexual offenses, if the victim is an eligible claimant under the crime victims' compensation fund, the appropriate medical provider shall seek compensation under sections 595.010 to 595.075, RSMo.

6. For purposes of this section, the following terms mean:

(1) "Appropriate medical provider", any licensed nurse, physician, or physician assistant, and any institution employing licensed nurses, physicians, or physician assistants; provided that such licensed professionals are the only persons at such institution to perform tasks under the provisions of this section;

Loving Father, as we finish up our work this day and respond to the “homing instinct” that calls us back to family and home may we remember that we are loved and ought to be loving towards those You have given us to love. Make us humbled by efforts that go on in our absence and appreciate those who make it possible for us to do our work here. In Your Holy Name we pray. Amen.

## FIRST REGULAR SESSION

---

**THIRTY-FIFTH DAY—TUESDAY, MARCH 10, 2009**

---

The Senate met pursuant to adjournment.

Senator Dempsey in the Chair.

Reverend Carl Gauck offered the following prayer:

“A humble person is more likely to be self-confident...a person with real humility knows how much they are loved.” (Cornelius Plantinga, Jr.)

Almighty God, we meet all types of people and know that we are not to judge but we rejoice in those who are truly humble and give off an authentic confidence that they know they are loved and are loving towards others. They affect those around them and they experience that they are truly loved also. Help us to truly be humbled by Your love and share genuine love with others as well. And we pray that You quickly heal Senator Days’ foot so she can do the things she enjoys. In Your Holy Name we pray. Amen.

SENATE AMENDMENT NO. 1

Amend Senate Substitute No. 2 for Senate Committee Substitute for Senate Bill No. 174, Page 1, In the Title, Line 6 of the title, by inserting after “clause” the following: “and a contingent effective date for certain sections”; and

Further amend said bill, Pages 6 to 22, Section 137.073, by striking all of said section and inserting in lieu thereof the following:

“137.073. 1. As used in this section, the following terms mean:

(1) “General reassessment”, changes in value, entered in the assessor's books, of a substantial portion of the parcels of real property within a county resulting wholly or partly from reappraisal of value or other actions of the assessor or county equalization body or ordered by the state tax commission or any court;

(2) “Tax rate”, “rate”, or “rate of levy”, singular or plural, includes the tax rate for each purpose of taxation of property a taxing authority is authorized to levy without a vote and any tax rate authorized by election, including bond interest and sinking fund;

(3) “Tax rate ceiling”, a tax rate as revised by the taxing authority to comply with the provisions of this section or when a court has determined the tax rate[; except that, other provisions of law to the contrary notwithstanding, a school district may levy the operating levy for school purposes required for the current year pursuant to subsection 2 of section 163.021, RSMo, less all adjustments required pursuant to article X, section 22 of the Missouri Constitution, if such tax rate does not exceed the highest tax rate in effect subsequent to the 1980 tax year]. This is the maximum tax rate that may be levied, unless a higher tax rate ceiling is approved by voters of the political subdivision as provided in this section;

(4) “Tax revenue”, when referring to the previous year, means the actual receipts from ad valorem levies on all classes of property, including state-assessed property, in the immediately preceding fiscal year of the political subdivision, plus an allowance for taxes billed but not collected in the fiscal year and plus an additional allowance for the revenue which would have been collected from property which was annexed by such political subdivision but which was not previously used in determining tax revenue pursuant to this section. The term “tax revenue” shall not include any receipts from ad valorem levies on any property of

a railroad corporation or a public utility, as these terms are defined in section 386.020, RSMo, which were assessed by the assessor of a county or city in the previous year but are assessed by the state tax commission in the current year. All school districts and those counties levying sales taxes pursuant to chapter 67, RSMo, shall include in the calculation of tax revenue an amount equivalent to that by which they reduced property tax levies as a result of sales tax pursuant to section 67.505, RSMo, and section 164.013, RSMo, or as excess home dock city or county fees as provided in subsection 4 of section 313.820, RSMo, in the immediately preceding fiscal year but not including any amount calculated to adjust for prior years. For purposes of political subdivisions which were authorized to levy a tax in the prior year but which did not levy such tax or levied a reduced rate, the term "tax revenue", as used in relation to the revision of tax levies mandated by law, shall mean the revenues equal to the amount that would have been available if the voluntary rate reduction had not been made.

2. Whenever changes in assessed valuation are entered in the assessor's books for any personal property, in the aggregate, or for any subclass of real property as such subclasses are established in section 4(b) of article X of the Missouri Constitution and defined in section 137.016, the county clerk in all counties and the assessor of St. Louis City shall notify each political subdivision wholly or partially within the county or St. Louis City of the change in valuation of each subclass of real property, individually, and personal property, in the aggregate, exclusive of new construction and improvements. All political subdivisions shall immediately revise the applicable rates of levy for each purpose for each subclass of real property, individually, and personal property, in the aggregate, for which taxes are levied to the extent necessary to produce from all taxable property, exclusive of new construction and improvements, substantially the same amount of tax revenue as was produced in the previous year for each subclass of real property, individually, and personal property, in the aggregate, except that the rate may not exceed the most recent voter-approved rate. Such tax revenue shall not include any receipts from ad valorem levies on any real property which was assessed by the assessor of a county or city in such previous year but is assessed by the assessor of a county or city in the current year in a different subclass of real property. Where the taxing authority is a school district for the purposes of revising the applicable rates of levy for each subclass of real property, the tax revenues from state-assessed railroad and utility property shall be apportioned and attributed to each subclass of real property based on the percentage of the total assessed valuation of the county that each subclass of real property represents in the current taxable year. As provided in section 22 of article X of the constitution, a political subdivision may also revise each levy to allow for inflationary assessment growth occurring within the political subdivision. The inflationary growth factor for any such subclass of real property or personal property shall be limited to the actual assessment growth in such subclass or class, exclusive of new construction and improvements, and exclusive of the assessed value on any real property which was assessed by the assessor of a county or city in the current year in a different subclass of real property, but not to exceed the consumer price index or five percent, whichever is lower. Should the tax revenue of a political subdivision from the various tax rates determined in this subsection be different than the tax revenue that would have been determined from a single tax rate as calculated pursuant to the method of calculation in this subsection prior to January 1, 2003, then the political subdivision shall revise the tax rates of those subclasses of real property, individually, and/or personal property, in the aggregate, in which there is a tax rate reduction, pursuant to the provisions of this subsection. Such revision shall yield an amount equal to such difference and shall be apportioned among such subclasses of real property, individually, and/or personal property, in the aggregate, based on the relative assessed valuation of the class or subclasses of property experiencing a tax rate reduction. Such revision in the tax rates of each class or subclass shall be made by computing the percentage of current year adjusted assessed valuation of each

class or subclass with a tax rate reduction to the total current year adjusted assessed valuation of the class or subclasses with a tax rate reduction, multiplying the resulting percentages by the revenue difference between the single rate calculation and the calculations pursuant to this subsection and dividing by the respective adjusted current year assessed valuation of each class or subclass to determine the adjustment to the rate to be levied upon each class or subclass of property. The adjustment computed herein shall be multiplied by one hundred, rounded to four decimals in the manner provided in this subsection, and added to the initial rate computed for each class or subclass of property. Notwithstanding any provision of this subsection to the contrary, no revision to the rate of levy for personal property shall cause such levy to increase over the levy for personal property from the prior year.

3. (1) Where the taxing authority is a school district, it shall be required to revise the rates of levy to the extent necessary to produce from all taxable property, including state-assessed railroad and utility property, which shall be separately estimated in addition to other data required in complying with section 164.011, RSMo, substantially the amount of tax revenue permitted in this section. In the year following tax rate reduction, the tax rate ceiling may be adjusted to offset such district's reduction in the apportionment of state school moneys due to its reduced tax rate. However, in the event any school district, in calculating a tax rate ceiling pursuant to this section, requiring the estimating of effects of state-assessed railroad and utility valuation or loss of state aid, discovers that the estimates used result in receipt of excess revenues, which would have required a lower rate if the actual information had been known, the school district shall reduce the tax rate ceiling in the following year to compensate for the excess receipts, and the recalculated rate shall become the tax rate ceiling for purposes of this section.

(2) For any political subdivision which experiences a reduction in the amount of assessed valuation relating to a prior year, due to decisions of the state tax commission or a court pursuant to sections 138.430 to 138.433, RSMo, or due to clerical errors or corrections in the calculation or recordation of any assessed valuation:

(a) Such political subdivision may revise the tax rate ceiling for each purpose it levies taxes to compensate for the reduction in assessed value occurring after the political subdivision calculated the tax rate ceiling for the particular subclass of real property or for personal property, in the aggregate, in a prior year. Such revision by the political subdivision shall be made at the time of the next calculation of the tax rate for the particular subclass of real property or for personal property, in the aggregate, after the reduction in assessed valuation has been determined and shall be calculated in a manner that results in the revised tax rate ceiling being the same as it would have been had the corrected or finalized assessment been available at the time of the prior calculation;

(b) In addition, for up to three years following the determination of the reduction in assessed valuation as a result of circumstances defined in this subdivision, such political subdivision may levy a tax rate for each purpose it levies taxes above the revised tax rate ceiling provided in paragraph (a) of this subdivision to recoup any revenues it was entitled to receive had the corrected or finalized assessment been available at the time of the prior calculation.

4. (1) In order to implement the provisions of this section and section 22 of article X of the Constitution of Missouri, the term "improvements" shall apply to both real and personal property. In order to determine the value of new construction and improvements, each county assessor shall maintain a record of real property valuations in such a manner as to identify each year the increase in valuation for each political subdivision in the county as a result of new construction and improvements. The value of new construction

and improvements shall include the additional assessed value of all improvements or additions to real property which were begun after and were not part of the prior year's assessment, except that the additional assessed value of all improvements or additions to real property which had been totally or partially exempt from ad valorem taxes pursuant to sections 99.800 to 99.865, RSMo, sections 135.200 to 135.255, RSMo, and section 353.110, RSMo, shall be included in the value of new construction and improvements when the property becomes totally or partially subject to assessment and payment of all ad valorem taxes. The aggregate increase in valuation of personal property for the current year over that of the previous year is the equivalent of the new construction and improvements factor for personal property. [Notwithstanding any opt-out implemented pursuant to subsection 15 of section 137.115,] The assessor shall certify the amount of new construction and improvements and the amount of assessed value on any real property which was assessed by the assessor of a county or city in such previous year but is assessed by the assessor of a county or city in the current year in a different subclass of real property separately for each of the three subclasses of real property for each political subdivision to the county clerk in order that political subdivisions shall have this information for the purpose of calculating tax rates pursuant to this section and section 22, article X, Constitution of Missouri. In addition, the state tax commission shall certify each year to each county clerk the increase in the general price level as measured by the Consumer Price Index for All Urban Consumers for the United States, or its successor publications, as defined and officially reported by the United States Department of Labor, or its successor agency. The state tax commission shall certify the increase in such index on the latest twelve-month basis available on February first of each year over the immediately preceding prior twelve-month period in order that political subdivisions shall have this information available in setting their tax rates according to law and section 22 of article X of the Constitution of Missouri. For purposes of implementing the provisions of this section and section 22 of article X of the Missouri Constitution, the term "property" means all taxable property, including state-assessed property.

(2) Each political subdivision required to revise rates of levy pursuant to this section or section 22 of article X of the Constitution of Missouri shall calculate each tax rate it is authorized to levy and, in establishing each tax rate, shall consider each provision for tax rate revision provided in this section and section 22 of article X of the Constitution of Missouri, separately and without regard to annual tax rate reductions provided in section 67.505, RSMo, and section 164.013, RSMo. Each political subdivision shall set each tax rate it is authorized to levy using the calculation that produces the lowest tax rate ceiling. It is further the intent of the general assembly, pursuant to the authority of section 10(c) of article X of the Constitution of Missouri, that the provisions of such section be applicable to tax rate revisions mandated pursuant to section 22 of article X of the Constitution of Missouri as to reestablishing tax rates as revised in subsequent years, enforcement provisions, and other provisions not in conflict with section 22 of article X of the Constitution of Missouri. Annual tax rate reductions provided in section 67.505, RSMo, and section 164.013, RSMo, shall be applied to the tax rate as established pursuant to this section and section 22 of article X of the Constitution of Missouri, unless otherwise provided by law.

5. (1) In all political subdivisions, the tax rate ceiling established pursuant to this section shall not be increased unless approved by a vote of the people. Approval of the higher tax rate shall be by at least a majority of votes cast. When a proposed higher tax rate requires approval by more than a simple majority pursuant to any provision of law or the constitution, the tax rate increase must receive approval by at least the majority required.

(2) When voters approve an increase in the tax rate, the amount of the increase shall be added to the tax rate ceiling as calculated pursuant to this section to the extent the total rate does not exceed any maximum rate prescribed by law. If a ballot question presents a stated tax rate for approval rather than

describing the amount of increase in the question, the stated tax rate approved shall be adjusted as provided in this section and, so adjusted, shall be the current tax rate ceiling. The increased tax rate ceiling as approved shall be adjusted such that when applied to the current total assessed valuation of the political subdivision, excluding new construction and improvements since the date of the election approving such increase, the revenue derived from the adjusted tax rate ceiling is equal to the sum of: the amount of revenue which would have been derived by applying the voter-approved increased tax rate ceiling to total assessed valuation of the political subdivision, as most recently certified by the city or county clerk on or before the date of the election in which such increase is approved, increased by the percentage increase in the consumer price index, as provided by law. Such adjusted tax rate ceiling may be applied to the total assessed valuation of the political subdivision at the setting of the next tax rate. If a ballot question presents a phased-in tax rate increase, upon voter approval, each tax rate increase shall be adjusted in the manner prescribed in this section to yield the sum of: the amount of revenue that would be derived by applying such voter-approved increased rate to the total assessed valuation, as most recently certified by the city or county clerk on or before the date of the election in which such increase was approved, increased by the percentage increase in the consumer price index, as provided by law, from the date of the election to the time of such increase and, so adjusted, shall be the current tax rate ceiling.

(3) The governing body of any political subdivision may levy a tax rate lower than its tax rate ceiling and may, in a nonreassessment year, increase that lowered tax rate to a level not exceeding the tax rate ceiling without voter approval in the manner provided under subdivision (4) of this subsection. Nothing in this section shall be construed as prohibiting a political subdivision from voluntarily levying a tax rate lower than that which is required under the provisions of this section or from seeking voter approval of a reduction to such political subdivision's tax rate ceiling.

(4) In a year of general reassessment, a governing body whose tax rate is lower than its tax rate ceiling shall revise its tax rate pursuant to the provisions of subsection 4 of this section as if its tax rate was at the tax rate ceiling. In a year following general reassessment, if such governing body intends to increase its tax rate, the governing body shall conduct a public hearing, and in a public meeting it shall adopt an ordinance, resolution, or policy statement justifying its action prior to setting and certifying its tax rate. The provisions of this subdivision shall not apply to any political subdivision which levies a tax rate lower than its tax rate ceiling solely due to a reduction required by law resulting from sales tax collections. The provisions of this subdivision shall not apply to any political subdivision which has received voter approval for an increase to its tax rate ceiling subsequent to setting its most recent tax rate.

6. (1) For the purposes of calculating state aid for public schools pursuant to section 163.031, RSMo, each taxing authority which is a school district shall determine its proposed tax rate as a blended rate of the classes or subclasses of property. Such blended rate shall be calculated by first determining the total tax revenue of the property within the jurisdiction of the taxing authority, which amount shall be equal to the sum of the products of multiplying the assessed valuation of each class and subclass of property by the corresponding tax rate for such class or subclass, then dividing the total tax revenue by the total assessed valuation of the same jurisdiction, and then multiplying the resulting quotient by a factor of one hundred. Where the taxing authority is a school district, such blended rate shall also be used by such school district for calculating revenue from state-assessed railroad and utility property as defined in chapter 151, RSMo, and for apportioning the tax rate by purpose.

(2) Each taxing authority proposing to levy a tax rate in any year shall notify the clerk of the county commission in the county or counties where the tax rate applies of its tax rate ceiling and its proposed tax

rate. Each taxing authority shall express its proposed tax rate in a fraction equal to the nearest one-tenth of a cent, unless its proposed tax rate is in excess of one dollar, then one/one-hundredth of a cent. If a taxing authority shall round to one/one-hundredth of a cent, it shall round up a fraction greater than or equal to five/one-thousandth of one cent to the next higher one/one-hundredth of a cent; if a taxing authority shall round to one-tenth of a cent, it shall round up a fraction greater than or equal to five/one-hundredths of a cent to the next higher one-tenth of a cent. Any taxing authority levying a property tax rate shall provide data, in such form as shall be prescribed by the state auditor by rule, substantiating such tax rate complies with Missouri law. All forms for the calculation of rates pursuant to this section shall be promulgated as a rule and shall not be incorporated by reference. The state auditor shall promulgate rules for any and all forms for the calculation of rates pursuant to this section which do not currently exist in rule form or that have been incorporated by reference. In addition, each taxing authority proposing to levy a tax rate for debt service shall provide data, in such form as shall be prescribed by the state auditor by rule, substantiating the tax rate for debt service complies with Missouri law. A tax rate proposed for annual debt service requirements will be prima facie valid if, after making the payment for which the tax was levied, bonds remain outstanding and the debt fund reserves do not exceed the following year's payments. The county clerk shall keep on file and available for public inspection all such information for a period of three years. The clerk shall, within three days of receipt, forward a copy of the notice of a taxing authority's tax rate ceiling and proposed tax rate and any substantiating data to the state auditor. The state auditor shall, within fifteen days of the date of receipt, examine such information and return to the county clerk his or her findings as to compliance of the tax rate ceiling with this section and as to compliance of any proposed tax rate for debt service with Missouri law. If the state auditor believes that a taxing authority's proposed tax rate does not comply with Missouri law, then the state auditor's findings shall include a recalculated tax rate, and the state auditor may request a taxing authority to submit documentation supporting such taxing authority's proposed tax rate. The county clerk shall immediately forward a copy of the auditor's findings to the taxing authority and shall file a copy of the findings with the information received from the taxing authority. The taxing authority shall have fifteen days from the date of receipt from the county clerk of the state auditor's findings and any request for supporting documentation to accept or reject in writing the rate change certified by the state auditor and to submit all requested information to the state auditor. A copy of the taxing authority's acceptance or rejection and any information submitted to the state auditor shall also be mailed to the county clerk. If a taxing authority rejects a rate change certified by the state auditor and the state auditor does not receive supporting information which justifies the taxing authority's original or any subsequent proposed tax rate, then the state auditor shall refer the perceived violations of such taxing authority to the attorney general's office and the attorney general is authorized to obtain injunctive relief to prevent the taxing authority from levying a violative tax rate.

7. No tax rate shall be extended on the tax rolls by the county clerk unless the political subdivision has complied with the foregoing provisions of this section.

8. Whenever a taxpayer has cause to believe that a taxing authority has not complied with the provisions of this section, the taxpayer may make a formal complaint with the prosecuting attorney of the county. Where the prosecuting attorney fails to bring an action within ten days of the filing of the complaint, the taxpayer may bring a civil action pursuant to this section and institute an action as representative of a class of all taxpayers within a taxing authority if the class is so numerous that joinder of all members is impracticable, if there are questions of law or fact common to the class, if the claims or defenses of the representative parties are typical of the claims or defenses of the class, and if the representative parties will fairly and adequately protect the interests of the class. In any class action maintained pursuant to this

section, the court may direct to the members of the class a notice to be published at least once each week for four consecutive weeks in a newspaper of general circulation published in the county where the civil action is commenced and in other counties within the jurisdiction of a taxing authority. The notice shall advise each member that the court will exclude him or her from the class if he or she so requests by a specified date, that the judgment, whether favorable or not, will include all members who do not request exclusion, and that any member who does not request exclusion may, if he or she desires, enter an appearance. In any class action brought pursuant to this section, the court, in addition to the relief requested, shall assess against the taxing authority found to be in violation of this section the reasonable costs of bringing the action, including reasonable attorney's fees, provided no attorney's fees shall be awarded any attorney or association of attorneys who receive public funds from any source for their services. Any action brought pursuant to this section shall be set for hearing as soon as practicable after the cause is at issue.

9. If in any action, including a class action, the court issues an order requiring a taxing authority to revise the tax rates as provided in this section or enjoins a taxing authority from the collection of a tax because of its failure to revise the rate of levy as provided in this section, any taxpayer paying his or her taxes when an improper rate is applied has erroneously paid his or her taxes in part, whether or not the taxes are paid under protest as provided in section 139.031, RSMo, or otherwise contested. The part of the taxes paid erroneously is the difference in the amount produced by the original levy and the amount produced by the revised levy. The township or county collector of taxes or the collector of taxes in any city shall refund the amount of the tax erroneously paid. The taxing authority refusing to revise the rate of levy as provided in this section shall make available to the collector all funds necessary to make refunds pursuant to this subsection. No taxpayer shall receive any interest on any money erroneously paid by him or her pursuant to this subsection. Effective in the 1994 tax year, nothing in this section shall be construed to require a taxing authority to refund any tax erroneously paid prior to or during the third tax year preceding the current tax year.

10. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void.

137.076. In establishing the value of a parcel of real property the county assessor shall consider **current market conditions, professional appraisals, and** previous decisions of the county board of equalization, the state tax commission or a court of competent jurisdiction that affected the value of such parcel. **For purposes of this section, the term “current market conditions”, shall mean the impact upon the housing market of foreclosures, bank sales and the average time homes remain on the market before a sale is consummated.”; and**

Further amend said bill, page 36, section 137.106, line 5, by inserting immediately after all of said line the following:

“137.115. 1. All other laws to the contrary notwithstanding, the assessor or the assessor's deputies in all counties of this state including the city of St. Louis shall annually make a list of all real and tangible personal property taxable in the assessor's city, county, town or district. Except as otherwise provided in

subsection 3 of this section and section 137.078, the assessor shall annually assess all personal property at thirty-three and one-third percent of its true value in money as of January first of each calendar year. **As provided in this section and section 137.123**, the assessor shall annually assess all real property, including any new construction and improvements to real property, and possessory interests in real property at the percent of its true value in money set in subsection 5 of this section. The true value in money of any possessory interest in real property in subclass (3), where such real property is on or lies within the ultimate airport boundary as shown by a federal airport layout plan, as defined by 14 CFR 151.5, of a commercial airport having a FAR Part 139 certification and owned by a political subdivision, shall be the otherwise applicable true value in money of any such possessory interest in real property, less the total dollar amount of costs paid by a party, other than the political subdivision, towards any new construction or improvements on such real property completed after January 1, 2008, and which are included in the above-mentioned possessory interest, regardless of the year in which such costs were incurred or whether such costs were considered in any prior year. The assessor shall annually assess all real property in the following manner: new assessed values shall be determined as of January first of each odd-numbered year and shall be entered in the assessor's books; those same assessed values shall apply in the following even-numbered year, except for new construction and property improvements which shall be valued as though they had been completed as of January first of the preceding odd-numbered year. The assessor may call at the office, place of doing business, or residence of each person required by this chapter to list property, and require the person to make a correct statement of all taxable tangible personal property owned by the person or under his or her care, charge or management, taxable in the county. On or before January first of each even-numbered year, the assessor shall prepare and submit a two-year assessment maintenance plan to the county governing body and the state tax commission for their respective approval or modification. The county governing body shall approve and forward such plan or its alternative to the plan to the state tax commission by February first. If the county governing body fails to forward the plan or its alternative to the plan to the state tax commission by February first, the assessor's plan shall be considered approved by the county governing body. If the state tax commission fails to approve a plan and if the state tax commission and the assessor and the governing body of the county involved are unable to resolve the differences, in order to receive state cost-share funds outlined in section 137.750, the county or the assessor shall petition the administrative hearing commission, by May first, to decide all matters in dispute regarding the assessment maintenance plan. Upon agreement of the parties, the matter may be stayed while the parties proceed with mediation or arbitration upon terms agreed to by the parties. The final decision of the administrative hearing commission shall be subject to judicial review in the circuit court of the county involved. In the event a valuation of subclass (1) real property within any county with a charter form of government, or within a city not within a county, is made by a computer, computer-assisted method or a computer program, the burden of proof, supported by clear, convincing and cogent evidence to sustain such valuation, shall be on the assessor at any hearing or appeal. In any such county, unless the assessor proves otherwise, there shall be a presumption that the assessment was made by a computer, computer-assisted method or a computer program. Such evidence shall include, but shall not be limited to, the following:

(1) The findings of the assessor based on an appraisal of the property by generally accepted appraisal techniques; and

(2) The purchase prices from sales of at least three comparable properties and the address or location thereof. As used in this subdivision, the word "comparable" means that:

(a) Such sale was closed at a date relevant to the property valuation; and

(b) Such properties are not more than one mile from the site of the disputed property, except where no similar properties exist within one mile of the disputed property, the nearest comparable property shall be used. Such property shall be within five hundred square feet in size of the disputed property, and resemble the disputed property in age, floor plan, number of rooms, and other relevant characteristics.

2. Assessors in each county of this state and the city of St. Louis may send personal property assessment forms through the mail.

3. The following items of personal property shall each constitute separate subclasses of tangible personal property and shall be assessed and valued for the purposes of taxation at the following percentages of their true value in money:

(1) Grain and other agricultural crops in an unmanufactured condition, one-half of one percent;

(2) Livestock, twelve percent;

(3) Farm machinery, twelve percent;

(4) Motor vehicles which are eligible for registration as and are registered as historic motor vehicles pursuant to section 301.131, RSMo, and aircraft which are at least twenty-five years old and which are used solely for noncommercial purposes and are operated less than fifty hours per year or aircraft that are home built from a kit, five percent;

(5) Poultry, twelve percent; and

(6) Tools and equipment used for pollution control and tools and equipment used in retooling for the purpose of introducing new product lines or used for making improvements to existing products by any company which is located in a state enterprise zone and which is identified by any standard industrial classification number cited in subdivision (6) of section 135.200, RSMo, twenty-five percent.

4. The person listing the property shall enter a true and correct statement of the property, in a printed blank prepared for that purpose. The statement, after being filled out, shall be signed and either affirmed or sworn to as provided in section 137.155. The list shall then be delivered to the assessor.

5. All subclasses of real property, as such subclasses are established in section 4(b) of article X of the Missouri Constitution and defined in section 137.016, shall be assessed at the following percentages of true value:

(1) For real property in subclass (1), nineteen percent;

(2) For real property in subclass (2), twelve percent; and

(3) For real property in subclass (3), thirty-two percent.

6. Manufactured homes, as defined in section 700.010, RSMo, which are actually used as dwelling units shall be assessed at the same percentage of true value as residential real property for the purpose of taxation. The percentage of assessment of true value for such manufactured homes shall be the same as for residential real property. If the county collector cannot identify or find the manufactured home when attempting to attach the manufactured home for payment of taxes owed by the manufactured home owner, the county collector may request the county commission to have the manufactured home removed from the tax books, and such request shall be granted within thirty days after the request is made; however, the removal from the tax books does not remove the tax lien on the manufactured home if it is later identified or found. A manufactured home located in a manufactured home rental park, rental community or on real estate not

owned by the manufactured home owner shall be considered personal property. A manufactured home located on real estate owned by the manufactured home owner may be considered real property.

7. Each manufactured home assessed shall be considered a parcel for the purpose of reimbursement pursuant to section 137.750, unless the manufactured home has been converted to real property in compliance with section 700.111, RSMo, and assessed as a realty improvement to the existing real estate parcel.

8. Any amount of tax due and owing based on the assessment of a manufactured home shall be included on the personal property tax statement of the manufactured home owner unless the manufactured home has been converted to real property in compliance with section 700.111, RSMo, in which case the amount of tax due and owing on the assessment of the manufactured home as a realty improvement to the existing real estate parcel shall be included on the real property tax statement of the real estate owner.

9. The assessor of each county and each city not within a county shall use the trade-in value published in the October issue of the National Automobile Dealers' Association Official Used Car Guide, or its successor publication, as the recommended guide of information for determining the true value of motor vehicles described in such publication. In the absence of a listing for a particular motor vehicle in such publication, the assessor shall use such information or publications which in the assessor's judgment will fairly estimate the true value in money of the motor vehicle.

10. Before the assessor may increase the assessed valuation of any parcel of subclass (1) real property by more than fifteen percent since the last assessment, excluding increases due to new construction or improvements, the assessor shall conduct a physical inspection of such property.

11. If a physical inspection is required, pursuant to subsection 10 of this section, the assessor shall notify the property owner of that fact in writing and shall provide the owner clear written notice of the owner's rights relating to the physical inspection. If a physical inspection is required, the property owner may request that an interior inspection be performed during the physical inspection. The owner shall have no less than thirty days to notify the assessor of a request for an interior physical inspection.

12. A physical inspection, as required by subsection 10 of this section, shall include, but not be limited to, an on-site personal observation and review of all exterior portions of the land and any buildings and improvements to which the inspector has or may reasonably and lawfully gain external access, and shall include an observation and review of the interior of any buildings or improvements on the property upon the timely request of the owner pursuant to subsection 11 of this section. Mere observation of the property via a drive-by inspection or the like shall not be considered sufficient to constitute a physical inspection as required by this section.

13. The provisions of subsections 11 and 12 of this section shall only apply in any county with a charter form of government with more than one million inhabitants.

14. A county or city collector may accept credit cards as proper form of payment of outstanding property tax or license due. No county or city collector may charge surcharge for payment by credit card which exceeds the fee or surcharge charged by the credit card bank, processor, or issuer for its service. A county or city collector may accept payment by electronic transfers of funds in payment of any tax or license and charge the person making such payment a fee equal to the fee charged the county by the bank, processor, or issuer of such electronic payment.

15. [Any] **Every** county [or] **and** city not within a county in this state [may, by an affirmative vote of

the governing body of such county, opt out of] **shall be subject to** the provisions of this section and sections 137.073, **137.123**, 138.060, and 138.100, RSMo, [as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of the general reassessment, prior to January first of any year. No county or city not within a county shall exercise this opt-out provision after implementing the provisions of this section and sections 137.073, 138.060, and 138.100, RSMo, as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, in a year of general reassessment. For the purposes of applying the provisions of this subsection, a political subdivision contained within two or more counties where at least one of such counties has opted out and at least one of such counties has not opted out shall calculate a single tax rate as in effect prior to the enactment of house bill no. 1150 of the ninety-first general assembly, second regular session. A governing body of a city not within a county or a county that has opted out under the provisions of this subsection may choose to implement the provisions of this section and sections 137.073, 138.060, and 138.100, RSMo, as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session, and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of general reassessment, by an affirmative vote of the governing body prior to December thirty-first of any year.

16. The governing body of any city of the third classification with more than twenty-six thousand three hundred but fewer than twenty-six thousand seven hundred inhabitants located in any county that has exercised its authority to opt out under subsection 15 of this section may levy separate and differing tax rates for real and personal property only if such city bills and collects its own property taxes or satisfies the entire cost of the billing and collection of such separate and differing tax rates. Such separate and differing rates shall not exceed such city's tax rate ceiling].” and further amend said bill, Page 37, Section 137.121, Line 24, by inserting after all of said line the following:

**137.123. 1. The assessor of each county of this state and any city not within a county shall reassess residential real property every odd numbered year as provided under this section, and shall consider current market conditions in making such reassessments. Further amend said bill, page 36, section 137.106, line 5, by inserting immediately after all of said line the following:

**“137.115. 1. All other laws to the contrary notwithstanding, the assessor or the assessor's deputies in all counties of this state including the city of St. Louis shall annually make a list of all real and tangible personal property taxable in the assessor's city, county, town or district. Except as otherwise provided in subsection 3 of this section and section 137.078, the assessor shall annually assess all personal property at thirty-three and one-third percent of its true value in money as of January first of each calendar year. As provided in this section and section 137.123, the assessor shall annually assess all real property, including any new construction and improvements to real property, and possessory interests in real property at the percent of its true value in money set in subsection 5 of this section. The true value in money of any possessory interest in real property in subclass (3), where such real property is on or lies within the ultimate**

airport boundary as shown by a federal airport layout plan, as defined by 14 CFR 151.5, of a commercial airport having a FAR Part 139 certification and owned by a political subdivision, shall be the otherwise applicable true value in money of any such possessory interest in real property, less the total dollar amount of costs paid by a party, other than the political subdivision, towards any new construction or improvements on such real property completed after January 1, 2008, and which are included in the above-mentioned possessory interest, regardless of the year in which such costs were incurred or whether such costs were considered in any prior year. The assessor shall annually assess all real property in the following manner: new assessed values shall be determined as of January first of each odd-numbered year and shall be entered in the assessor's books; those same assessed values shall apply in the following even-numbered year, except for new construction and property improvements which shall be valued as though they had been completed as of January first of the preceding odd-numbered year. The assessor may call at the office, place of doing business, or residence of each person required by this chapter to list property, and require the person to make a correct statement of all taxable tangible personal property owned by the person or under his or her care, charge or management, taxable in the county. On or before January first of each even-numbered year, the assessor shall prepare and submit a two-year assessment maintenance plan to the county governing body and the state tax commission for their respective approval or modification. The county governing body shall approve and forward such plan or its alternative to the plan to the state tax commission by February first. If the county governing body fails to forward the plan or its alternative to the plan to the state tax commission by February first, the assessor's plan shall be considered approved by the county governing body. If the state tax commission fails to approve a plan and if the state tax commission and the assessor and the governing body of the county involved are unable to resolve the differences, in order to receive state cost-share funds outlined in section 137.750, the county or the assessor shall petition the administrative hearing commission, by May first, to decide all matters in dispute regarding the assessment maintenance plan. Upon agreement of the parties, the matter may be stayed while the parties proceed with mediation or arbitration upon terms agreed to by the parties. The final decision of the administrative hearing commission shall be subject to judicial review in the circuit court of the county involved. In the event a valuation of subclass (1) real property within any county with a charter form of government, or within a city not within a county, is made by a computer, computer-assisted method or a computer program, the burden of proof, supported by clear, convincing and cogent evidence to sustain such valuation, shall be on the assessor at any hearing or appeal. In any such county, unless the assessor proves otherwise, there shall be a presumption that the assessment was made by a computer, computer-assisted method or a computer program. Such evidence shall include, but shall not be limited to, the following:

(1) The findings of the assessor based on an appraisal of the property by generally accepted appraisal techniques; and

(2) The purchase prices from sales of at least three comparable properties and the address or location thereof. As used in this subdivision, the word "comparable" means that:

(a) Such sale was closed at a date relevant to the property valuation; and

(b) Such properties are not more than one mile from the site of the disputed property, except where no similar properties exist within one mile of the disputed property, the nearest comparable property shall be used. Such property shall be within five hundred square feet in size of the disputed property, and resemble the disputed property in age, floor plan, number of rooms, and other relevant characteristics.

2. Assessors in each county of this state and the city of St. Louis may send personal property assessment forms through the mail.

3. The following items of personal property shall each constitute separate subclasses of tangible personal property and shall be assessed and valued for the purposes of taxation at the following percentages of their true value in money:

(1) Grain and other agricultural crops in an unmanufactured condition, one-half of one percent;

(2) Livestock, twelve percent;

(3) Farm machinery, twelve percent;

(4) Motor vehicles which are eligible for registration as and are registered as historic motor vehicles pursuant to section 301.131, RSMo, and aircraft which are at least twenty-five years old and which are used solely for noncommercial purposes and are operated less than fifty hours per year or aircraft that are home built from a kit, five percent;

(5) Poultry, twelve percent; and

(6) Tools and equipment used for pollution control and tools and equipment used in retooling for the purpose of introducing new product lines or used for making improvements to existing products by any company which is located in a state enterprise zone and which is identified by any standard industrial classification number cited in subdivision (6) of section 135.200, RSMo, twenty-five percent.

4. The person listing the property shall enter a true and correct statement of the property, in a printed blank prepared for that purpose. The statement, after being filled out, shall be signed and either affirmed or sworn to as provided in section 137.155. The list shall then be delivered to the assessor.

5. All subclasses of real property, as such subclasses are established in section 4(b) of article X of the Missouri Constitution and defined in section 137.016, shall be assessed at the following percentages of true value:

(1) For real property in subclass (1), nineteen percent;

(2) For real property in subclass (2), twelve percent; and

(3) For real property in subclass (3), thirty-two percent.

6. Manufactured homes, as defined in section 700.010, RSMo, which are actually used as dwelling units shall be assessed at the same percentage of true value as residential real property for the purpose of taxation. The percentage of assessment of true value for such manufactured homes shall be the same as for residential real property. If the county collector cannot identify or find the manufactured home when attempting to attach the manufactured home for payment of taxes owed by the manufactured home owner, the county collector may request the county commission to have the manufactured home removed from the tax books, and such request shall be granted within thirty days after the request is made; however, the removal from the tax books does not remove the tax lien on the manufactured home if it is later identified or found. A manufactured home located in a manufactured home rental park, rental community or on real estate not owned by the manufactured home owner shall be considered personal property. A manufactured home located on real estate owned by the manufactured home owner may be considered real property.

7. Each manufactured home assessed shall be considered a parcel for the purpose of reimbursement pursuant to section 137.750, unless the manufactured home has been converted to real property in compliance with section 700.111, RSMo, and assessed as a realty improvement to the existing real estate parcel.

8. Any amount of tax due and owing based on the assessment of a manufactured home shall be included on the personal property tax statement of the manufactured home owner unless the manufactured home has been converted to real property in compliance with section 700.111, RSMo, in which case the amount of tax due and owing on the assessment of the manufactured home as a realty improvement to the existing real estate parcel shall be included on the real property tax statement of the real estate owner.

9. The assessor of each county and each city not within a county shall use the trade-in value published in the October issue of the National Automobile Dealers' Association Official Used Car Guide, or its successor publication, as the recommended guide of information for determining the true value of motor vehicles described in such publication. In the absence of a listing for a particular motor vehicle in such publication, the assessor shall use such information or publications which in the assessor's judgment will fairly estimate the true value in money of the motor vehicle.

10. Before the assessor may increase the assessed valuation of any parcel of subclass (1) real property by more than fifteen percent since the last assessment, excluding increases due to new construction or improvements, the assessor shall conduct a physical inspection of such property.

11. If a physical inspection is required, pursuant to subsection 10 of this section, the assessor shall notify the property owner of that fact in writing and shall provide the owner clear written notice of the owner's rights relating to the physical inspection. If a physical inspection is required, the property owner may request that an interior inspection be performed during the physical inspection. The owner shall have no less than thirty days to notify the assessor of a request for an interior physical inspection.

12. A physical inspection, as required by subsection 10 of this section, shall include, but not be limited to, an on-site personal observation and review of all exterior portions of the land and any buildings and improvements to which the inspector has or may reasonably and lawfully gain external access, and shall include an observation and review of the interior of any buildings or improvements on the property upon the timely request of the owner pursuant to subsection 11 of this section. Mere observation of the property via a drive-by inspection or the like shall not be considered sufficient to constitute a physical inspection as required by this section.

13. The provisions of subsections 11 and 12 of this section shall only apply in any county with a charter form of government with more than one million inhabitants.

14. A county or city collector may accept credit cards as proper form of payment of outstanding property tax or license due. No county or city collector may charge surcharge for payment by credit card which exceeds the fee or surcharge charged by the credit card bank, processor, or issuer for its service. A county or city collector may accept payment by electronic transfers of funds in payment of any tax or license and charge the person making such payment a fee equal to the fee charged the county by the bank, processor, or issuer of such electronic payment.

15. [Any] **Every** county [or] **and** city not within a county in this state [may, by an affirmative vote of the governing body of such county, opt out of] **shall be subject to** the provisions of this section and sections 137.073, **137.123**, 138.060, and 138.100, RSMo, [as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of the general reassessment, prior to January first of any year. **“304.170. 1. No vehicle operated upon the highways of this state shall have a width, including load, in**

excess of one hundred two inches, except clearance lights, rearview mirrors or other accessories required by federal, state or city law or regulation. Provided however, a recreational vehicle as defined in section 700.010, RSMo, may exceed the foregoing width limits if the appurtenances on such recreational vehicle extend no further than the rearview mirrors. Such mirrors may only extend the distance necessary to provide the required field of view before the appurtenances were attached.

2. No vehicle operated upon the interstate highway system or upon any route designated by the chief engineer of the state transportation department shall have a height, including load, in excess of fourteen feet. On all other highways, no vehicle shall have a height, including load, in excess of thirteen and one-half feet, except that any vehicle or combination of vehicles transporting automobiles or other motor vehicles may have a height, including load, of not more than fourteen feet.

3. No single motor vehicle operated upon the highways of this state shall have a length, including load, in excess of forty-five feet, except as otherwise provided in this section.

4. No bus, recreational motor vehicle or trackless trolley coach operated upon the highways of this state shall have a length in excess of forty-five feet, except that such vehicles may exceed the forty-five feet length when such excess length is caused by the projection of a front safety bumper or a rear safety bumper or both. Such safety bumper shall not cause the length of the bus or recreational motor vehicle to exceed the forty-five feet length limit by more than one foot in the front and one foot in the rear. The term "safety bumper" means any device which may be fitted on an existing bumper or which replaces the bumper and is so constructed, treated, or manufactured that it absorbs energy upon impact.

5. No combination of truck-tractor and semitrailer or truck-tractor equipped with dromedary and semitrailer operated upon the highways of this state shall have a length, including load, in excess of sixty feet; except that in order to comply with the provisions of Title 23 of the United States Code (Public Law 97-424), no combination of truck-tractor and semitrailer or truck-tractor equipped with dromedary and semitrailer operated upon the interstate highway system of this state shall have an overall length, including load, in excess of the length of the truck-tractor plus the semitrailer or truck-tractor equipped with dromedary and semitrailer. The length of such semitrailer shall not exceed fifty-three feet.

6. In order to comply with the provisions of Title 23 of the United States Code (Public Law 97-424), no combination of truck-tractor, semitrailer and trailer operated upon the interstate highway system of this state shall have an overall length, including load, in excess of the length of the truck-tractor plus the semitrailer and trailer, neither of which semitrailer or trailer shall exceed twenty-eight feet in length, except that any existing semitrailer or trailer up to twenty-eight and one-half feet in length actually and lawfully operated on December 1, 1982, within a sixty-five foot overall length limit in any state, may continue to be operated upon the interstate highways of this state. On those primary highways not designated by the state highways and transportation commission as provided in subsection 10 of this section, no combination of truck-tractor, semitrailer and trailer shall have an overall length, including load, in excess of sixty-five feet; provided, however, the state highways and transportation commission may designate additional routes for such sixty-five foot combinations.

7. Automobile transporters, boat transporters, truck-trailer boat transporter combinations, stinger-steered combination automobile transporters and stinger-steered combination boat transporters having a length not in excess of seventy-five feet may be operated on the interstate highways of this state and such other highways as may be designated by the highways and transportation commission for the operation of such vehicles plus a distance not to exceed ten miles from such interstate or designated highway. All length

provisions regarding automobile or boat transporters, truck-trailer boat transporter combinations and stinger-steered combinations shall include a semitrailer length not to exceed fifty-three feet and are exclusive of front and rear overhang, which shall be no greater than a three-foot front overhang and no greater than a four-foot rear overhang.

8. Driveaway saddlemount combinations having a length not in excess of ninety-seven feet may be operated on the interstate highways of this state and such other highways as may be designated by the highways and transportation commission for the operation of such vehicles plus a distance not to exceed ten miles from such interstate or designated highway. Saddlemount combinations must comply with the safety requirements of Section 393.71 of Title 49 of the Code of Federal Regulations and may contain no more than three saddlemounted vehicles and one fullmount.

9. No truck-tractor semitrailer-semitrailer combination vehicles operated upon the interstate and designated primary highway system of this state shall have a semitrailer length in excess of twenty-eight feet or twenty-eight and one-half feet if the semitrailer was in actual and lawful operation in any state on December 1, 1982, operating in a truck-tractor semitrailer-semitrailer combination. The B-train assembly is excluded from the measurement of semitrailer length when used between the first and second semitrailer of a truck-tractor semitrailer-semitrailer combination, except that when there is no semitrailer mounted to the B-train assembly, it shall be included in the length measurement of the semitrailer.

10. The highways and transportation commission is authorized to designate routes on the state highway system other than the interstate system over which those combinations of vehicles of the lengths specified in subsections 5, 6, 7, 8 and 9 of this section may be operated. Combinations of vehicles operated under the provisions of subsections 5, 6, 7, 8 and 9 of this section may be operated at a distance not to exceed ten miles from the interstate system and such routes as designated under the provisions of this subsection.

11. Except as provided in subsections 5, 6, 7, 8, 9 and 10 of this section, no other combination of vehicles operated upon the primary or interstate highways of this state plus a distance of ten miles from a primary or interstate highway shall have an overall length, unladen or with load, in excess of sixty-five feet or in excess of fifty-five feet on any other highway, except the state highways and transportation commission may designate additional routes for use by sixty-five foot combinations, seventy-five foot stinger-steered combinations or seventy-five foot saddlemount combinations. Any vehicle or combination of vehicles transporting automobiles, boats or other motor vehicles may carry a load which extends no more than three feet beyond the front and four feet beyond the rear of the transporting vehicle or combination of vehicles.

12. (1) Except as hereinafter provided, these restrictions shall not apply to agricultural implements operating occasionally on the highways for short distances[,] **including tractor parades for fund-raising activities or special events, provided the tractors are driven by licensed drivers during daylight hours only and with the approval of the superintendent of the Missouri state highway patrol;** or to self-propelled hay-hauling equipment or to implements of husbandry, or to the movement of farm products as defined in section [400.9-109] **400.9-102**, RSMo, or to vehicles temporarily transporting agricultural implements or implements of husbandry or roadmaking machinery, or road materials or towing for repair purposes vehicles that have become disabled upon the highways; or to implement dealers delivering or moving farm machinery for repairs on any state highway other than the interstate system.

(2) Implements of husbandry and vehicles transporting such machinery or equipment and the movement of farm products as defined in section 400.9.109, RSMo, may be operated occasionally for short distances

on state highways when operated between the hours of sunrise and sunset by a driver licensed as an operator or chauffeur.

13. As used in this chapter the term “implements of husbandry” means all self-propelled machinery operated at speeds of less than thirty miles per hour, specifically designed for, or especially adapted to be capable of, incidental over-the-road and primary offroad usage and used exclusively for the application of commercial plant food materials or agricultural chemicals, and not specifically designed or intended for transportation of such chemicals and materials.

14. Sludge disposal units may be operated on all state highways other than the interstate system. Such units shall not exceed one hundred thirty-eight inches in width and may be equipped with over-width tires. Such units shall observe all axle weight limits. The chief engineer of the state transportation department shall issue special permits for the movement of such disposal units and may by such permits restrict the movements to specified routes, days and hours.”; and

Further amend said bill, page 55, section 304.155, line 11, by inserting after all of said line the following:

“304.260. Farm tractors when using the highways in traveling from one field or farm to another, or to or from places of delivery or repair, **or when participating in activities or events permitted under subsection 12 of section 304.170** are exempt from the provisions of the law relating to registration and display of number plates, but shall comply with all the other provisions hereof. The state highways and transportation commission shall have the power and authority to prescribe the type of road upon which such tractors may be used and may exclude the use of such tractors or the use of trucks of any particular weight from the use of certain designated roads or types of roads, by the posting of signs along or upon such roads or any part thereof.”; and

In addition to filing an affidavit, the person or towing company shall submit an application, in a format prescribed by the director of the department of revenue, which shall include the following information:**

**(1) The name and address of the person or towing company that removed the abandoned property pursuant to section 304.155, RSMo;**

**(3) An itemized accounting of the reasonable towing and storage charges associated with removing the abandoned property; and**

**(4) Any other relevant information the director of the department of revenue may prescribe by rule.**

**2. The application shall also be accompanied by a copy of the crime inquiry and inspection report required to be retained by subsection 7 of section 304.155, RSMo. The applicant shall also attest that the towing company has complied with all procedural requirements outlined in sections 304.155 to 304.158, RSMo.**

**3. Within five business days of receiving the application submitted under subsection 1 of this section, the director of the department of revenue, or the director's designee, shall send notice to the registered owner of the abandoned motor vehicle, as revealed by the department's records, that a claim for reasonable towing and storage charges has been filed with the department. The notice shall further state that if the registered owner of the abandoned motor vehicle does not provide satisfactory proof to the department that such charges have been satisfied within thirty days of receiving the notice, the department shall suspend the owner's driver's license or driving privileges and any motor vehicle registrations registered in the owner's name. The notice of suspension shall be mailed to the registered owner at the last known address shown on the department's records. The notice of suspension is deemed received three days after mailing. The notice of suspension shall clearly specify the reason and statutory grounds for the suspension and the effective date of the suspension, the right**

of the person to request a hearing, the procedure for requesting a hearing, and the date by which that request for a hearing must be made. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void.”; and

The certificate shall contain on its face a complete description, vehicle identification number, and other evidence of identification of the motor vehicle or trailer, as the director of revenue may deem necessary, together with the odometer information required to be put on the face of the certificate pursuant to section 407.536, RSMo, a statement of any liens or encumbrances which the application may show to be thereon, and, if ownership of the vehicle has been transferred, the name of the state issuing the transferor's title and whether the transferor's odometer mileage statement executed pursuant to section 407.536, RSMo, indicated that the true mileage is materially different from the number of miles shown on the odometer, or is unknown.

3. The director of revenue shall appropriately designate on the current and all subsequent issues of the certificate the words "Reconstructed Motor Vehicle", "Motor Change Vehicle", "Specially Constructed Motor Vehicle", or "Non-USA-Std Motor Vehicle", as defined in section 301.010. Effective July 1, 1990, on all original and all subsequent issues of the certificate for motor vehicles as referenced in subsections 2 and 3 of section 301.020, the director shall print on the face thereof the following designation: "Annual odometer updates may be available from the department of revenue.". On any duplicate certificate, the director of revenue shall reprint on the face thereof the most recent of either:

(1) The mileage information included on the face of the immediately prior certificate and the date of purchase or issuance of the immediately prior certificate; or

(2) Any other mileage information provided to the director of revenue, and the date the director obtained or recorded that information.

4. The certificate of ownership issued by the director of revenue shall be manufactured in a manner to

prohibit as nearly as possible the ability to alter, counterfeit, duplicate, or forge such certificate without ready detection. In order to carry out the requirements of this subsection, the director of revenue may contract with a nonprofit scientific or educational institution specializing in the analysis of secure documents to determine the most effective methods of rendering Missouri certificates of ownership nonalterable or noncounterfeitable.

5. The fee for each original certificate so issued shall be eight dollars and fifty cents, in addition to the fee for registration of such motor vehicle or trailer. If application for the certificate is not made within thirty days after the vehicle is acquired by the applicant, a delinquency penalty fee of twenty-five dollars for the first thirty days of delinquency and twenty-five dollars for each thirty days of delinquency thereafter, not to exceed a total of two hundred dollars, but such penalty may be waived by the director for a good cause shown. If the director of revenue learns that any person has failed to obtain a certificate within thirty days after acquiring a motor vehicle or trailer or has sold a vehicle without obtaining a certificate, he shall cancel the registration of all vehicles registered in the name of the person, either as sole owner or as a co-owner, and shall notify the person that the cancellation will remain in force until the person pays the delinquency penalty fee provided in this section, together with all fees, charges and payments which the person should have paid in connection with the certificate of ownership and registration of the vehicle. The certificate shall be good for the life of the motor vehicle or trailer so long as the same is owned or held by the original holder of the certificate and shall not have to be renewed annually.

6. Any applicant for a certificate of ownership requesting the department of revenue to process an application for a certificate of ownership in an expeditious manner requiring special handling shall pay a fee of five dollars in addition to the regular certificate of ownership fee.

7. It is unlawful for any person to operate in this state a motor vehicle or trailer required to be registered under the provisions of the law unless a certificate of ownership has been applied for as provided in this section.

8. Before an original Missouri certificate of ownership is issued, an inspection of the vehicle and a verification of vehicle identification numbers shall be made by the Missouri state highway patrol on vehicles for which there is a current title issued by another state if a Missouri salvage certificate of title has been issued for the same vehicle but no prior inspection and verification has been made in this state, except that if such vehicle has been inspected in another state by a law enforcement officer in a manner comparable to the inspection process in this state and the vehicle identification numbers have been so verified, the applicant shall not be liable for the twenty-five dollar inspection fee if such applicant submits proof of inspection and vehicle identification number verification to the director of revenue at the time of the application. The applicant, who has such a title for a vehicle on which no prior inspection and verification have been made, shall pay a fee of twenty-five dollars for such verification and inspection, payable to the director of revenue at the time of the request for the application, which shall be deposited in the state treasury to the credit of the state highways and transportation department fund.

9. Each application for an original Missouri certificate of ownership for a vehicle which is classified as a reconstructed motor vehicle, specially constructed motor vehicle, kit vehicle, motor change vehicle, non-USA-std motor vehicle, or other vehicle as required by the director of revenue shall be accompanied by a vehicle examination certificate issued by the Missouri state highway patrol, or other law enforcement agency as authorized by the director of revenue. The vehicle examination shall include a verification of vehicle identification numbers and a determination of the classification of the vehicle. The owner of a

vehicle which requires a vehicle examination certificate shall present the vehicle for examination and obtain a completed vehicle examination certificate prior to submitting an application for a certificate of ownership to the director of revenue. The fee for the vehicle examination application shall be twenty-five dollars and shall be collected by the director of revenue at the time of the request for the application and shall be deposited in the state treasury to the credit of the state highways and transportation department fund. If the vehicle is also to be registered in Missouri, the safety inspection required in chapter 307, RSMo, and the emissions inspection required under chapter 643, RSMo, shall be completed and the fees required by section 307.365, RSMo, and section 643.315, RSMo, shall be charged to the owner.

10. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri or as required by section 301.020, it shall be accompanied by a current inspection form certified by a duly authorized official inspection station as described in chapter 307, RSMo. The completed form shall certify that the manufacturer's identification number for the vehicle has been inspected, that it is correctly displayed on the vehicle and shall certify the reading shown on the odometer at the time of inspection. The inspection station shall collect the same fee as authorized in section 307.365, RSMo, for making the inspection, and the fee shall be deposited in the same manner as provided in section 307.365, RSMo. If the vehicle is also to be registered in Missouri, the safety inspection required in chapter 307, RSMo, **if such inspection is otherwise required under section 307.350, RSMo**, and the emissions inspection required under chapter 643, RSMo, shall be completed and only the fees required by section 307.365, RSMo, and section 643.315, RSMo, shall be charged to the owner. This section shall not apply to vehicles being transferred on a manufacturer's statement of origin.

11. Motor vehicles brought into this state in a wrecked or damaged condition or after being towed as an abandoned vehicle pursuant to another state's abandoned motor vehicle procedures shall, in lieu of the inspection required by subsection 10 of this section, be inspected by the Missouri state highway patrol in accordance with subsection 9 of this section. If the inspection reveals the vehicle to be in a salvage or junk condition, the director shall so indicate on any Missouri certificate of ownership issued for such vehicle. Any salvage designation shall be carried forward on all subsequently issued certificates of title for the motor vehicle.

12. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri, and the certificate of ownership has been appropriately designated by the issuing state as a reconstructed motor vehicle, motor change vehicle, specially constructed motor vehicle, or prior salvage vehicle, the director of revenue shall appropriately designate on the current Missouri and all subsequent issues of the certificate of ownership the name of the issuing state and such prior designation. The absence of any prior designation shall not relieve a transferor of the duty to exercise due diligence with regard to such certificate of ownership prior to the transfer of a certificate. If a transferor exercises any due diligence with regard to a certificate of ownership, the legal transfer of a certificate of ownership without any designation that is subsequently discovered to have or should have had a designation shall be a transfer free and clear of any liabilities of the transferor associated with the missing designation.

13. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri, and the certificate of ownership has been appropriately designated by the issuing state as non-USA-std motor vehicle, the director of revenue shall appropriately designate on the current Missouri and all subsequent issues of the certificate of ownership the words "Non-USA-Std Motor Vehicle".

14. The director of revenue and the superintendent of the Missouri state highway patrol shall make and enforce rules for the administration of the inspections required by this section.

15. Each application for an original Missouri certificate of ownership for a vehicle which is classified as a reconstructed motor vehicle, manufactured forty or more years prior to the current model year, and which has a value of three thousand dollars or less shall be accompanied by:

(1) A proper affidavit submitted by the owner explaining how the motor vehicle or trailer was acquired and, if applicable, the reasons a valid certificate of ownership cannot be furnished;

(2) Photocopies of receipts, bills of sale establishing ownership, or titles, and the source of all major component parts used to rebuild the vehicle;

(3) A fee of one hundred fifty dollars in addition to the fees described in subsection 5 of this section. Such fee shall be deposited in the state treasury to the credit of the state highways and transportation department fund; and

(4) An inspection certificate, other than a motor vehicle examination certificate required under subsection 9 of this section, completed and issued by the Missouri state highway patrol, or other law enforcement agency as authorized by the director of revenue. The inspection performed by the highway patrol or other authorized local law enforcement agency shall include a check for stolen vehicles.

The department of revenue shall issue the owner a certificate of ownership designated with the words "Reconstructed Motor Vehicle" and deliver such certificate of ownership in accordance with the provisions of this chapter. Notwithstanding subsection 9 of this section, no owner of a reconstructed motor vehicle described in this subsection shall be required to obtain a vehicle examination certificate issued by the Missouri state highway patrol."; and

Further amend said bill, Page 57, Section 306.535, Line 7 of said page, by inserting after all of said line the following:

"307.350. 1. The owner of every motor vehicle as defined in section 301.010, RSMo, which is required to be registered in this state, except:

(1) [New] Motor vehicles [which have not been previously titled and registered,] for the [two-year] **ten-year** period following their model year of manufacture;

(2) Those motor vehicles which are engaged in interstate commerce and are proportionately registered in this state with the Missouri highway reciprocity commission, although the owner may request that such vehicle be inspected by an official inspection station, and a peace officer may stop and inspect such vehicles to determine whether the mechanical condition is in compliance with the safety regulations established by the United States Department of Transportation; and

(3) Historic motor vehicles registered pursuant to section 301.131, RSMo;

shall submit such vehicles to a biennial inspection of their mechanism and equipment in accordance with the provisions of sections 307.350 to 307.390 and obtain a certificate of inspection and approval and a sticker, seal, or other device from a duly authorized official inspection station. The inspection, except the inspection of school buses which shall be made at the time provided in section 307.375, shall be made at the time prescribed in the rules and regulations issued by the superintendent of the Missouri state highway patrol; but the inspection of a vehicle shall not be made more than sixty days prior to the date of application

for registration or within sixty days of when a vehicle's registration is transferred. Any vehicle manufactured as an even-numbered model year vehicle shall be inspected and approved pursuant to the safety inspection program established pursuant to sections 307.350 to 307.390 in each even-numbered calendar year and any such vehicle manufactured as an odd-numbered model year vehicle shall be inspected and approved pursuant to sections 307.350 to 307.390 in each odd-numbered year. The certificate of inspection and approval shall be a sticker, seal, or other device or combination thereof, as the superintendent of the Missouri state highway patrol prescribes by regulation and shall be displayed upon the motor vehicle or trailer as prescribed by the regulations established by him. The replacement of certificates of inspection and approval which are lost or destroyed shall be made by the superintendent of the Missouri state highway patrol under regulations prescribed by him.

2. For the purpose of obtaining an inspection only, it shall be lawful to operate a vehicle over the most direct route between the owner's usual place of residence and an inspection station of such owner's choice, notwithstanding the fact that the vehicle does not have a current state registration license. It shall also be lawful to operate such a vehicle from an inspection station to another place where repairs may be made and to return the vehicle to the inspection station notwithstanding the absence of a current state registration license.

3. No person whose motor vehicle was duly inspected and approved as provided in this section shall be required to have the same motor vehicle again inspected and approved for the sole reason that such person wishes to obtain a set of any special personalized license plates available pursuant to section 301.144, RSMo, or a set of any license plates available pursuant to section 301.142, RSMo, prior to the expiration date of such motor vehicle's current registration.

4. Notwithstanding the provisions of section 307.390, violation of this section shall be deemed an infraction.”; and

Further amend said bill, Page 59, Section 387.040, Line 3, by inserting after all of said line the following:

“643.303. 1. Beginning September 1, 2007, emissions inspections required by sections 643.300 to 643.355 shall be conducted through a decentralized emissions program that meets the requirements of this section. Prior to September 1, 2007, the air conservation commission shall develop a decentralized emissions inspection program that allows official inspection stations to conduct on-board diagnostic emission inspections of 1996 model year and newer motor vehicles equipped with on-board diagnostic systems meeting the federal Environmental Protection Agency On-Board Diagnostics II (OBDII) standards. The decentralized emissions inspection program shall, at a minimum, provide for the following:

- (1) The periodic inspection of certain motor vehicles as required under section 643.315;
- (2) The certification and operation of official emissions inspection stations and the licensing of emission inspectors;
- (3) The testing of motor vehicles through on-board diagnostic testing technologies;
- (4) The training, certification, and supervision of emission inspectors and other personnel; and
- (5) Procedures for certifying test results and for reporting and maintaining relevant data records.

2. In addition to any other criteria established by the commission under section 643.320 or by rule, the decentralized emissions inspection program shall allow any official inspection station located in an area

described in subsection 1 of section 643.305 otherwise qualified by the Missouri state highway patrol to conduct motor vehicle safety inspections under section 307.360, RSMo, to conduct on-board diagnostic emission inspections. Any motor vehicle safety inspection station that desires to conduct emissions inspections shall submit an application for a certificate of authorization to the commission as provided for under section 643.320. Other individuals, corporations, or entities that do not conduct motor vehicle safety inspections may conduct emission inspections provided they meet the qualifications set forth in sections 643.300 to 643.355 and the rules promulgated by the commission. Applications shall be made upon a form designated by the commission and shall contain such information as may be required by the commission. A certificate of authorization issued under section 643.320 to conduct emission inspections shall be issued only after the commission has made a determination that the applicant's proposed inspection station will be properly equipped, has the necessary licensed emission inspectors to conduct inspections, and meets all other requirements of sections 643.300 to 643.355 or rules promulgated to carry out the provisions of those sections.

3. The decentralized emissions inspection program shall allow any official inspection station that is certified to conduct an on-board diagnostic emission inspection under sections 643.300 to 643.355 to repair motor vehicles in order to bring such vehicles into compliance with sections 643.300 to 643.355, if such station and personnel meet the qualifications to conduct emission repairs as set forth in sections 643.300 to 643.355. An official emission inspection station may elect to be an emissions test-only station or may elect to conduct both emission inspections and repairs.

4. The commission is authorized to begin certification of official inspection stations prior to September 1, 2007, in order to implement the decentralized emissions inspection program. Prior to January 1, 2007, the department of natural resources shall issue a report to the general assembly and the governor regarding the progress of implementing the decentralized emissions inspection program. The report shall include, but not be limited to, a summary describing how many inspection stations or individuals the department expects to participate in the program and how many inspection stations or individuals will be qualified by September 1, 2007, to conduct such emissions inspections.

5. The commission may, as a part of implementing the decentralized emissions inspection program, use remote sensing devices to collect information regarding the vehicle fleet emissions characteristics and registration compliance within the area described in subsection 1 of section 643.305. The decentralized emissions inspection program established by the commission may also include a clean screen program that utilizes remote sensing devices. Owners of eligible vehicles who comply with clean screen/remote sensing procedures shall be deemed to have complied with the mandatory inspection requirements for the next inspection cycle. As used in this subsection, the term "clean screen program" shall mean a procedure or system that utilizes remote sensing technologies to determine whether a motor vehicle has acceptable emission levels and then allows the motor vehicle owner to bypass the emissions inspection test required under section 643.315.

6. The decentralized emissions inspection program may include a gas cap pressure test and a visual inspection component, and such tests may be included as part of the motor vehicle safety inspection test under section 307.350, RSMo, **if such motor vehicle is otherwise required to undergo an inspection under section 307.350, RSMo.**

7. As used in sections 643.300 to 643.355, "decentralized emissions inspection program" means an emissions inspection program under which a certified emissions inspector conducts emissions inspection testing at an official inspection station.

8. The decentralized emission inspection program shall satisfy the requirements established by regulation of the United States Environmental Protection Agency.

9. The decentralized emissions inspection program established by the commission and sections 643.300 to 643.355 shall not be construed to be a new program as described in section 23.253, RSMo, and the decentralized emissions inspection program shall not be subject to the sunset mandate prescribed by sections 23.250 to 23.298, RSMo.

10. No later than July 1, 2007, the department of natural resources and the Missouri highway patrol shall enter into an interagency agreement covering all aspects of the administration and enforcement of sections 643.300 to 643.355.

11. No later than July 1, 2007, the air conservation commission shall promulgate rules for the implementation of this section. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly under chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2006, shall be invalid and void.

12. Prior to September 1, 2007, the department of natural resources shall actively promote participation in the decentralized emissions inspection program among qualified motor vehicle dealers, service stations, and other individuals. After the implementation of the decentralized emission inspection program, the department shall monitor participation in such program. In determining whether there are a sufficient number of individuals conducting motor vehicle emission inspections under the decentralized program, the department shall attempt to ensure, through promotional efforts, that no more than twenty percent of all persons residing in the affected nonattainment area reside farther than five miles from the nearest inspection station.

643.315. 1. Except as provided in sections 643.300 to 643.355, all motor vehicles which are domiciled, registered or primarily operated in an area for which the commission has established a motor vehicle emissions inspection program pursuant to sections 643.300 to 643.355 shall be inspected and approved prior to sale or transfer; provided that, if such vehicle is inspected and approved prior to sale or transfer, such vehicle shall not be subject to another emissions inspection for ninety days after the date of sale or transfer of such vehicle. In addition, any such vehicle manufactured as an even-numbered model year vehicle shall be inspected and approved under the emissions inspection program established pursuant to sections 643.300 to 643.355 in each even-numbered calendar year and any such vehicle manufactured as an odd-numbered model year vehicle shall be inspected and approved under the emissions inspection program established pursuant to sections 643.300 to 643.355 in each odd-numbered calendar year. All motor vehicles subject to the inspection requirements of sections 643.300 to 643.355 shall display a valid emissions inspection sticker, and when applicable, a valid emissions inspection certificate shall be presented at the time of registration or registration renewal of such motor vehicle. The department of revenue shall require evidence of the safety and emission inspection and approval required by this section in issuing the motor vehicle annual registration in conformity with the procedure required by sections 307.350 to 307.390, RSMo, and sections 643.300 to 643.355. The director of revenue may verify that a successful safety and emissions inspection was completed via electronic means.

2. The inspection requirement of subsection 1 of this section shall apply to all motor vehicles except:

(1) Motor vehicles with a manufacturer's gross vehicle weight rating in excess of eight thousand five hundred pounds;

(2) Motorcycles and motortricycles if such vehicles are exempted from the motor vehicle emissions inspection under federal regulation and approved by the commission by rule;

(3) Model year vehicles manufactured prior to 1996;

(4) Vehicles which are powered exclusively by electric or hydrogen power or by fuels other than gasoline which are exempted from the motor vehicle emissions inspection under federal regulation and approved by the commission by rule;

(5) Motor vehicles registered in an area subject to the inspection requirements of sections 643.300 to 643.355 which are domiciled and operated exclusively in an area of the state not subject to the inspection requirements of sections 643.300 to 643.355, but only if the owner of such vehicle presents to the department an affidavit that the vehicle will be operated exclusively in an area of the state not subject to the inspection requirements of sections 643.300 to 643.355 for the next twenty-four months, and the owner applies for and receives a waiver which shall be presented at the time of registration or registration renewal;

(6) New and unused motor vehicles, of model years of the current calendar year and of any calendar year within two years of such calendar year, which have an odometer reading of less than six thousand miles at the time of original sale by a motor vehicle manufacturer or licensed motor vehicle dealer to the first user;

(7) Historic motor vehicles registered pursuant to section 301.131, RSMo;

(8) School buses;

(9) Heavy-duty diesel-powered vehicles with a gross vehicle weight rating in excess of eight thousand five hundred pounds;

(10) New motor vehicles that have not been previously titled and registered, for the four-year period following their model year of manufacture, provided the odometer reading for such motor vehicles are under forty thousand miles [at their first required biennial safety inspection conducted under sections 307.350 to 307.390, RSMo] **two years after such motor vehicles were initially registered**; otherwise such motor vehicles shall be subject to the emissions inspection requirements of subsection 1 of this section [during the same period that the biennial safety inspection is conducted]; and

(11) Motor vehicles that are driven fewer than twelve thousand miles between biennial safety inspections.

3. The commission may, by rule, allow inspection reciprocity with other states having equivalent or more stringent testing and waiver requirements than those established pursuant to sections 643.300 to 643.355.

4. (1) At the time of sale, a licensed motor vehicle dealer, as defined in section 301.550, RSMo, may choose to sell a motor vehicle subject to the inspection requirements of sections 643.300 to 643.355 either:

(a) With prior inspection and approval as provided in subdivision (2) of this subsection; or

(b) Without prior inspection and approval as provided in subdivision (3) of this subsection.

(2) If the dealer chooses to sell the vehicle with prior inspection and approval, the dealer shall disclose,

in writing, prior to sale, whether the vehicle obtained approval by meeting the emissions standards established pursuant to sections 643.300 to 643.355 or by obtaining a waiver pursuant to section 643.335. A vehicle sold pursuant to this subdivision by a licensed motor vehicle dealer shall be inspected and approved within the one hundred twenty days immediately preceding the date of sale, and, for the purpose of registration of such vehicle, such inspection shall be considered timely.

(3) If the dealer chooses to sell the vehicle without prior inspection and approval, the purchaser may return the vehicle within ten days of the date of purchase, provided that the vehicle has no more than one thousand additional miles since the time of sale, if the vehicle fails, upon inspection, to meet the emissions standards specified by the commission and the dealer shall have the vehicle inspected and approved without the option for a waiver of the emissions standard and return the vehicle to the purchaser with a valid emissions certificate and sticker within five working days or the purchaser and dealer may enter into any other mutually acceptable agreement. If the dealer chooses to sell the vehicle without prior inspection and approval, the dealer shall disclose conspicuously on the sales contract and bill of sale that the purchaser has the option to return the vehicle within ten days, provided that the vehicle has no more than one thousand additional miles since the time of sale, to have the dealer repair the vehicle and provide an emissions certificate and sticker within five working days if the vehicle fails, upon inspection, to meet the emissions standards established by the commission, or enter into any mutually acceptable agreement with the dealer. A violation of this subdivision shall be an unlawful practice as defined in section 407.020, RSMo. No emissions inspection shall be required pursuant to sections 643.300 to 643.360 for the sale of any motor vehicle which may be sold without a certificate of inspection and approval, as provided pursuant to subsection 2 of section 307.380, RSMo.”; and

Further amend said bill, Page 59, Section 301.3152, Line 10, by inserting after all of said line the following:

“Section B. The repeal and reenactment of sections 301.147, 301.190, 307.350, 643.303, and 643.315 of this act shall become effective on January 1, 2010.”; and

Further amend the title and enacting clause accordingly.

Senator Shields moved that the above amendment be adopted, which motion prevailed.

Senator Stouffer moved that **SS** for **SB 58**, as amended, be adopted, which motion prevailed.

On motion of Senator Stouffer, **SS** for **SB 58**, as amended, was declared perfected and ordered printed.

## FIRST REGULAR SESSION

---

**THIRTY-SEVENTH DAY—THURSDAY, MARCH 12, 2009**

---

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

“Let them praise the name of the Lord! For he commanded and they were created.” (Psalm 148:5)

Gracious and Creative Lord, we give You thanks for the work we have here but we are mindful that at the end of this day we begin a time to put aside this work and to be at rest and with those we love. It is a time to do other things that refresh us and gives our minds moments of tranquility and clarity. Help us to use this time creatively as we are re-created for Your good purposes. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

**SENATE CONCURRENT RESOLUTION NO. 25**

WHEREAS, lesbian, gay, and bisexual Americans have served honorably in the Armed Forces throughout United States history and continue to serve with distinction on active duty, including in the wars in Iraq and Afghanistan; and

WHEREAS, the "Don't Ask, Don't Tell" policy currently does not allow openly lesbian, gay, or bisexual Americans to serve in the military only because of their sexual orientation; and

WHEREAS, more than 12,000 service members have been discharged under the "Don't Ask, Don't Tell" policy since the policy was enacted in 1993, including approximately 800 service members who performed heavily specialized jobs, such as Arabic translators, medical specialists, pilots, and intelligence personnel; and

WHEREAS, American taxpayers have spent more than \$250 million to carry out the "Don't Ask, Don't Tell" policy by removing and replacing qualified and honorable service members because of their sexual orientation; and

WHEREAS, the United States military's readiness to protect and defend our nation is severely compromised by spending taxpayer money to discharge honorable service members who are satisfactorily carrying out all required tasks, many of which are highly specialized, making it difficult to find qualified replacement personnel; and

WHEREAS, America's allies in the war on terror, including the United Kingdom, Australia, Canada, and Israel, allow lesbian and gay service members to serve openly; and

WHEREAS, every Department of Defense authorized study has shown that there is no correlation between sexual orientation and unit cohesion in the Armed Forces; and

WHEREAS, there are more than 20,000 military and civilian personnel stationed in Missouri, and an estimated 9,000 lesbian, gay, or bisexual veterans currently reside in Missouri:

NOW, THEREFORE, BE IT RESOLVED, that the members of the Missouri Senate, Ninety-fifth General Assembly, First Regular Session, the House of Representatives concurring therein, hereby support the Military Readiness Enhancement Act that would replace the current "Don't Ask, Don't Tell" policy with a policy of nondiscrimination based on sexual orientation, and respectfully urge the Congress to pass and the President to sign the Military Readiness Enhancement Act so that lesbian, gay, and bisexual Americans are able to serve their country as any other American would be allowed to serve; and

BE IT FURTHER RESOLVED that the Secretary of the Senate be instructed to prepare properly inscribed copies of this resolution for each member of Missouri's congressional delegation.

President Kinder in the Chair.

The department may use all investigative tools available to verify compliance. If the department determines that a hospital or health care facility is not in compliance, the department shall:

(1) Impose an administrative penalty of five thousand dollars per woman who is denied medically and factually accurate and objective information about emergency contraception or who is not offered or provided emergency contraception; and

(2) Impose an administrative penalty of five thousand dollars for failure to comply with the

(3) It is the public policy of this state that the interest in freedom from unreasonable government intrusions into the private lives of citizens, and specifically the right of consenting individuals to obtain and use safe and effective methods of contraception without interference by governmental entities, shall be safeguarded and that the laws of this state shall be interpreted and construed to recognize and protect these rights.

3. Notwithstanding any other provisions of law, no governmental actor or entity, whether state, county, municipal, or otherwise, within the state of Missouri, shall:

(1) Be authorized to act in any fashion so as to deprive consenting individuals of the right to obtain and use safe and effective methods of contraception; or

(2) Interfere with or discriminate against, in the regulation or provision of benefits, facilities, services, or information, the right of consenting individuals to obtain and use safe and effective methods of contraception.

4. Nothing in this section shall be interpreted to prevent implementation of laws, rules, ordinances, taxes, or regulations affecting the method and manner of sale or distribution of contraceptives, provided such laws, rules, ordinances, taxes, or regulations are reasonably designed to promote public health and safety, and do not have the effect of unreasonably hindering public access to contraceptives.

**(1) There is a valid medical concern that such drug or device will cause problems due to therapeutic duplications, drug-disease contraindications, drug interactions, including serious interactions with prescription or over-the-counter medications, incorrect dosage or duration of drug treatment, drug-allergy interactions, drug abuse, or drug misuse; or**

### MESSAGES FROM THE HOUSE

The following messages were received from the House of Representatives through its Chief Clerk:

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and adopted **HCS** for **HCRs 22** and **25**.

#### HOUSE COMMITTEE SUBSTITUTE FOR HOUSE CONCURRENT RESOLUTION NOS. 22 AND 25

Whereas, the state of Missouri has a long history of supporting the military in their mission to protect the American people; and

Whereas, Whiteman Air Force Base has a long history of being at the forefront of national defense; and

Whereas, the United States Air Force is establishing a new major command responsible for all Air Force nuclear operations, and this Global Strike Command will bring the Air Force's B-52 and B-2 bombers and intercontinental ballistic missiles under one command; and

Whereas, the United States Air Force is in the process of selecting the location of the permanent headquarters for Global Strike Command; and

Whereas, Whiteman Air Force Base is one of six bases where Air Force officials are considering stationing the permanent headquarters of Global Strike Command; and

Whereas, Whiteman Air Force Base is one of the most important joint military installations in the United States and has the distinction of being the only Air Force Base in the United States to have three separate Wings located on such installation; and

Whereas, one of the Wings is the 509th Bomb Wing, which is the only Air Force Wing to operate and maintain the Air Force's premier weapon system, the B-2 Bomber, a multi-role bomber capable of delivering both conventional and nuclear munitions; and

Whereas, state and local organizations, including the Missouri Military Preparedness and Enhancement Commission, the Warrensburg City Council, the Knob Noster City Council, the Whiteman Area Leadership Council, the Whiteman Air Force Base Community Council, the Military Affairs Committee of the Warrensburg Chamber of Commerce, the Knob Noster Chamber of Commerce, the Daily Star-Journal, the Missouri Department of Economic Development, and the Governor of the State of Missouri, all support the choice of Whiteman Air Force Base as the permanent headquarters for Global Strike Command:

Now, therefore, be it resolved that the members of the Missouri House of Representatives, Ninety-fifth General Assembly, First Regular Session, the Senate concurring therein, hereby strongly support the choice of Whiteman Air Force Base as the permanent headquarters of the Air Force's Global Strike Command and urge the United States Air Force to select Whiteman Air Force Base as the headquarters of the new Global Strike Command; and

Be it further resolved that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for the Secretary of Defense, the Secretary of the Air Force, and each member of Missouri's Congressional delegation.

In which the concurrence of the Senate is respectfully requested.

Also,

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and adopted **HCR 13**.

#### HOUSE CONCURRENT RESOLUTION NO. 13

Whereas, the Tenth Amendment to the Constitution of the United States reads as follows:

“The powers not delegated to the United States by the Constitution, nor prohibited by it to the States, are reserved to the States respectively, or to the people.”; and

Whereas, the Tenth Amendment defines the total scope of federal power as being that specifically granted by the Constitution of the United States and no more; and

Whereas, the scope of power defined by the Tenth Amendment means that the federal government was created by the states specifically to be an agent of the states; and

Whereas, today, in 2009, the states are demonstrably treated as agents of the federal government; and

Whereas, many federal laws are directly in violation of the Tenth Amendment to the Constitution of the United States; and

Whereas, the Tenth Amendment assures that we, the people of the United States of America and each sovereign state in the Union of States, now have, and have always had, rights the federal government may not usurp; and

Whereas, Article IV, Section 4 says, “The United States shall guarantee to every State in the Union a Republican Form of Government”, and the Ninth Amendment states that “The enumeration in the Constitution, of certain rights, shall not be construed to deny or disparage others retained by the people”; and

Whereas, the United States Supreme Court has rules in *New York v. United States*, 112 S.Ct. 2408 (1992), that Congress may not simply commandeer the legislative and regulatory processes of the states; and

Whereas, a number of proposals from previous administrations and some now pending from the present administration and from Congress may further violate the Constitution of the United States:

Now, therefore, be it resolved that the members of the House of Representatives of the Ninety-fifth General Assembly, First Regular Session, the Senate concurring therein, hereby claims sovereignty under the Tenth Amendment to the Constitution of the United States over all powers not otherwise enumerated and granted to the federal government by the Constitution of the United States; and

Be it further resolved that this concurrent resolution serve as Notice and Demand to the federal government, as our agent, to cease and desist, effective immediately, mandates that are beyond the scope of these constitutionally delegated powers; and

Be it further resolved that all compulsory federal legislation which directs states to comply under threat of civil or criminal penalties or sanctions or requires states to pass legislation or lose federal funding be prohibited or repealed; and

Be it further resolved that the Chief Clerk of the Missouri House of Representatives be instructed to prepare a properly inscribed copy of this resolution for the President of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives, the Speaker of the House of Representatives and President of the Senate of each state's legislature, and each member of the Missouri Congressional delegation.

In which the concurrence of the Senate is respectfully requested.

[Beginning with the 2007-08 academic year,] An applicant who is an undergraduate postsecondary student at an approved private or public institution and who meets the other eligibility criteria shall be eligible for financial assistance, with a minimum and maximum award amount as follows:

**(1) For academic years 2009-2010, 2010-2011, 2011-2012, and 2012-2013:**

**(a)** One thousand dollars maximum and three hundred dollars minimum for students attending institutions classified as part of the public two-year sector;

**[(2)] (b)** Two thousand one hundred fifty dollars maximum and one thousand dollars minimum for students attending institutions classified as part of the public four-year sector, including Linn State Technical College; and

**[(3)] (c)** Four thousand six hundred dollars maximum and two thousand dollars minimum for students attending approved private institutions.

**(2) For the 2013-14 academic year and subsequent years:**

**(a)** One thousand dollars maximum and three hundred dollars minimum for students attending institutions classified as part of the public two-year sector; and

**(b)** Two thousand eight hundred fifty dollars maximum and one thousand five hundred dollars minimum for students attending institutions classified as part of the public four-year sector, including Linn State Technical College, or approved private institutions.

2. All students with an expected family contribution of twelve thousand dollars or less shall receive at least the minimum award amount for his or her institution. Maximum award amounts for an eligible student with an expected family contribution above seven thousand dollars shall be reduced by ten percent of the maximum expected family contribution for his or her increment group. Any award amount shall be reduced by the amount of a student's [reimbursement pursuant to section 160.545, RSMo] **payment from the A+ schools program or its successor**. For purposes of this subsection, the term “increment group” shall mean a group organized by expected family contribution in five hundred dollar increments into which all eligible students shall be placed.

3. If appropriated funds are insufficient to fund the program as described, the maximum award shall be reduced across all sectors by the percentage of the shortfall. If appropriated funds exceed the amount necessary to fund the program, the additional funds shall be used to increase the number of recipients by raising the cutoff for the expected family contribution rather than by increasing the size of the award.

4. Every three years, beginning with academic year 2009-10, the award amount may be adjusted to increase no more than the Consumer Price Index for All Urban Consumers (CPI-U), 1982-1984 = 100, not seasonally adjusted, as defined and officially recorded by the United States Department of Labor, or its successor agency, for the previous academic year. The coordinating board shall prepare a report prior to the legislative session for use of the general assembly and the governor in determining budget requests which shall include the amount of funds necessary to maintain full funding of the program based on the baseline

established for the program upon the passage of sections 173.1101 to 173.1107. Any increase in the award amount shall not become effective unless an increase in the amount of money appropriated to the program necessary to cover the increase in award amount is passed by the general assembly.”; and

Further amend the title and enacting clause accordingly.

Senator Schaefer moved that the above amendment be adopted.

Senator Crowell raised the point of order that **SA 1** is out of order as it goes beyond the scope of the legislation pursuant to Senate Rule 57.

**“163.095. For any district in the county with a charter form of government and with more than one million inhabitants that in calendar year 2005 (school year 2005-2006) erroneously set a levy in the capital projects fund rather than the incidental fund and reported the capital projects amount to the county for which the county issued tax notices and the district received taxes for calendar year 2005, the department of elementary and secondary education shall calculate the amount the district would have received in state school aid for fiscal year 2006 had the district placed the levy in the incidental fund rather than the capital projects fund and use this revised 2005-2006 calculated funding amount in the distribution of state school aid for fiscal year 2007 and subsequent years. The sum of the amounts due to the school district in state school aid after recalculation for fiscal years 2007, 2008, 2009, and 2010, shall be divided and distributed to the school district in equal amounts in fiscal years 2010, 2011, 2012, and 2013. 3. The question shall be submitted in substantially the following form:

The new district shall faithfully perform all existing contracts and assume all legal obligations of the prior school districts.

7. A vote of the people shall be required for the closing of a facility used for student instruction if such a closing would result in a subdistrict no longer having a facility used for student instruction. 162.227. For a school district that has been reorganized to contain subdistricts pursuant to section 162.225, the board of education shall consist of seven members. Voters in each subdistrict shall elect one member who resides in that subdistrict to represent and to serve on the board of education. Voters shall also elect a number of at-large members to serve on the board of education. The state board of education shall order an election in the district to be held to elect members to serve on the board of education for the district. (3) The number of board members elected to serve until a successor is sworn in after the results of the third subsequent general municipal election shall be the difference between seven and the sum of the board members elected in subdivision 1 and subdivision 2 of this subsection.

The state board of education shall approve the drawing by lot.

(5) Subsequent board members shall be elected to serve terms three year in length.

School board members elected under this subsection shall take office on July first following the election, as described in subsection 1 of this section.

The number of board members selected from one district shall not exceed the quotient resulting from seven divided by the number of districts reorganizing rounded down to the nearest whole number plus one. The commissioner of education, or his or her designee, shall supervise the drawing, by lot, of the board members which shall be approved by the state board of education.

**SENATE AMENDMENT NO. 5**

“162.492. 1. In all urban districts containing the greater part of the population of a city which has more than three hundred thousand inhabitants the terms of the members of the board of directors in office in 1967 shall continue until the end of the respective terms to which each of them has been elected to office and in each case thereafter until the next school election be held and until their successors, then elected, are duly qualified as provided in this section.

2. In each urban district designated in subsection 1, the election authority of the city in which the greater portion of the school district lies, and of the county if the district includes territory not within the city limits, shall serve ex officio as a redistricting commission. The commission shall on or before November 1, 1969, divide the school district into six subdistricts, all subdistricts being of compact and contiguous territory and as nearly equal in the number of inhabitants as practicable and thereafter the board shall redistrict the district into subdivisions as soon as practicable after each United States decennial census. In establishing the subdistricts each member shall have one vote and a majority vote of the total membership of the commission is required to make effective any action of the commission.

3. School elections for the election of directors shall be held on municipal election days in each even-numbered year. At the election in 1970, one member of the board of directors shall be elected by the voters of each subdistrict. The seven candidates, one from each of the subdistricts, who receive a plurality of the votes cast by the voters of that subdistrict shall be elected and the at-large candidate receiving a plurality of the at-large votes shall be elected. In addition to other qualifications prescribed by law, each member elected from a subdistrict must be a resident of the subdistrict from which he is elected. The subdistricts shall be numbered from one to six and the directors elected from subdistricts one, three and five shall hold office for terms of two years and until their successors are elected and qualified, and the directors elected from subdistricts two, four and six shall hold office for terms of four years and until their successors are elected and qualified. Every two years thereafter a member of the board of directors shall be elected for a term of four years and until his successor is elected and qualified from each of the three subdistricts having a member on the board of directors whose term expires in that year. Those members of the board of directors who were in office in 1967 shall, when their terms of office expire, be succeeded by the members of the board of directors elected from subdistricts. In addition to the directors elected by the voters of each subdistrict, additional directors shall be elected at large by the voters of the entire school district as follows: In 1970 one director at large shall be elected for a two-year term. In 1972 one director at large shall be elected for a four-year term. In 1974 two at-large directors shall be elected for a four-year term and thereafter in alternative elections one director shall be elected for a four-year term and then two directors shall be elected for a four-year term, so that from and after the 1970 election the board of directors not including those members who were in office in 1967 shall consist of seven members until the 1974 election and thereafter the board shall consist of nine members. SENATE AMENDMENT NO. 1

Amend Senate Bill No. 256, Page 3, Section 50.783, Line 22, by inserting after all of said line the following:

**“67.319. 1. The provisions of this section shall apply to contracts for services awarded by political subdivisions of the state of Missouri and shall be known as the “Political Subdivision Services Bidding Standards Act”.**

**2. Contracts for services by any political subdivision shall be advertised and bids solicited and awarded in compliance with other Missouri statutes, state rules, and federal and state funding requirements applicable to the specific political subdivision which are in effect on August 28, 2009, or as such requirements may be enacted or amended, and any provision of a local charter, ordinance, order, resolution, or policy applicable to the specific political subdivision which are in effect or which are subsequently adopted by the political subdivision after August 28, 2009.**

**3. If a political subdivision is not subject to a specific requirement for advertising for bids or soliciting, awarding, or rejecting bids under requirements specified in subsection 2 of this section regarding contracts for services, the political subdivision shall comply with the following provisions when soliciting bids and awarding service contracts:**

**(1) Contracts for services shall be advertised in advance of the acceptance of bids. If no provision of state law, state rule, federal or state funding requirement, or local charter, ordinance, order, resolution, or policy requiring advertising otherwise applies, bids shall be solicited by advertisement once per week for four consecutive weeks in one daily or weekly newspaper of general circulation, as**

qualified by chapter 493, RSMo, in a county or city not within a county where the political subdivision is located, with the first advertisement for bids appearing in the newspaper at least thirty days in advance of the date stated in the advertisement for acceptance of bids. For contracts over fifty thousand dollars, bids shall also be advertised by providing service and bid solicitation information at least thirty days in advance of bid opening to one or more commercial or not-for-profit organizations, which regularly provides information on contracts to be awarded to contractors providing the type of service needed. Advertisements and bid solicitations shall state the deadline for submission of bids and the time and place where bids shall be received and opened;

(2) In absence of a bid award or rejection standard specified under subsection 2 of this section, contracts for services shall be awarded in compliance with this subdivision. If no provision of state law, state rule, federal or state funding requirement, or local charter, ordinance, order, resolution, or policy otherwise applies, the contract shall be awarded to the lowest responsible bidder that submits a bid which is responsive to the contract as advertised by the political subdivision. The determination of the bidder's qualification shall be made based on his or her education and training. The political subdivision may reject the low bidder by declaring the bidder ineligible for the contract award based on the bidder's failure to provide a performance or payment bond as required by section 107.170, RSMo, if applicable, the bidder's nonperformance on previous contracts with the political subdivision, or other reasons specified as to the bidder's inability to adequately perform the contract. The reasons for bid rejection or award of the contract to another bidder shall be stated in writing to the low bidder within five business days of the rejection of the bid.

4. Notwithstanding any other provision of state law, state rule, or federal or state funding requirement to the contrary, or any provision of a charter, ordinance, order, resolution, or policy to the contrary, adopted by a political subdivision, no contract for services shall be awarded in violation of the following requirements:

(1) No bid shall be opened in advance of the advertised deadline for submission of bids or in a place other than that specified in the original solicitation of bids or in an amendment to the solicitation communicated in advance to all known bidders;

(2) No bid shall be accepted unless it is sealed and is in writing. If the letting of the services for which bids were solicited is cancelled, bids shall be returned to the bidder unopened;

(3) No bid shall be accepted after the advertised deadline for acceptance of bids;

(4) All bids received shall be held secure and confidential from all persons until the bids are opened at the time and place announced by the political subdivision. Bids shall be opened in a public meeting, as defined in chapter 610, RSMo.

Nothing in this section shall be construed to prohibit acceptance and processing of bids through an established program of electronic bidding by computer, provided bids accepted and processed electronically shall meet standards of confidentiality established by the requirements of the electronic bidding program which are comparable to requirements for written bids established by this section.

5. Any person submitting a bid, or who would have submitted a bid except for violations of subsection 4 of this section, shall have standing to seek equitable relief and monetary damages in a court of competent jurisdiction for monetary losses resulting from violations of subsection 4 of this section, including but not limited to, setting aside award of a contract, ordering a contract to be re-

**bid, requiring award of a contract to a different bidder than originally awarded, awarding monetary damages deemed appropriate by the court, including award of reasonable attorney's fees, or awarding a combination of such forms of relief.**

**6. Nothing in this section shall be construed to require acceptance of a bid which exceeds the amount estimated by the political subdivision for the contract. Neither shall any provision in this section prohibit a political subdivision from awarding contracts without competitive bidding when the political subdivision deems it necessary to remove an immediate danger to the public health or safety, to prevent loss to public or private property which requires government action, or to prevent an interruption of or to restore an essential public service; however, the political subdivision shall produce a written public record documenting the need to contract for such services without competitive bidding.**

**7. The provisions of this section shall not apply to procurement procedures and advertising procedures contained in sections 8.285 to 8.291, RSMo.”; and**

☐ YES

☐ NO

If you are in favor of the question, place an “X” in the box opposite “YES”. If you are opposed to the question, place an “X” in the box opposite “NO”.

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the resolution and any amendments thereto shall be in effect. If a majority of the votes cast

by the qualified voters voting are opposed to the proposal, then the board of directors of the transportation development district shall have no power to impose the sales tax authorized by this section unless and until the board of directors of the transportation development district shall again have submitted another proposal to authorize it to impose the sales tax pursuant to the provisions of this section and such proposal is approved by a majority of the qualified voters voting thereon.

(3) The sales tax authorized by this section shall become effective on the first day of the month following adoption of the tax by the qualified voters.

(4) In each transportation development district in which a sales tax has been imposed in the manner provided by this section, every retailer shall add the tax imposed by the transportation development district pursuant to this section to the retailer's sale price, and when so added such tax shall constitute a part of the price, shall be a debt of the purchaser to the retailer until paid, and shall be recoverable at law in the same manner as the purchase price.

(5) In order to permit sellers required to collect and report the sales tax authorized by this section to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting tax or to serve as a levy of the tax, and in order to avoid fractions of pennies, the transportation development district may establish appropriate brackets which shall be used in the district imposing a tax pursuant to this section in lieu of those brackets provided in section 144.285, RSMo.

(6) All revenue received by a transportation development district from the tax authorized by this section which has been designated for a certain transportation development purpose shall be deposited in a special trust fund and shall be used solely for such designated purpose. Upon the expiration of the period of years approved by the qualified voters pursuant to subdivision (2) of this subsection or if the tax authorized by this section is repealed pursuant to subsection 6 of this section, all funds remaining in the special trust fund shall continue to be used solely for such designated transportation development purpose. Any funds in such special trust fund which are not needed for current expenditures may be invested by the board of directors in accordance with applicable laws relating to the investment of other transportation development district funds.

(7) The sales tax may be imposed in increments of one-eighth of one percent, up to a maximum of one percent on the receipts from the sale at retail of all tangible personal property or taxable services at retail within the transportation development district adopting such tax, if such property and services are subject to taxation by the state of Missouri pursuant to the provisions of sections 144.010 to 144.525, RSMo, except such transportation development district sales tax shall not apply to the sale or use of motor vehicles, trailers, boats or outboard motors nor to public utilities. Any transportation development district sales tax imposed pursuant to this section shall be imposed at a rate that shall be uniform throughout the district.

2. The resolution imposing the sales tax pursuant to this section shall impose upon all sellers a tax for the privilege of engaging in the business of selling tangible personal property or rendering taxable services at retail to the extent and in the manner provided in sections 144.010 to 144.525, RSMo, and the rules and regulations of the director of revenue issued pursuant thereto; except that the rate of the tax shall be the rate imposed by the resolution as the sales tax and the tax shall be reported and returned to and collected by the transportation development district.

3. On and after the effective date of any tax imposed pursuant to this section, the [transportation development district] **director of revenue** shall perform all functions incident to the administration, collection, enforcement, and operation of the tax, **and the director of revenue shall collect, in addition**

**to all other sales taxes imposed by law, the additional tax authorized pursuant to this section.** The tax imposed pursuant to this section **and the taxes imposed pursuant to all other laws of the state of Missouri** shall be collected **together** and reported upon such forms and [under] **pursuant to** such administrative rules and regulations as may be prescribed by the [transportation development district] **director of revenue**.

4. (1) All applicable provisions contained in sections 144.010 to 144.525, RSMo, governing the state sales tax, sections 32.085 and 32.087, RSMo, and section 32.057, RSMo, the uniform confidentiality provision, shall apply to the collection of the tax imposed by this section, except as modified in this section.

(2) All exemptions granted to agencies of government, organizations, persons and to the sale of certain articles and items of tangible personal property and taxable services pursuant to the provisions of sections 144.010 to 144.525, RSMo, are hereby made applicable to the imposition and collection of the tax imposed by this section.

(3) The same sales tax permit, exemption certificate and retail certificate required by sections 144.010 to 144.525, RSMo, for the administration and collection of the state sales tax shall satisfy the requirements of this section, and no additional permit or exemption certificate or retail certificate shall be required; except that the transportation development district may prescribe a form of exemption certificate for an exemption from the tax imposed by this section.

(4) All discounts allowed the retailer pursuant to the provisions of the state sales tax laws for the collection of and for payment of taxes pursuant to such laws are hereby allowed and made applicable to any taxes collected pursuant to the provisions of this section.

(5) The penalties provided in section 32.057, RSMo, and sections 144.010 to 144.525, RSMo, for violation of those sections are hereby made applicable to violations of this section.

(6) For the purpose of a sales tax imposed by a resolution pursuant to this section, all retail sales except retail sales of motor vehicles shall be deemed to be consummated at the place of business of the retailer unless the tangible personal property sold is delivered by the retailer or the retailer's agent to an out-of-state destination or to a common carrier for delivery to an out-of-state destination. In the event a retailer has more than one place of business in this state which participates in the sale, the sale shall be deemed to be consummated at the place of business of the retailer where the initial order for the tangible personal property is taken, even though the order must be forwarded elsewhere for acceptance, approval of credit, shipment or billing. A sale by a retailer's employee shall be deemed to be consummated at the place of business from which the employee works.

5. All sales taxes [collected] **received** by the transportation development district shall be deposited by the [transportation development district] **director of revenue** in a special fund to be expended for the purposes authorized in this section. The [transportation development district] **director of revenue** shall keep accurate records of the amount of money which was collected pursuant to this section, and the records shall be open to the inspection of officers of each transportation development district and the general public.

6. (1) No transportation development district imposing a sales tax pursuant to this section may repeal or amend such sales tax unless such repeal or amendment will not impair the district's ability to repay any liabilities which it has incurred, money which it has borrowed or revenue bonds, notes or other obligations which it has issued or which have been issued by the commission or any local transportation authority to finance any project or projects.

(2) Whenever the board of directors of any transportation development district in which a transportation development sales tax has been imposed in the manner provided by this section receives a petition, signed by ten percent of the qualified voters calling for an election to repeal such transportation development sales tax, the board of directors shall, if such repeal will not impair the district's ability to repay any liabilities which it has incurred, money which it has borrowed or revenue bonds, notes or other obligations which it has issued or which have been issued by the commission or any local transportation authority to finance any project or projects, submit to the qualified voters of such transportation development district a proposal to repeal the transportation development sales tax imposed pursuant to the provisions of this section. If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal to repeal the transportation development sales tax, then the resolution imposing the transportation development sales tax, along with any amendments thereto, is repealed. If a majority of the votes cast by the qualified voters voting thereon are opposed to the proposal to repeal the transportation development sales tax, then the ordinance or resolution imposing the transportation development sales tax, along with any amendments thereto, shall remain in effect.”; and

- (4) A description of the charter school's pupil performance standards, which must meet the requirements

of subdivision (6) of subsection 5 of this section. The charter school program must be designed to enable each pupil to achieve such standards;

(5) A description of the governance and operation of the charter school, including the nature and extent of parental, professional educator, and community involvement in the governance and operation of the charter school; and

(6) A description of the charter school's policies on student discipline and student admission, which shall include a statement, where applicable, of the validity of attendance of students who do not reside in the district but who may be eligible to attend under the terms of judicial settlements.

2. Proposed charters shall be subject to the following requirements:

(1) A charter may be approved when the sponsor determines that the requirements of this section are met and determines that the applicant is sufficiently qualified to operate a charter school. The sponsor's decision of approval or denial shall be made within ninety days of the filing of the proposed charter;

(2) If the charter is denied, the proposed sponsor shall notify the applicant in writing as to the reasons for its denial and forward a copy to the state board of education within five business days following the denial;

(3) If a proposed charter is denied by a sponsor, the proposed charter may be submitted to the state board of education, along with the sponsor's written reasons for its denial. If the state board determines that the applicant meets the requirements of this section, that the applicant is sufficiently qualified to operate the charter school, and that granting a charter to the applicant would be likely to provide educational benefit to the children of the district, the state board may grant a charter and act as sponsor of the charter school. The state board shall review the proposed charter and make a determination of whether to deny or grant the proposed charter within sixty days of receipt of the proposed charter, provided that any charter to be considered by the state board of education under this subdivision shall be submitted no later than March first prior to the school year in which the charter school intends to begin operations. The state board of education shall notify the applicant in writing as the reasons for its denial, if applicable; and

(4) The sponsor of a charter school shall give priority to charter school applicants that propose a school oriented to high-risk students and to the reentry of dropouts into the school system. If a sponsor grants three or more charters, at least one-third of the charters granted by the sponsor shall be to schools that actively recruit dropouts or high-risk students as their student body and address the needs of dropouts or high-risk students through their proposed mission, curriculum, teaching methods, and services. For purposes of this subsection, a "high-risk" student is one who is at least one year behind in satisfactory completion of course work or obtaining credits for graduation, pregnant or a parent, homeless or has been homeless sometime within the preceding six months, has limited English proficiency, has been suspended from school three or more times, is eligible for free or reduced-price school lunch, or has been referred by the school district for enrollment in an alternative program. "Dropout" shall be defined through the guidelines of the school core data report. The provisions of this subsection do not apply to charters sponsored by the state board of education.

3. If a charter is approved by a sponsor, the charter application shall be submitted to the state board of education, along with a statement of finding that the application meets the requirements of sections 160.400 to 160.420 and section 167.439, RSMo, and a monitoring plan under which the charter sponsor will evaluate

the academic performance of students enrolled in the charter school. The state board of education may, within sixty days, disapprove the granting of the charter. The state board of education may disapprove a charter on grounds that the application fails to meet the requirements of sections 160.400 to 160.420 and section 167.349, RSMo, or that a charter sponsor previously failed to meet the statutory responsibilities of a charter sponsor.

4. Any disapproval of a charter pursuant to subsection 3 of this section shall be subject to judicial review pursuant to chapter 536, RSMo.

5. A charter school shall, as provided in its charter:

(1) Be nonsectarian in its programs, admission policies, employment practices, and all other operations;

(2) Comply with laws and regulations of the state, county, or city relating to health, safety, and state minimum educational standards, as specified by the state board of education, including the requirements relating to student discipline under sections 160.261, 167.161, 167.164, and 167.171, RSMo, notification of criminal conduct to law enforcement authorities under sections 167.115 to 167.117, RSMo, academic assessment under section 160.518, transmittal of school records under section 167.020, RSMo, and the minimum number of school days and hours required under section 160.041;

(3) Except as provided in sections 160.400 to 160.420, be exempt from all laws and rules relating to schools, governing boards and school districts;

(4) Be financially accountable, use practices consistent with the Missouri financial accounting manual, provide for an annual audit by a certified public accountant, publish audit reports and annual financial reports as provided in chapter 165, RSMo, provided that the annual financial report may be published on the department of elementary and secondary education's Internet web site in addition to other publishing requirements, and provide liability insurance to indemnify the school, its board, staff and teachers against tort claims. A charter school that receives local educational agency status under subsection 6 of this section shall meet the requirements imposed by the Elementary and Secondary Education Act for audits of such agencies. For purposes of an audit by petition under section 29.230, RSMo, a charter school shall be treated as a political subdivision on the same terms and conditions as the school district in which it is located. For the purposes of securing such insurance, a charter school shall be eligible for the Missouri public entity risk management fund pursuant to section 537.700, RSMo. A charter school that incurs debt must include a repayment plan in its financial plan;

(5) Provide a comprehensive program of instruction for at least one grade or age group from kindergarten through grade twelve, which may include early childhood education if funding for such programs is established by statute, as specified in its charter;

(6) (a) Design a method to measure pupil progress toward the pupil academic standards adopted by the state board of education pursuant to section 160.514, collect baseline data during at least the first three years for determining how the charter school is performing and to the extent applicable, participate in the statewide system of assessments, comprised of the essential skills tests and the nationally standardized norm-referenced achievement tests, as designated by the state board pursuant to section 160.518, complete and distribute an annual report card as prescribed in section 160.522, which shall also include a statement that background checks have been completed on the charter school's board members, report to its sponsor, the local school district, and the state board of education as to its teaching methods and any educational

innovations and the results thereof, and provide data required for the study of charter schools pursuant to subsection 4 of section 160.410. No charter school will be considered in the Missouri school improvement program review of the district in which it is located for the resource or process standards of the program.

(b) For proposed high risk or alternative charter schools, sponsors shall approve performance measures based on mission, curriculum, teaching methods, and services. Sponsors shall also approve comprehensive academic and behavioral measures to determine whether students are meeting performance standards on a different time frame as specified in that school's charter. Student performance shall be assessed comprehensively to determine whether a high risk or alternative charter school has documented adequate student progress. Student performance shall be based on sponsor-approved comprehensive measures as well as standardized public school measures. Annual presentation of charter school report card data to the department of elementary and secondary education, the state board, and the public shall include comprehensive measures of student progress.

(c) Nothing in this paragraph shall be construed as permitting a charter school to be held to lower performance standards than other public schools within a district; however, the charter of a charter school may permit students to meet performance standards on a different time frame as specified in its charter;

(7) Assure that the needs of special education children are met in compliance with all applicable federal and state laws and regulations;

(8) Provide along with any request for review by the state board of education the following:

(a) Documentation that the applicant has provided a copy of the application to the school board of the district in which the charter school is to be located, except in those circumstances where the school district is the sponsor of the charter school; and

(b) A statement outlining the reasons for approval or disapproval by the sponsor, specifically addressing the requirements of sections 160.400 to 160.420 and 167.349, RSMo.

6. The charter of a charter school may be amended at the request of the governing body of the charter school and on the approval of the sponsor. The sponsor and the governing board and staff of the charter school shall jointly review the school's performance, management and operations at least once every two years or at any point where the operation or management of the charter school is changed or transferred to another entity, either public or private. The governing board of a charter school may amend the charter, if the sponsor approves such amendment, or the sponsor and the governing board may reach an agreement in writing to reflect the charter school's decision to become a local educational agency for the sole purpose of seeking direct access to federal grants. In such case the sponsor shall give the department of elementary and secondary education written notice no later than March first of any year, with the agreement to become effective July first. The department may waive the March first notice date in its discretion. The department shall identify and furnish a list of its regulations that pertain to local educational agencies to such schools within thirty days of receiving such notice.

7. (1) A sponsor [may] **shall revoke a charter or take other appropriate remedial action, which may include placing the charter school on probationary status**, at any time if the charter school commits a serious breach of one or more provisions of its charter or on any of the following grounds: failure to meet academic performance standards as set forth in its charter, failure to meet generally accepted standards of fiscal management, failure to provide information necessary to confirm compliance with all provisions of

the charter and sections 160.400 to 160.420 and 167.349, RSMo, within forty-five days following receipt of written notice requesting such information, or violation of law.

(2) The sponsor may place the charter school on probationary status to allow the implementation of a remedial plan, which may require a change of methodology, a change in leadership, or both, after which, if such plan is unsuccessful, the charter may be revoked.

(3) At least sixty days before acting to revoke a charter, the sponsor shall notify the governing board of the charter school of the proposed action in writing. The notice shall state the grounds for the proposed action. The school's governing board may request in writing a hearing before the sponsor within two weeks of receiving the notice.

(4) The sponsor of a charter school shall establish procedures to conduct administrative hearings upon determination by the sponsor that grounds exist to revoke a charter. Final decisions of a sponsor from hearings conducted pursuant to this subsection are subject to judicial review pursuant to chapter 536, RSMo.

(5) A termination shall be effective only at the conclusion of the school year, unless the sponsor determines that continued operation of the school presents a clear and immediate threat to the health and safety of the children.

(6) A charter sponsor shall make available the school accountability report card information as provided under section 160.522 and the results of the academic monitoring required under subsection 3 of this section.

8. A sponsor shall take all reasonable steps necessary to confirm that each charter school sponsored by such sponsor is in material compliance and remains in material compliance with all material provisions of the charter and sections 160.400 to 160.420 and 167.349, RSMo. Every charter school shall provide all information necessary to confirm ongoing compliance with all provisions of its charter and sections 160.400 to 160.420 and 167.349, RSMo, in a timely manner to its sponsor.

9. A school district may enter into a lease with a charter school for physical facilities.

10. A governing board or a school district employee who has control over personnel actions shall not take unlawful reprisal against another employee at the school district because the employee is directly or indirectly involved in an application to establish a charter school. A governing board or a school district employee shall not take unlawful reprisal against an educational program of the school or the school district because an application to establish a charter school proposes the conversion of all or a portion of the educational program to a charter school. As used in this subsection, "unlawful reprisal" means an action that is taken by a governing board or a school district employee as a direct result of a lawful application to establish a charter school and that is adverse to another employee or an educational program.

11. Charter school board members shall be subject to the same liability for acts while in office as if they were regularly and duly elected members of school boards in any other public school district in this state. The governing board of a charter school may participate, to the same extent as a school board, in the Missouri public entity risk management fund in the manner provided under sections 537.700 to 537.756, RSMo.

12. Any entity, either public or private, operating, administering, or otherwise managing a charter school

shall be considered a quasi-public governmental body and subject to the provisions of sections 610.010 to 610.035, RSMo.

13. The chief financial officer of a charter school shall maintain a surety bond in an amount determined by the sponsor to be adequate based on the cash flow of the school.”; and

Further amend the title and enacting clause accordingly.

Senator Smith moved that the above amendment be adopted.

Senator Rupp offered **SA 1** to **SA 14**:

SENATE AMENDMENT NO. 1 TO  
SENATE AMENDMENT NO. 14

Amend Senate Amendment No. 14 to Senate Substitute for Senate Bill No. 291, Page 16, Section 160.405, Line 8, by inserting after the word “maintain” the following: “:

(1)”; and further amend line 9, by inserting after the word “school” the following:

“; or

**(2) An insurance policy issued by an insurance company licensed to do business in Missouri on all employees in the amount of five hundred thousand dollars or more that provides coverage in the event of employee theft.**

160.410. 1. A charter school shall enroll:

(1) All pupils resident in the district in which it operates;

(2) Nonresident pupils eligible to attend a district's school under an urban voluntary transfer program; and

(3) In the case of a workplace charter school, any student eligible to attend under subdivision (1) or (2) of this subsection whose parent is employed in the business district, who submits a timely application, unless the number of applications exceeds the capacity of a program, class, grade level or building. The configuration of a business district shall be set forth in the charter and shall not be construed to create an undue advantage for a single employer or small number of employers.

2. If capacity is insufficient to enroll all pupils who submit a timely application, the charter school shall have an admissions process that assures all applicants of an equal chance of gaining admission except that:

(1) A charter school may establish a geographical area around the school whose residents will receive a preference for enrolling in the school, provided that such preferences do not result in the establishment of racially or socioeconomically isolated schools and provided such preferences conform to policies and guidelines established by the state board of education; and

(2) A charter school may also give a preference for admission of children whose siblings attend the school or whose parents are employed at the school or in the case of a workplace charter school, a child whose parent is employed in the business district or at the business site of such school.

3. A charter school shall not limit admission based on race, ethnicity, national origin, disability, gender, income level, proficiency in the English language or athletic ability, but may limit admission to pupils within a given age group or grade level.

4. The department of elementary and secondary education shall commission a study of the performance of students at each charter school in comparison with [a comparable] **an equivalent group of district students representing an equivalent demographic and geographic population** and a study of the impact of charter schools upon **the constituents they serve in** the districts in which they are located, to be conducted by a contractor selected through a request for proposal. **The department of elementary and secondary education shall coordinate the request for proposal process in conjunction with individuals representing charter public schools and the districts in which the charter schools are located.** The department of elementary and secondary education shall reimburse the contractor from funds appropriated by the general assembly for the purpose. The study of a charter school's student performance in relation to a comparable group shall be designed to provide information that would allow parents and educators to make valid comparisons of academic performance between the charter school's students and [a] **an equivalent group of district students [comparable to the students enrolled in the charter school] representing an equivalent demographic and geographic population. The student performance assessment and comparison shall include, but may not be limited to, as prescribed by the request for proposal:**

(1) Missouri assessment program test performance and aggregate growth over several years;

(2) Student re-enrollment rates;

(3) Educator, parent, and student satisfaction data;

(4) Graduation rates in secondary programs; and

(5) Performance of students enrolled in the same public school for three or more consecutive years.

The impact study shall be undertaken every two years to determine the [effect] **impact** of charter schools on [education stakeholders] **the constituents they serve** in the districts where charter schools are operated. The impact study [may] **shall** include, but is not limited to, determining if changes have been made in district policy or procedures attributable to the charter school and to perceived changes in attitudes and expectations on the part of district personnel, school board members, parents, students, the business community and other education stakeholders. The department of elementary and secondary education shall make the results of the studies public and shall deliver copies to the governing boards of the charter schools, the sponsors of the charter schools, the school board and superintendent of the districts in which the charter schools are operated.

5. A charter school shall make available for public inspection, and provide upon request, to the parent, guardian, or other custodian of any school-age pupil resident in the district in which the school is located the following information:

(1) The school's charter;

(2) The school's most recent annual report card published according to section 160.522; and

(3) The results of background checks on the charter school's board members.

The charter school may charge reasonable fees, not to exceed the rate specified in section 610.026, RSMo, for furnishing copies of documents under this subsection.”.

Senator Rupp moved that the above amendment be adopted, which motion prevailed.

Senator Bray offered **SA 2** to **SA 14**:

SENATE AMENDMENT NO. 2 TO  
SENATE AMENDMENT NO. 14

Amend Senate Amendment No. 14 to Senate Substitute for Senate Bill No. 291, Page 14, Section 160.405, Line 29, by inserting after said line the following:

**“(7) Any charter school that attains a score on its annual performance review consistent with the classification of unaccredited shall be classified as unaccredited by the state board of education within sixty days of the publication of the annual performance review data. Any charter school classified as unaccredited by the state board of education for two successive school years shall have their charter revoked on June thirtieth of the second full school year of such unaccredited classification after the school year during which the unaccredited classification is initially assigned.”.**

Senator Bray moved that the above amendment be adopted, which motion failed.

Senator Stouffer assumed the Chair.

**SA 14**, as amended, was again taken up.

Senator Smith moved that the above amendment be adopted, which motion prevailed.

Senator Bartle offered **SA 15**:

SENATE AMENDMENT NO. 15

Amend Senate Substitute for Senate Bill No. 291, Page 28, Section 313.822, Line 27, by inserting after said line the following:

**“Section 1. No board of education shall enter into a collective bargaining agreement that forecloses the option of adopting a merit pay plan or performance pay plan.”; and**

Further amend the title and enacting clause accordingly.

Senator Bartle moved that the above amendment be adopted.

Senator Dempsey assumed the Chair.

Senator Green offered **SSA 1** for **SA 15**, which was read:

SENATE SUBSTITUTE AMENDMENT NO. 1 FOR  
SENATE AMENDMENT NO. 15

Amend Senate Substitute for Senate Bill No. 291, Page 28, Section 313.822, Line 27, by inserting after said line the following:

**“Section 1. A board of education may enter into a collective bargaining agreement that includes the option of adopting a merit pay plan or performance pay plan.”; and**

Further amend the title and enacting clause accordingly.

Senator Green moved that the above substitute amendment be adopted.

Senator Bartle raised the point of order that **SSA 1** for **SA 15** is out of order as it is not a true substitute.

The point of order was referred to the President Pro Tem who ruled it well taken.

**SA 15** was again taken up.

At the request of Senator Bartle, the above amendment was withdrawn.

Senator Rupp offered **SA 16**:

SENATE AMENDMENT NO. 16

Amend Senate Substitute for Senate Bill No. 291, Page 26, Section 166.300, Line 19, by inserting after said line the following:

“171.031. 1. Each school board shall prepare annually a calendar for the school term, specifying the opening date and providing a minimum term of at least one hundred seventy-four days and one thousand forty-four hours of actual pupil attendance. In addition, such calendar shall include six make-up days for possible loss of attendance due to inclement weather as defined in subsection 1 of section 171.033.

2. Each local school district [may] **shall** set its opening date each year, which date shall be [no earlier than] **at least fourteen calendar days after notification of parents as to the determination of students' eligibility for public school choice options pursuant to the federal No Child Left Behind Act and regulations promulgated thereunder but no earlier than** ten calendar days prior to the first Monday in September. No public school district shall select an earlier start date unless the district follows the procedure set forth in subsection 3 of this section. **A school district that sets its opening date more than ten days prior to the first Monday in September as provided in subsection 3 of this section shall still comply with the fourteen day notification period described in this subsection.**

3. A district may set an opening date that is more than ten calendar days prior to the first Monday in September only if the local school board first gives public notice of a public meeting to discuss the proposal of opening school on a date more than ten days prior to the first Monday in September, and the local school board holds said meeting and, at the same public meeting, a majority of the board votes to allow an earlier opening date. If all of the previous conditions are met, the district may set its opening date more than ten calendar days prior to the first Monday in September. The condition provided in this subsection must be satisfied by the local school board each year that the board proposes an opening date more than ten days before the first Monday in September.

4. If any local district violates the provisions of this section, the department of elementary and secondary education shall withhold an amount equal to one quarter of the state funding the district generated under section 163.031, RSMo, for each date the district was in violation of this section.

5. The provisions of subsections 2 to 4 of this section shall not apply to school districts in which school is in session for twelve months of each calendar year.

6. The state board of education may grant an exemption from this section to a school district that demonstrates highly unusual and extenuating circumstances justifying exemption from the provisions of subsections 2 to 4 of this section. Any exemption granted by the state board of education shall be valid for one academic year only.

7. No school day shall be longer than seven hours except for vocational schools which may adopt an eight-hour day in a metropolitan school district and a school district in a first class county adjacent to a city not within a county.”; and

Further amend the title and enacting clause accordingly.

Senator Rupp moved that the above amendment be adopted, which motion prevailed.

Senator Cunningham offered SA 17:

SENATE AMENDMENT NO. 17

Amend Senate Substitute for Senate Bill No. 291, Page 6, Section 160.820, Line 14 of said page, by inserting after all of said line the following:

**“162.1033. 1. The provisions of this section shall be known as the “Students First Act”.**

**2. For the school year beginning July 1, 2010, and each succeeding school year, a child in foster care under chapter 210, RSMo, may enroll in a public school for kindergarten or grades above kindergarten in a school district other than the one he or she currently attends in the manner provided in this section.**

**3. For purposes of this section, the following terms shall mean:**

**(1) “Public school”, includes school districts, charter schools, magnet schools, and the virtual school created in section 161.670, RSMo;**

**(2) “IEP”, individualized education program.**

**4. (1) Every school district shall adopt a policy which defines the term “class size” for the purposes of open enrollment. The “minimum standard” of teacher-pupil ratio promulgated by the department shall be used in formulating the policy. The policy may allow for a number of spaces to remain open to accommodate potential additional pupils who will reside in the district. The receiving district shall make available to the public the number of open seats in each grade each year on a timely basis. A child in the foster care system under chapter 210, RSMo, shall declare his or her intent by March first preceding the school year in which the student wishes to participate. Open enrollment requests shall be valid for an entire school year.**

**(2) If capacity is insufficient to enroll all pupils who submit an application, the receiving school district shall have an admissions process that assures all applicants of an equal chance of gaining admission except that preferences for admission of children whose siblings attend the school may be permitted. Whenever there is a federal court-ordered desegregation directive for a school district, enrollment options under this section are subject to the approval of the court of continuing jurisdiction, and the court order shall govern.**

**(3) If a child in the foster care system under chapter 210, RSMo, believes that a receiving district is unreasonable in disapproving applications submitted in accordance with this subsection, he or she may request that the department of elementary and secondary education review and take appropriate action. School districts shall keep records of the numbers of transfers requested into and out of the district and numbers accepted and denied. These records shall be publicly available.**

**(4) If a request filed under this section is for a child requiring special education under sections 162.670 to 162.999, the request to transfer to the other district shall be granted only if the individualized education program team in the receiving district verifies that the receiving district maintains a special education instructional program which is appropriate to meet the child's educational needs and the enrollment of the child in the receiving district's program would not cause**

the size of the class in that special education instructional program in the receiving district to exceed the maximum class size established in rules adopted by the state board of education or federal guidelines for that program. For children requiring special education, a member of the child's IEP team in the school district of residence shall be part of the IEP team in the receiving district for the initial IEP planning sessions, and the school district of residence shall pay to the receiving district the actual costs incurred in providing the appropriate special education.

5. A student who enrolls in another public school under this section shall be counted, for state school foundation aid purposes, in the receiving district.

6. For accountability purposes on adequate yearly progress and the annual performance report, the statewide assessment scores of pupils using open enrollment to attend a district other than their school district of residence shall be treated in the same manner as the scores of English language learners.

7. To the extent practicable based on available capacity, each public school district with multiple attendance centers serving the same grade level may provide intradistrict open enrollment. A district's intradistrict transfers shall receive priority over interdistrict transfers.

8. Students who participate in open enrollment shall be treated like resident students of the receiving district for school activities participation on any team, and no organization shall prevent such students from participating in school activities. Districts and organizations involved in school activities in open enrollment districts shall make a good faith effort to facilitate participation.

9. In a public school district that qualified for a small school grant under section 163.044, RSMo, for the previous school year, the addition of up to five percent average daily attendance attributable to open enrollment shall not disqualify the district for the grant, nor shall a decrease of less than five percent from the average daily attendance used to determine qualification for the grant for the subsequent school year that is attributable to open enrollment qualify a district for the grant.

10. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void.”; and

Further amend the title and enacting clause accordingly.

Senator Cunningham moved that the above amendment be adopted.

Senator Mayer offered SA 1 to SA 17:

SENATE AMENDMENT NO. 1 TO  
SENATE AMENDMENT NO. 17

Amend Senate Amendment No. 17 to Senate Substitute for Senate Bill No. 291, Page 1, Line 2, by inserting after said line the following:

“162.1032. 1. For purposes of this section, the following terms shall mean:

- (1) “Department”, the department of elementary and secondary education;
- (2) “Residency”, the term as defined under section 167.020, RSMo;
- (3) “School district”, a seven director, urban, or metropolitan school district.

2. For the school year commencing July 1, 2010, and for each succeeding school year, a parent or guardian residing in a public school district may enroll his or her child in a public school in another school district in the manner provided in this section.

3. For a parent or guardian to be able to enroll his or her child in a public school in another school district, the following shall be required:

- (1) The child shall be enrolled in and attending a public school located in Missouri; or
- (2) The parent or guardian has registered, or is preparing to register, the child for kindergarten or first grade.

4. By January fifteenth of the preceding school year, the parent shall send notification to the school district of residence and the receiving district, on an application or forms prescribed by the department, that the parent or guardian intends to enroll his or her child in a public school in a school district other than the school district of residence. If a school district does not have sufficient capacity to enroll all pupils who submit a timely application, the school district shall institute an admissions process to ensure all applicants an equal chance of admission, except that a school district may give preference for admission to siblings of children who are already enrolled in the school district under this section.

5. If a parent or guardian fails to send notification by January fifteenth as specified in subsection 4 of this section, the parent or guardian may request transfer until the third Friday in July of that calendar year, on an application or forms prescribed by the department, by sending notification to the school district of residence and the receiving district, provided that good cause exists for the failure to meet the deadline. The board of education for the receiving district shall determine if good cause exists. For purposes of this subsection, good cause shall mean:

(1) A change in a child's residence due to a change in family residence, a change in the marital status of the child's parent or guardian, a guardianship or custody proceeding, placement in foster care, adoption, participation in a substance abuse or mental health treatment program; or

(2) A classification of the child's resident school district as unaccredited by the state board of education or the revocation of the charter of a charter school as provided in section 160.405, RSMo, attended by the child.

6. Whenever a federal court-ordered desegregation directive exists for a school district, enrollment options under this section are subject to the approval of the court of continuing jurisdiction. The court order shall govern.

7. An application for open enrollment may be granted at any time with the approval of the receiving district and the school district of residence. If the request is granted, the board of education of the receiving district shall notify the parent or guardian and the school district of residence within five days. The parent or guardian may withdraw the request to enroll his or her child at any time prior to the start of the school year. A request for enrollment under this section shall be valid for at least one year, and once granted, shall not require another application until the pupil has completed

all grades available in the school district.

8. Each school district shall adopt a policy for appropriate class size and teacher-pupil ratios for all grade levels. The policy may allow for a number of spaces to remain open to accommodate potential additional pupils who may reside in the district. No school district shall be required to admit pupils under this section if such admittance would violate its target class size and teacher-pupil ratio under this subsection. If a school district denies enrollment to a pupil under this section, it shall state the grounds for the denial. Each school district shall maintain records on:

- (1) The number of transfers requested into and out of the district;
- (2) The number of pupils accepted into the district; and
- (3) The number of pupils denied enrollment into the district.

9. If, after enrolling his or her child in the receiving district, the parent or guardian is dissatisfied, he or she may return his or her child to the school district of residence upon notification to both the receiving district and the school district of residence. However, the parent or guardian shall not be able to reenroll his or her child in the receiving district at a later time. If the parent or guardian desires to enroll his or her child in a school district other than the school district of residence or the initial receiving district, he or she shall follow the procedures identified in this section.

10. If a request filed under this section is for a child requiring special education under sections 162.670 to 162.999, the request to transfer to the other district shall only be granted if the individualized education program team in the receiving district verifies that:

- (1) The receiving district maintains a special education instructional program that is appropriate to meet the child's educational needs; and
- (2) The enrollment of the child in the receiving district's program would not cause the size of the class in that special education instructional program to exceed the maximum class size established in rules and regulations adopted by the state board of education or federal guidelines for that program.

11. For children requiring special education, a member of the individualized education program team in the school district of residence shall be part of the individualized education program team in the receiving district for the initial planning session or sessions. The board of education of the school district of residence shall pay to the receiving district the actual costs incurred in providing the appropriate special education.

12. The statewide assessment scores of pupils who enroll in another school district under this section shall be treated in the same manner as the scores of resident pupils in that district.

13. A pupil who enrolls in another school district under this section shall be counted, for state school foundation aid purposes, in the pupil's school district of residence. Except for pupils residing in a K-8 school district attending high school in another district under section 167.131, RSMo, the board of education of the school district of residence shall pay to the receiving district an annual amount equal to the product of the weighted average daily attendance of the school district's resident pupils attending the receiving district school and the state adequacy target, multiplied by the dollar value modifier for the sending district, plus local tax revenues per weighted average daily attendance from the incidental and teachers' funds in excess of the performance levy as defined in section

163.011, RSMo, plus all other state aid attributable to such pupils, not exceeding the per pupil cost in the sending district or receiving district, whichever is less. The district of residence shall also pay to the receiving district any other federal or state aid that the district receives on account of such child.

14. If a parent or guardian of a child who is participating in open enrollment under this section moves to a different school district during the course of either district's academic year, the child's first school district of residence shall be responsible for payment of the amount per pupil as calculated under subsection 13 of this section or special education costs to the receiving district for the balance of the school year in which the move occurred. The new district of residence shall be responsible for the payments during subsequent years.

15. If a request to transfer is due to a change in family residence, or where the child resides as a result of a change in a child's parents' marital status, a guardianship proceeding, placement in foster care, adoption, or participation in a substance abuse or mental health treatment program, and the child who is the subject of the request is not currently using any provision of open enrollment under this section, the parent or guardian shall have the option to keep the child enrolled in the child's original school district of residence with no interruption in the educational program. If a parent or guardian exercises this option, the child's new district of residence is not required to pay the amount calculated in subsection 13 of this section until the start of the first full year of enrollment of the child.

16. Payments shall be made to the receiving district from the school district of residence for a child participating in open enrollment under this section at least twice a year. If a timely payment is not made, the receiving district shall be entitled to a late charge of up to three percent a month on the amount overdue, not to exceed three months. When a payment is more than three months past due, the department, upon notice from the receiving district, shall withhold the amount, including interest, from the school district of residence's state school aid and send payment in full to the receiving district.

17. In a public school district that qualified for a small schools grant under section 163.044, RSMo, the addition of up to five percent average daily attendance attributable to open enrollment under this section shall not disqualify the district for the grant. A decrease of less than five percent from the average daily attendance used to determine qualification for the grant that is attributable to open enrollment shall not qualify a school district for the grant.

18. Notwithstanding sections 167.131 and 167.241, RSMo, the parent or guardian shall be responsible for transporting the pupil to school under this section without reimbursement. A school district may provide transportation for a pupil to and from a point on an existing school bus route provided that the parent or guardian transports the pupil to and from such point. Nothing in this subsection shall be construed to prohibit a school district from voluntarily providing such transportation.

19. Participation in interscholastic athletics for students enrolling in another school district under this section shall be governed by the Missouri State High School Activities Association's requirements and eligibility criteria and standards.

20. The state board of education shall promulgate rules and regulations necessary to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it

**complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void.**

2. Each school district or special school district constituting the domicile of any child for whom educational services are provided or procured under this section shall pay toward the per-pupil costs for educational services for such child. A school district which is not a special school district shall pay an amount equal to the average sum produced per child by the local tax effort of the district of domicile. A special school district shall pay an amount not to exceed the average sum produced per child by the local tax efforts of the domiciliary districts.

3. When educational services have been provided by the school district or special school district in which a child actually resides, **including a child who temporarily resides in a children's hospital licensed under chapter 197, RSMo, for rendering health care services to children under the age of eighteen for more than three days**, other than the district of domicile, the amounts as provided in subsection 2 **of this section** for which the domiciliary school district or special school district is responsible shall be paid by such district directly to the serving district. The school district, or special school district, as the case may be, shall send a written voucher for payment to the regular or special district constituting the domicile of the child served and the domiciliary school district or special school district receiving such voucher shall pay the district providing or procuring the services an amount not to exceed the average sum produced per child by the local tax efforts of the domiciliary districts. In the event the responsible district fails to pay the appropriate amount to the district within ninety days after a voucher is submitted, the state department of elementary and secondary education shall deduct the appropriate amount due from the next payments of any state financial aid due that district and shall pay the same to the appropriate district.

4. In cases where a child whose domicile is in one district is placed in programs or facilities operated by the department of mental health or resides in another district pursuant to assignment by that department or is placed by the department of social services or a court of competent jurisdiction into any type of publicly contracted residential site in Missouri, the department of elementary and secondary education shall, as soon as funds are appropriated, pay the serving district from funds appropriated for that purpose the amount by which the per-pupil costs of the educational services exceeds the amounts received from the domiciliary district except that any other state money received by the serving district by virtue of rendering such service shall reduce the balance due.

the district in which the institution is located shall have authority to enroll such children in a program in the district or special district in which the institution is located and such enrollment shall be subject to the provisions of subsections 2 and 3 of this section. The provisions of this subsection shall not apply to placement authorized pursuant to subsection 1 of this section or if the placement occurred for the sole purpose of enrollment in the district or special district. "Institution" as used in this subsection means a facility organized under the laws of Missouri for the purpose of providing care and treatment of juveniles.

6. Such contracts shall not be permitted to place any financial burden whatsoever upon the state of Missouri, its political subdivisions, school districts or taxpayers.

7. For purposes of this section the domicile of the child shall be the school district where the child would have been educated if the child had not been placed in a different school district. No provision of this section shall be construed to deny any child domiciled in Missouri appropriate and necessary, gratuitous public services.

8. For the purpose of distributing state aid under section 163.031, RSMo, a child receiving educational services provided by the district in which the child actually resides, other than the district of domicile, shall be included in average daily attendance, as defined under section 163.011, RSMo, of the district providing the educational services for the child.

9. Each school district or special school district where the child actually resides, other than the district of domicile, may receive payment from the department of elementary and secondary education, in lieu of receiving the local tax effort from the domiciliary school district. Such payments from the department shall be subject to appropriation and shall only be made for children that have been placed in a school other than the domiciliary school district by a state agency or a court of competent jurisdiction and from whom excess educational costs are billed to the department of elementary and secondary education."; and

(2) (a) The career continuous professional certificate shall be issued upon verification of completion of four years of teaching under the initial professional certificate and upon verification of the completion of the requirements articulated in paragraphs (a), (b), and (c) of subdivision (1) of this subsection or paragraphs (a), (b), (c), and (d) of subdivision [(4)] **(5)** of subsection 1 of this section.

(b) The career continuous professional certificate shall be continuous based upon verification of actual employment in an educational position as provided for in state board guidelines and completion of fifteen contact hours of professional development per year which may include hours spent in class in an appropriate college curriculum. Should the possessor of a valid career continuous professional certificate fail, in any given year, to meet the fifteen-hour professional development requirement, the possessor may, within two years, make up the missing hours. In order to make up for missing hours, the possessor shall first complete the fifteen-hour requirement for the current year and then may count hours in excess of the current year requirement as make-up hours. Should the possessor fail to make up the missing hours within two years, the certificate shall become inactive. In order to reactivate the certificate, the possessor shall complete twenty-four contact hours of professional development which may include hours spent in the classroom in an appropriate college curriculum within the six months prior to or after reactivating his or her certificate. The requirements of this paragraph shall be monitored and verified by the local school district which employs the holder of the career continuous professional certificate.

(c) A holder of a career continuous professional certificate shall be exempt from the professional development contact hour requirements of paragraph (b) of this subdivision if such teacher has a local professional development plan in place within such teacher's school district and meets two of the three following criteria:

- a. Has ten years of teaching experience as defined by the state board of education;
- b. Possesses a master's degree; or
- c. Obtains a rigorous national certification as approved by the state board of education.

4. Policies and procedures shall be established by which a teacher who was not retained due to a reduction in force may retain the current level of certification. There shall also be established policies and procedures allowing a teacher who has not been employed in an educational position for three years or more to reactivate his or her last level of certification by completing twenty-four contact hours of professional development which may include hours spent in the classroom in an appropriate college curriculum within the six months prior to or after reactivating his or her certificate.

5. The state board shall, upon an appropriate background check, issue a professional certificate classification in the areas most closely aligned with an applicant's current areas of certification, commensurate with the years of teaching experience of the applicant, to any person who is hired to teach in a public school in this state and who possesses a valid teaching certificate from another state **or certification under subdivision (4) of subsection 1 of this section**, provided that the certificate holder shall annually complete the state board's requirements for such level of certification, and shall establish policies by which residents of states other than the state of Missouri may be assessed a fee for a certificate license to teach in the public schools of Missouri. Such fee shall be in an amount sufficient to recover any or all costs associated with the issuing of a certificate of license to teach. The board shall promulgate rules to authorize the issuance of a provisional certificate of license, which shall allow the holder to assume classroom duties pending the completion of a criminal background check under section 168.133, for any applicant who:

- (1) Is the spouse of a member of the armed forces stationed in Missouri;
- (2) Relocated from another state within one year of the date of application;
- (3) Underwent a criminal background check in order to be issued a teaching certificate of license from another state; and
- (4) Otherwise qualifies under this section.

6. The state board may assess to holders of an initial professional certificate a fee, to be deposited into the excellence in education revolving fund established pursuant to section 160.268, RSMo, for the issuance of the career continuous professional certificate. However, such fee shall not exceed the combined costs of issuance and any criminal background check required as a condition of issuance. Applicants for the initial ABCTE certificate shall be responsible for any fees associated with the program leading to the issuance of the certificate, but nothing in this section shall prohibit a district from developing a policy that permits fee reimbursement.

7. Any member of the public school retirement system of Missouri who entered covered employment with ten or more years of educational experience in another state or states and held a certificate issued by another state and subsequently worked in a school district covered by the public school retirement system of Missouri for ten or more years who later became certificated in Missouri shall have that certificate dated back to his or her original date of employment in a Missouri public school.

8. The provisions of subdivision [(4)] **(5)** of subsection 1 of this section, as well as any other provision of this section relating to the American Board for Certification of Teacher Excellence, shall terminate on August 28, 2014.”; and

Further amend the title and enacting clause accordingly.

Senator Cunningham moved that the above amendment be adopted, which motion prevailed.

SENATE AMENDMENT NO. 26

Amend Senate Substitute for Senate Bill No. 291, Pages 9-21, Section 163.011, by striking said section from the bill and inserting in lieu thereof the following:

**“163.011. As used in this chapter unless the context requires otherwise:**

**(1) “Adjusted operating levy”, the sum of tax rates for the current year for teachers' and incidental funds for a school district as reported to the proper officer of each county pursuant to section 164.011, RSMo;**

**(2) “Average daily attendance”, the quotient or the sum of the quotients obtained by dividing the total number of hours attended in a term by resident pupils between the ages of five and twenty-one by the actual number of hours school was in session in that term. To the average daily attendance of the following school term shall be added the full-time equivalent average daily attendance of summer school students. “Full-time equivalent average daily attendance of summer school students” shall be computed by dividing the total number of hours, except for physical education hours that do not count as credit toward graduation for**

students in grades nine, ten, eleven, and twelve, attended by all summer school pupils by the number of hours required in section 160.011, RSMo, in the school term. For purposes of determining average daily attendance under this subdivision, the term “resident pupil” shall include all children between the ages of five and twenty-one who are residents of the school district and who are attending kindergarten through grade twelve in such district. If a child is attending school in a district other than the district of residence and the child's parent is teaching in the school district or is a regular employee of the school district which the child is attending, then such child shall be considered a resident pupil of the school district which the child is attending for such period of time when the district of residence is not otherwise liable for tuition. Average daily attendance for students below the age of five years for which a school district may receive state aid based on such attendance shall be computed as regular school term attendance unless otherwise provided by law;

(3) “Current operating expenditures”:

(a) For the fiscal year 2007 calculation, “current operating expenditures” shall be calculated using data from fiscal year 2004 and shall be calculated as all expenditures for instruction and support services except capital outlay and debt service expenditures minus the revenue from federal categorical sources; food service; student activities; categorical payments for transportation costs pursuant to section 163.161; state reimbursements for early childhood special education; the career ladder entitlement for the district, as provided for in sections 168.500 to 168.515, RSMo; the vocational education entitlement for the district, as provided for in section 167.332, RSMo; and payments from other districts;

(b) In every fiscal year subsequent to fiscal year 2007, current operating expenditures shall be the amount in paragraph (a) **of this subdivision** plus any increases in state funding pursuant to sections 163.031 and 163.043 subsequent to fiscal year 2005, not to exceed five percent, per recalculation, of the state revenue received by a district in the 2004-05 school year from the foundation formula, line 14, gifted, remedial reading, exceptional pupil aid, fair share, and free textbook payments for any district from the first preceding calculation of the state adequacy target;

(4) “District's tax rate ceiling”, the highest tax rate ceiling in effect subsequent to the 1980 tax year or any subsequent year. Such tax rate ceiling shall not contain any tax levy for debt service;

(5) “Dollar-value modifier”, an index of the relative purchasing power of a dollar, calculated as one plus fifteen percent of the difference of the regional wage ratio minus one, provided that the dollar value modifier shall not be applied at a rate less than 1.0:

(a) “County wage per job”, the total county wage and salary disbursements divided by the total county wage and salary employment for each county and the city of St. Louis as reported by the Bureau of Economic Analysis of the United States Department of Commerce for the fourth year preceding the payment year;

(b) “Regional wage per job”:

a. The total Missouri wage and salary disbursements of the metropolitan area as defined by the Office of Management and Budget divided by the total Missouri metropolitan wage and salary employment for the metropolitan area for the county signified in the school district number or the city of St. Louis, as reported by the Bureau of Economic Analysis of the United States Department of Commerce for the fourth year preceding the payment year and recalculated upon every decennial census to incorporate counties that are newly added to the description of metropolitan areas; or if no such metropolitan area is established, then:

b. The total Missouri wage and salary disbursements of the micropolitan area as defined by the Office of Management and Budget divided by the total Missouri micropolitan wage and salary employment for the micropolitan area for the county signified in the school district number, as reported by the Bureau of Economic Analysis of the United States Department of Commerce for the fourth year preceding the payment year, if a micropolitan area for such county has been established and recalculated upon every decennial census to incorporate counties that are newly added to the description of micropolitan areas; or

c. If a county is not part of a metropolitan or micropolitan area as established by the Office of Management and Budget, then the county wage per job, as defined in paragraph (a) of this subdivision, shall be used for the school district, as signified by the school district number;

(c) “Regional wage ratio”, the ratio of the regional wage per job divided by the state median wage per job;

(d) “State median wage per job”, the fifty-eighth highest county wage per job;

(6) “Free and reduced lunch pupil count”, the number of pupils eligible for free and reduced lunch on the last Wednesday in January for the preceding school year who were enrolled as students of the district, as approved by the department in accordance with applicable federal regulations;

(7) “Free and reduced lunch threshold” shall be calculated by dividing the total free and reduced lunch pupil count of every performance district that falls entirely above the bottom five percent and entirely below the top five percent of average daily attendance, when such districts are rank-ordered based on their current operating expenditures per average daily attendance, by the total average daily attendance of all included performance districts;

(8) “Limited English proficiency pupil count”, the number in the preceding school year of pupils aged three through twenty-one enrolled or preparing to enroll in an elementary school or secondary school who were not born in the United States or whose native language is a language other than English or are Native American or Alaskan native, or a native resident of the outlying areas, and come from an environment where a language other than English has had a significant impact on such individuals' level of English language proficiency, or are migratory, whose native language is a language other than English, and who come from an environment where a language other than English is dominant; and have difficulties in speaking, reading, writing, or understanding the English language sufficient to deny such individuals the ability to meet the state's proficient level of achievement on state assessments described in Public Law 107-10, the ability to achieve successfully in classrooms where the language of instruction is English, or the opportunity to participate fully in society;

(9) “Limited English proficiency threshold” shall be calculated by dividing the total limited English proficiency pupil count of every performance district that falls entirely above the bottom five percent and entirely below the top five percent of average daily attendance, when such districts are rank-ordered based on their current operating expenditures per average daily attendance, by the total average daily attendance of all included performance districts;

(10) “Local effort”:

(a) For the fiscal year 2007 calculation, “local effort” shall be computed as the equalized assessed valuation of the property of a school district in calendar year 2004 divided by one hundred and multiplied by the performance levy less the percentage retained by the county assessor and collector plus one hundred percent of the amount received in fiscal year 2005 for school purposes from intangible taxes, fines, escheats,

payments in lieu of taxes and receipts from state-assessed railroad and utility tax, one hundred percent of the amount received for school purposes pursuant to the merchants' and manufacturers' taxes under sections 150.010 to 150.370, RSMo, one hundred percent of the amounts received for school purposes from federal properties under sections 12.070 and 12.080, RSMo, except when such amounts are used in the calculation of federal impact aid pursuant to P.L. 81-874, fifty percent of Proposition C revenues received for school purposes from the school district trust fund under section 163.087, and one hundred percent of any local earnings or income taxes received by the district for school purposes. Under this paragraph, for a special district established under sections 162.815 to 162.940, RSMo, in a county with a charter form of government and with more than one million inhabitants, a tax levy of zero shall be utilized in lieu of the performance levy for the special school district;

(b) In every year subsequent to fiscal year 2007, "local effort" shall be the amount calculated under paragraph (a) of this subdivision plus any increase in the amount received for school purposes from fines. If a district's assessed valuation has decreased subsequent to the calculation outlined in paragraph (a) of this subdivision, the district's local effort shall be calculated using the district's current assessed valuation in lieu of the assessed valuation utilized in calculation outlined in paragraph (a) of this subdivision;

(11) "Membership" shall be the average of:

(a) The number of resident full-time students and the full-time equivalent number of part-time students who were enrolled in the public schools of the district on the last Wednesday in September of the previous year and who were in attendance one day or more during the preceding ten school days; and

(b) The number of resident full-time students and the full-time equivalent number of part-time students who were enrolled in the public schools of the district on the last Wednesday in January of the previous year and who were in attendance one day or more during the preceding ten school days, plus the full-time equivalent number of summer school pupils. "Full-time equivalent number of part-time students" is determined by dividing the total number of hours for which all part-time students are enrolled by the number of hours in the school term. "Full-time equivalent number of summer school pupils" is determined by dividing the total number of hours for which all summer school pupils were enrolled by the number of hours required pursuant to section 160.011, RSMo, in the school term. Only students eligible to be counted for average daily attendance shall be counted for membership;

(12) "Operating levy for school purposes", the sum of tax rates levied for teachers' and incidental funds plus the operating levy or sales tax equivalent pursuant to section 162.1100, RSMo, of any transitional school district containing the school district, in the payment year, not including any equalized operating levy for school purposes levied by a special school district in which the district is located;

(13) "Performance district", any district that has met all performance standards and indicators as established by the department of elementary and secondary education for purposes of accreditation under section 161.092, RSMo, and as reported on the final annual performance report for that district each year;

(14) "Performance levy", three dollars and forty-three cents;

(15) "School purposes" pertains to teachers' and incidental funds;

(16) "Special education pupil count", the number of public school students with a current individualized education program and receiving services from the resident district as of December first of the preceding school year, except for special education services provided through a school district established under sections 162.815 to 162.940, RSMo, in a county with a charter form of government and with more than one

million inhabitants, in which case the sum of the students in each district within the county exceeding the special education threshold of each respective district within the county shall be counted within the special district and not in the district of residence for purposes of distributing the state aid derived from the special education pupil count;

(17) “Special education threshold” shall be calculated by dividing the total special education pupil count of every performance district that falls entirely above the bottom five percent and entirely below the top five percent of average daily attendance, when such districts are rank-ordered based on their current operating expenditures per average daily attendance, by the total average daily attendance of all included performance districts;

(18) “State adequacy target”, the sum of the current operating expenditures of every performance district that falls entirely above the bottom five percent and entirely below the top five percent of average daily attendance, when such districts are rank-ordered based on their current operating expenditures per average daily attendance, divided by the total average daily attendance of all included performance districts [plus the total amount of funds placed in the schools first elementary and secondary education improvement fund in the preceding fiscal year divided by the total average daily attendance of all school districts for the preceding fiscal year]. The department of elementary and secondary education shall first calculate the state adequacy target for fiscal year 2007 and recalculate the state adequacy target every two years using the most current available data[; provided that the state adequacy target shall be recalculated every year to reflect the per-pupil amount of funds placed in the schools first elementary and secondary education improvement fund in the preceding fiscal year]. The recalculation shall never result in a decrease from the previous state adequacy target amount. Should a recalculation result in an increase in the state adequacy target amount, fifty percent of that increase shall be included in the state adequacy target amount in the year of recalculation, and fifty percent of that increase shall be included in the state adequacy target amount in the subsequent year. The state adequacy target may be adjusted to accommodate available appropriations;

(19) “Teacher”, any teacher, teacher-secretary, substitute teacher, supervisor, principal, supervising principal, superintendent or assistant superintendent, school nurse, social worker, counselor or librarian who shall, regularly, teach or be employed for no higher than grade twelve more than one-half time in the public schools and who is certified under the laws governing the certification of teachers in Missouri;

(20) “Weighted average daily attendance”, the average daily attendance plus the product of twenty-five hundredths multiplied by the free and reduced lunch pupil count that exceeds the free and reduced lunch threshold, plus the product of seventy-five hundredths multiplied by the number of special education pupil count that exceeds the special education threshold, and plus the product of six-tenths multiplied by the number of limited English proficiency pupil count that exceeds the limited English proficiency threshold. For special districts established under sections 162.815 to 162.940, RSMo, in a county with a charter form of government and with more than one million inhabitants, weighted average daily attendance shall be the average daily attendance plus the product of twenty-five hundredths multiplied by the free and reduced lunch pupil count that exceeds the free and reduced lunch threshold, plus the product of seventy-five hundredths multiplied by the sum of the special education pupil count that exceeds the threshold for each county district, plus the product of six-tenths multiplied by the limited English proficiency pupil count that exceeds the limited English proficiency threshold. None of the districts comprising a special district established under sections 162.815 to 162.940, RSMo, in a county with a charter form of government and with more than one million inhabitants, shall use any special education pupil count in calculating their weighted average daily attendance.”; and

Further amend said bill, Page 26, section 166.300, Line 19, by inserting after all of said line the following:

“168.221. 1. The first five years of employment of all teachers entering the employment of the metropolitan school district shall be deemed a period of probation during which period all appointments of teachers shall expire at the end of each school year. During the probationary period any probationary teacher whose work is unsatisfactory shall be furnished by the superintendent of schools with a written statement setting forth the nature of his incompetency. If improvement satisfactory to the superintendent is not made within one semester after the receipt of the statement, the probationary teacher shall be dismissed. The semester granted the probationary teacher in which to improve shall not in any case be a means of prolonging the probationary period beyond five years and six months from the date on which the teacher entered the employ of the board of education. The superintendent of schools on or before the fifteenth day of April in each year shall notify probationary teachers who will not be retained by the school district of the termination of their services. Any probationary teacher who is not so notified shall be deemed to have been appointed for the next school year. Any principal who prior to becoming a principal had attained permanent employee status as a teacher shall upon ceasing to be a principal have a right to resume his or her permanent teacher position with the time served as a principal being treated as if such time had been served as a teacher for the purpose of calculating seniority and pay scale. The rights and duties and remuneration of a teacher who was formerly a principal shall be the same as any other teacher with the same level of qualifications and time of service.

2. After completion of satisfactory probationary services, appointments of teachers shall become permanent, subject to removal for any one or more causes herein described and to the right of the board to terminate the services of all who attain the age of compulsory retirement fixed by the retirement system. In determining the duration of the probationary period of employment in this section specified, the time of service rendered as a substitute teacher shall not be included.

3. No teacher whose appointment has become permanent may be removed except for one or more of the following causes: immorality, inefficiency in line of duty, violation of the published regulations of the school district, violation of the laws of Missouri governing the public schools of the state, or physical or mental condition which incapacitates him for instructing or associating with children, and then only by a vote of not less than a majority of all the members of the board, upon written charges presented by the superintendent of schools, to be heard by the board after thirty days' notice, with copy of the charges served upon the person against whom they are preferred, who shall have the privilege of being present, together with counsel, offering evidence and making defense thereto. Notifications received by an employee during a vacation period shall be considered as received on the first day of the school term following. At the request of any person so charged the hearing shall be public. The action and decision of the board upon the charges shall be final. Pending the hearing of the charges, the person charged may be suspended if the rules of the board so prescribe, but in the event the board does not by a majority vote of all the members remove the teacher upon charges presented by the superintendent, the person shall not suffer any loss of salary by reason of the suspension. Inefficiency in line of duty is cause for dismissal only after the teacher has been notified in writing at least one semester prior to the presentment of charges against him by the superintendent. The notification shall specify the nature of the inefficiency with such particularity as to enable the teacher to be informed of the nature of his inefficiency.

4. No teacher whose appointment has become permanent shall be demoted nor shall his salary be reduced unless the same procedure is followed as herein stated for the removal of the teacher because of

inefficiency in line of duty, and any teacher whose salary is reduced or who is demoted may waive the presentment of charges against him by the superintendent and a hearing thereon by the board. The foregoing provision shall apply only to permanent teachers prior to the compulsory retirement age under the retirement system. Nothing herein contained shall in any way restrict or limit the power of the board of education to make reductions in the number of teachers or principals, or both, because of insufficient funds, decrease in pupil enrollment, or abolition of particular subjects or courses of instruction, except that the abolition of particular subjects or courses of instruction shall not cause those teachers who have been teaching the subjects or giving the courses of instruction to be placed on leave of absence as herein provided who are qualified to teach other subjects or courses of instruction, if positions are available for the teachers in the other subjects or courses of instruction.

5. Whenever it is necessary to decrease the number of teachers because of insufficient funds or a substantial decrease of pupil population within the school district, the board of education upon recommendation of the superintendent of schools may cause the necessary number of teachers beginning with those serving probationary periods to be placed on leave of absence without pay, but only in the inverse order of their appointment. Nothing herein stated shall prevent a readjustment by the board of education of existing salary schedules. No teacher placed on a leave of absence shall be precluded from securing other employment during the period of the leave of absence. Each teacher placed on leave of absence shall be reinstated in inverse order of his placement on leave of absence. Such reemployment shall not result in a loss of status or credit for previous years of service. No new appointments shall be made while there are available teachers on leave of absence who are seventy years of age or less and who are adequately qualified to fill the vacancy unless the teachers fail to advise the superintendent of schools within thirty days from the date of notification by the superintendent of schools that positions are available to them that they will return to employment and will assume the duties of the position to which appointed not later than the beginning of the school year next following the date of the notice by the superintendent of schools.

6. If any regulation which deals with the promotion of [either] teachers is amended by increasing the qualifications necessary to be met before a teacher is eligible for promotion, the amendment shall fix an effective date which shall allow a reasonable length of time within which teachers may become qualified for promotion under the regulations.

**7. A teacher whose appointment has become permanent may give up the right to a permanent appointment to participate in the teacher choice compensation package under sections 168.745 to 168.750.**

**168.745. 1. There is hereby created the “Teacher Choice Compensation Package” to permit performance-based salary stipends upon the decision of the teacher in a metropolitan school district as described in section 168.747, to reward teachers for objectively demonstrated superior performance.**

**2. There is hereby created the “Teacher Choice Compensation Fund” in the state treasury. The fund shall be administered by the department of elementary and secondary education. The state treasurer shall be custodian of the fund and may approve disbursements from the fund in accordance with sections 30.170 and 30.180, RSMo.**

**3. The teacher choice compensation fund shall consist of all moneys transferred to it under this section, and all moneys otherwise appropriated to or donated to it. Notwithstanding the provisions of section 33.080, RSMo, to the contrary, any moneys remaining in the fund at the end of the**

biennium shall not revert to the credit of the general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

**168.747. 1.** To be eligible for the teacher choice compensation package, all classroom personnel in a metropolitan school district reported as a code forty, fifty, or sixty through the core data system of the department of elementary and secondary education shall opt out of his or her indefinite contract under section 168.221 for the duration of employment with the district. A teacher may decide to end his or her eligibility for the teacher choice stipend but may not resume permanent teacher status with that district. A probationary teacher may opt out of consideration for a permanent contract in the second or subsequent years of employment by the district to participate in the teacher choice compensation package but may not return to permanent status in that district or resume the process for qualification for an indefinite contract in that district. A teacher who has chosen the teacher choice compensation package and changes employment to another district may choose to resume the process for qualification for an indefinite contract in that district. The teacher choice compensation package shall only be available for teachers in a metropolitan school district.

**2.** Teachers shall qualify annually in October for the stipends described in section 168.749. Stipends shall be offered in five thousand dollar increments, up to fifteen thousand dollars, but shall not exceed fifty percent of a teacher's base salary, before deductions for retirement but including designated pay for additional duties such as coaching, sponsoring, or mentoring. Any stipend received under section 168.749 shall be in addition to the base salary to which the teacher would otherwise be entitled. Teachers receiving the stipend shall receive any pay and benefits received by teachers of similar training, experience, and duties. Such stipends shall not be considered compensation for retirement purposes.

**3.** Subject to appropriation, the department of elementary and secondary education shall make a payment to the district in the amount of the stipend, to be delivered as a lump sum in January following the October of qualification. If the amount appropriated is not enough to fund the total of five thousand dollar increment payments, the department may prorate the payments.

**4.** Every person employed by the district in a teaching position, regardless of the certification status of the person, who qualifies under any of the indicators listed in section 168.749 is eligible for the teacher choice compensation package. Teachers who are employed less than full-time are eligible for teacher choice stipends on a pro-rated basis. Any teacher who is dismissed for cause who has otherwise qualified for a teacher choice stipend shall forfeit the stipend for that year.

**168.749. 1.** Beginning with school year 2010-2011, teachers who elect to participate in the teacher choice compensation package shall be eligible for stipends based on the following criteria:

**(1)** Score on a value-added test instrument or instruments. Such instruments shall be defined as those which give a reliable measurement of the skills and knowledge transferred to students during the time they are in a teacher's classroom and shall be selected by the school district from one or more of the following assessments:

**(a)** A list of recognized value-added instruments developed by the department of elementary and secondary education;

**(b)** Scores on the statewide assessments established under section 160.518, RSMo, may be used for

this purpose, and the department of elementary and secondary education shall develop a procedure for identifying the value added by teachers that addresses the fact that not all subjects are tested at all grade levels each year under the state assessment program;

(c) Scores on annual tests required by the federal Elementary and Secondary Education Act reauthorization of 2002 for third through eighth grade may be used as value-added instruments if found appropriate after consideration and approval by the state board of education;

(d) A district may choose an instrument after a public hearing of the district board of education on the matter, with the reasons for the selection entered upon the minutes of the meeting; provided, however, that this option shall not be available to districts after scores are established for paragraphs (a), (b), and (c) of this subdivision;

(2) Evaluations by principals or other administrators with expertise to evaluate classroom performance;

(3) Evaluations by parents and by students at their appropriate developmental level.

Model instruments for these evaluations shall be developed or identified by the department of elementary and secondary education. Districts may use such models, may use other existing models, or may develop their own instruments. A district that develops its own instrument shall not use that instrument as its sole method of evaluation.

2. The department of elementary and secondary education shall develop criteria for determining eligibility for stipend increments, including a range of target scores on assessments for use by the districts. The test-score options listed in subdivision (1) of subsection 1 of this section shall be given higher weight than the evaluation options listed in subdivisions (2) and (3) of subsection 1 of this section. The decision of individual districts about the qualifications for each increment based on the evaluations listed in subdivisions (2) and (3) of subsection 1 of this section and for value-added instruments for which target scores have not been developed by the department of elementary and secondary education may address the district's unique characteristics but shall require demonstrably superior performance on the part of the teacher, based primarily on improved student achievement while taking into account classroom demographics including but not limited to students' abilities, special needs, and class size.

168.750. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in sections 168.745 to 168.749 shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void.

313.778. 1. There is hereby created in the state treasury the "Schools First Elementary and Secondary Education Improvement Fund", which shall consist of taxes on excursion gambling boat proceeds as provided in subsection 2 of section 160.534, RSMo, to be used solely for the purpose of increasing funding for elementary and secondary education. The schools first elementary and secondary education improvement fund shall be state revenues collected from gaming activities for purposes of article III, section 39(d) of the constitution. [Moneys in the schools first elementary and secondary education improvement

fund shall be kept separate from the general revenue fund as well as any other funds or accounts in the state treasury.] The state treasurer shall be custodian of the fund and may approve disbursements from the fund in accordance with sections 30.170 and 30.180, RSMo. Notwithstanding the provisions of section 33.080, RSMo, to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

**2. Five million dollars from the fund shall be transferred annually to the fund created in section 168.745, RSMo, to be used for purposes of sections 168.745 to 168.750, RSMo. The general assembly may appropriate any moneys remaining in the fund for other purposes.”; and**

#### SENATE AMENDMENT NO. 29

Amend Senate Substitute for Senate Bill No. 291, Page 26, Section 166.300, Line 19, by inserting after said line the following:

“168.221. 1. The first five years of employment of all teachers entering the employment of the metropolitan school district shall be deemed a period of probation during which period all appointments of teachers shall expire at the end of each school year. During the probationary period any probationary teacher whose work is unsatisfactory shall be furnished by the superintendent of schools with a written statement setting forth the nature of his incompetency. If improvement satisfactory to the superintendent is not made within one semester after the receipt of the statement, the probationary teacher shall be dismissed. The semester granted the probationary teacher in which to improve shall not in any case be a means of prolonging the probationary period beyond five years and six months from the date on which the teacher entered the employ of the board of education. The superintendent of schools on or before the fifteenth day of April in each year shall notify probationary teachers who will not be retained by the school district of the termination of their services. Any probationary teacher who is not so notified shall be deemed to have been appointed for the next school year. Any principal who prior to becoming a principal had attained permanent employee status as a teacher shall upon ceasing to be a principal have a right to resume his or her permanent teacher position with the time served as a principal being treated as if such time had been served as a teacher for the purpose of calculating seniority and pay scale. The rights and duties and remuneration of a teacher who was formerly a principal shall be the same as any other teacher with the same level of qualifications and time of service.

2. After completion of satisfactory probationary services, appointments of teachers shall become

permanent, subject to removal for any one or more causes herein described and to the right of the board to terminate the services of all who attain the age of compulsory retirement fixed by the retirement system. In determining the duration of the probationary period of employment in this section specified, the time of service rendered as a substitute teacher shall not be included.

3. No teacher whose appointment has become permanent may be removed except for one or more of the following causes: immorality, inefficiency in line of duty, violation of the published regulations of the school district, violation of the laws of Missouri governing the public schools of the state, or physical or mental condition which incapacitates him for instructing or associating with children, and then only by a vote of not less than a majority of all the members of the board, upon written charges presented by the superintendent of schools, to be heard by the board after thirty days' notice, with copy of the charges served upon the person against whom they are preferred, who shall have the privilege of being present, together with counsel, offering evidence and making defense thereto. Notifications received by an employee during a vacation period shall be considered as received on the first day of the school term following. At the request of any person so charged the hearing shall be public. The action and decision of the board upon the charges shall be final. Pending the hearing of the charges, the person charged may be suspended if the rules of the board so prescribe, but in the event the board does not by a majority vote of all the members remove the teacher upon charges presented by the superintendent, the person shall not suffer any loss of salary by reason of the suspension. Inefficiency in line of duty is cause for dismissal only after the teacher has been notified in writing at least one semester prior to the presentment of charges against him by the superintendent. The notification shall specify the nature of the inefficiency with such particularity as to enable the teacher to be informed of the nature of his inefficiency.

4. No teacher whose appointment has become permanent shall be demoted nor shall his salary be reduced unless the same procedure is followed as herein stated for the removal of the teacher because of inefficiency in line of duty, and any teacher whose salary is reduced or who is demoted may waive the presentment of charges against him by the superintendent and a hearing thereon by the board. The foregoing provision shall apply only to permanent teachers prior to the compulsory retirement age under the retirement system. Nothing herein contained shall in any way restrict or limit the power of the board of education to make reductions in the number of teachers or principals, or both, because of insufficient funds, decrease in pupil enrollment, or abolition of particular subjects or courses of instruction, except that the abolition of particular subjects or courses of instruction shall not cause those teachers who have been teaching the subjects or giving the courses of instruction to be placed on leave of absence as herein provided who are qualified to teach other subjects or courses of instruction, if positions are available for the teachers in the other subjects or courses of instruction.

5. Whenever it is necessary to decrease the number of teachers because of insufficient funds or a substantial decrease of pupil population within the school district, the board of education upon recommendation of the superintendent of schools may cause the necessary number of teachers beginning with those serving probationary periods to be placed on leave of absence without pay, but only in the inverse order of their appointment. Nothing herein stated shall prevent a readjustment by the board of education of existing salary schedules. No teacher placed on a leave of absence shall be precluded from securing other employment during the period of the leave of absence. Each teacher placed on leave of absence shall be reinstated in inverse order of his placement on leave of absence. Such reemployment shall not result in a loss of status or credit for previous years of service. No new appointments shall be made while there are available teachers on leave of absence who are seventy years of age or less and who are adequately qualified

to fill the vacancy unless the teachers fail to advise the superintendent of schools within thirty days from the date of notification by the superintendent of schools that positions are available to them that they will return to employment and will assume the duties of the position to which appointed not later than the beginning of the school year next following the date of the notice by the superintendent of schools.

6. If any regulation which deals with the promotion of [either] teachers is amended by increasing the qualifications necessary to be met before a teacher is eligible for promotion, the amendment shall fix an effective date which shall allow a reasonable length of time within which teachers may become qualified for promotion under the regulations.

**7. A teacher whose appointment has become permanent may give up the right to a permanent appointment to participate in the teacher choice compensation package under sections 168.745 to 168.750.**

**168.745. 1. There is hereby created the “Teacher Choice Compensation Package” to permit performance-based salary stipends upon the decision of the teacher in a metropolitan school district as described in section 168.747, to reward teachers for objectively demonstrated superior performance.**

**2. There is hereby created the “Teacher Choice Compensation Fund” in the state treasury. The fund shall be administered by the department of elementary and secondary education. The state treasurer shall be custodian of the fund and may approve disbursements from the fund in accordance with sections 30.170 and 30.180, RSMo.**

**3. The teacher choice compensation fund shall consist of all moneys transferred to it under this section, and all moneys otherwise appropriated to or donated to it. Notwithstanding the provisions of section 33.080, RSMo, to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.**

**4. The general assembly shall annually appropriate five million dollars to the fund created in this section.**

**168.747. 1. To be eligible for the teacher choice compensation package, all classroom personnel in a metropolitan school district reported as a code forty, fifty, or sixty through the core data system of the department of elementary and secondary education shall opt out of his or her indefinite contract under section 168.221 for the duration of employment with the district. The teacher choice compensation package shall only be available for teachers in a metropolitan school district.**

**2. Teachers shall qualify annually in October for the stipends described in section 168.749. Stipends shall be offered in five thousand dollar increments, up to fifteen thousand dollars, but shall**

not exceed fifty percent of a teacher's base salary, before deductions for retirement but including designated pay for additional duties such as coaching, sponsoring, or mentoring. #### SENATE AMENDMENT NO. 1

Amend Senate Substitute for Senate Bill No. 307, Page 1, In the Title, Lines 3-4 of said title, by striking “ambulance service reimbursement allowance tax” and inserting in lieu thereof the following: “certain provider taxes”; and

Further amend said bill, page 9, section 190.839, line 5 of said page, by inserting immediately after said line the following:

**“633.402. 1. For purposes of this section, the following terms mean:**

(1) **“Certification fee”, a fee to be paid by providers of health benefit services, which in the aggregate for all providers shall not exceed the overall cost of the department of mental health's operation of its certification programs for residential habilitation, individualized supported living, and day habilitation services provided to developmentally disabled individuals;**

(2) **“Home and community-based waiver services for persons with developmental disabilities”, a**

department of mental health program which admits persons who are developmentally disabled for residential habilitation, individualized supported living, or day habilitation services under chapter 630, RSMo;

(3) “Provider of health benefit services”, publicly and privately operated programs providing residential habilitation, individualized supported living, or day habilitation services to developmentally disabled individuals that have been certified to meet department of mental health certification standards.

2. Beginning July 1, 2009, each provider of health benefit services accepting payment shall pay a certification fee.

3. Each provider's fee shall be based on a formula set forth in rules and regulations promulgated by the department of mental health.

4. The fee imposed under this section shall be determined based on the reasonable costs incurred by the department of mental health in its programs of certification of providers of health benefit services. Imposition of the fee shall be contingent upon receipt of all necessary federal approvals under federal law and regulation to assure that the collection of the fee will not adversely affect the receipt of federal financial participation in medical assistance under Title XIX of the federal Social Security Act.

5. Fees shall be determined annually and prorated monthly by the director of the department of mental health or his or her designee and shall be made payable to the director of the department of revenue.

6. In the alternative, a provider may direct that the director of the department of social services offset, from the amount of any payment to be made by the state to the provider, the amount of the fee payment owed for any month.

7. Fee payments shall be deposited in the state treasury to the credit of the “Home and Community-Based Developmental Disabilities Waiver Reimbursement Allowance Fund”, which is hereby created in the state treasury. All investment earnings of this fund shall be credited to the fund. The state treasurer shall be custodian and may approve disbursement. Notwithstanding the provisions of section 33.080, RSMo, to the contrary, any unexpended balance in the home and community-based developmental disabilities waiver reimbursement allowance fund at the end of the biennium shall not revert to the general revenue fund but shall accumulate from year to year. The state treasurer shall maintain records that show the amount of money in the fund at any time and the amount of any investment earnings on that amount.

8. Every provider of residential habilitation, individualized supported living, and day habilitation services to developmentally disabled individuals, shall submit annually an acknowledgment of certification for the purpose of paying its certification fee. The report shall be in such form as may be prescribed by rule by the director of the department of mental health.

9. The director of the department of mental health shall prescribe by rule the form and content of any document required to be filed under the provisions of this section.

10. Upon receipt of notification from the director of the department of mental health of a provider's delinquency in paying fees required under this section, the director of the department of

social services shall withhold, and shall remit to the director of the department of revenue, the fee amount estimated by the director of the department of mental health from any payment to be made by the state to the provider.

**11. In the event a provider objects to the estimate described in subsection 10 of this section, or any other decision of the department of mental health related to this section, the provider of services may request a hearing. If a hearing is requested, the director of the department of mental health shall provide the provider of services an opportunity to be heard and to present evidence bearing on the amount due for an assessment or other issue related to this section within thirty days after collection of an amount due or receipt of a request for a hearing, whichever is later. The director of the department of mental health shall issue a final decision within forty-five days of the completion of the hearing. After reconsideration of the fee determination and a final decision by the director of the department of mental health, a residential habilitation, individualized supported living, and day habilitation services to developmentally disabled individuals provider's appeal of the director of the department of mental health's final decision shall be to the administrative hearing commission in accordance with section 208.156, RSMo, and section 621.055, RSMo.**

**12. Notwithstanding any other provision of law to the contrary, appeals regarding this assessment shall be to the circuit court of Cole County or the circuit court in the county in which the provider is located. The circuit court shall hear the matter as the court of original jurisdiction.**

**13. Nothing in this section shall be deemed to affect or in any way limit the tax-exempt or nonprofit status of any provider of residential habilitation, individualized supported living, and day habilitation services to developmentally disabled individuals, granted by state law.**

**14. The director of the department of mental health shall promulgate rules and regulations to implement this section. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void.**

**15. The provisions of this section shall expire on September 30, 2011.”; and**

Further amend said bill, page 9, section 1, line 8 of said page, by inserting immediately after said line the following:

“Section B. Because of the need to preserve state revenue and promote safety and quality in mental health community programs, section 633.402 of this act is deemed necessary for the immediate preservation of the public health, welfare, peace and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and section 633.402 of this act shall be in full force and effect upon its passage and approval.”; and

Further amend the title and enacting clause accordingly.

Senator Nodler moved that the above amendment be adopted.

Senator Crowell raised the point of order that **SA 1** is out of order as it goes beyond the scope and title

of the underlying bill.

The point of order was referred to the President Pro Tem who ruled it not well taken.

At the request of Senator Nodler, **SA 1** was withdrawn.
